The Census Bureau publishes this notice to seek comments on the *Draft U.S. Census Bureau Plan for Providing Public Access to Results of Federally Funded Research*, posted at www.census.gov/open. The Census Bureau developed this Public Access Plan in response to a public access memorandum, *Ensuring Free, Immediate, and Equitable Access to Federally Funded Research* issued by the Office of Science and Technology Policy (OSTP) on August 25, 2022 which expanded on the February 22, 2013, memorandum *Increasing Access to the Results of Federally Funded Scientific Research* and brought the Census Bureau's research activities in scope.

The *Draft U.S. Census Bureau Plan for Providing Public Access to Results of Federally Funded Research* applies to the results of research funded wholly or in part by the Census Bureau, presented in peer-reviewed scholarly publications including book chapters and peer-reviewed conference proceedings as appropriate, and "scientific data" as defined in the OSTP memorandum. This Public Access Plan, promotes the following objectives:

- Fulfill the requirement in the Office of Science and Technology Policy

(OSTP's) August 25, 2022, memorandum subject "Ensuring Free, Immediate, and Equitable Access to Federally Funded Research" to develop a Public Access Plan.

- Reaffirm the Census Bureau's commitments to
- promote open science including reproducibility and trust in federal statistics;
- be transparent with respondents about how their data is used; and
- protect respondent privacy and confidentiality.
- Ensure effective access to and reliable preservation of Census Bureau peer-reviewed scholarly publications and digital scientific data for use in research, development, education, and scientific discovery by depositing them in appropriate repositories, including data repositories that align with the OSTP's guidance on "Desirable Characteristics of Data Repositories for Federally Funded Research."

The Census Bureau Public Access Plan was reviewed by the Office of Science and Technology Policy in the Office of Management and Budget, and those comments have been addressed in the plan being posted for comment.

The Census Bureau invites respondents to comment on the plan including, but not limited to, the following questions that pertain to the implementation its new public access plan:

- What are the best practices (from academia, industry, and other stakeholder communities) in managing public access of data and research results?
- What are the biggest challenges to implementing a public access policy, and how can these challenges be addressed?
- How can the Census Bureau ensure equity in publication opportunities?
- How can the Census Bureau ensure public access and accessibility to outputs of Census Bureau-funded research?
- How can the Census Bureau monitor impacts on affected communities—authors and readers alike?
- How can the Census Bureau improve the plan to provide greater public access to Census Bureau-funded research results?

Comments relating to the text of the *Draft U.S. Census Bureau Plan for Providing Public Access to Results of Federally Funded Research* should reference the document by page and line number. Bureau of Industry and Security

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Import, End-User, Delivery Verification Certificates and Firearms Entry Clearance Requirements

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on September 19, 2023, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: Bureau of Industry and Security, Commerce.

Title: Import, End-User, Delivery Verification Certificates and Firearms Entry Clearance Requirements.

OMB Control Number: 0694-0093.

Form Number(s): BIS-645P, BIS 647-P.

Type of Request: Extension of a current information collection.

Number of Respondents: 11,776.

Average Hours per Response: 1 to 30 minutes.

Burden Hours: 1,630.

Needs and Uses: This collection of information addresses three activities: (1) Import Certificates/End Use Certificates, (2) Delivery Verification, and (3) Firearms Entry Clearance Requirements.

Import Certificates or End-User Certificates (IC/EUC)—The IC/EUC, BIS-645P, is obtained by the foreign importer and transmitted to the U.S. exporter. They are issued by the government of the country of ultimate destination to exercise legal control over

the disposition of the items covered by the IC/EUC. The control exercised by the government issuing the IC/EUC is in addition to the conditions and restrictions placed on the transaction by BIS.

Delivery Verification—The Delivery Verification Certificate (DV) is required by BIS as part of its export control program. The license holder is responsible for having the ultimate consignee complete the BIS-647P, Delivery Verification Certificate Form when the goods are delivered. BIS uses the DV procedure on an "as needed" basis. The DV is usually required when there is suspicion of violation of the EAR. Therefore, if the exporter cannot supply the DV, BIS must be notified to determine if an exception is legitimate. Otherwise, the exporter would be in violation of the EAR.

Firearms Entry Clearance Requirements—This entry clearance requirement is necessary due to the changes by the President in determining that certain items no longer warrant control under United States Munitions List (USML) Category I—Firearms, Close Assault Weapons and Combat Shotguns; Category II—Guns and Armament; and Category III—Ammunition/Ordnance would be controlled under the Commerce Control List (CCL). As the State Department previously collected this same type of information, the Department of Commerce controls the CCL and must now take over this collection of information.

Affected Public: Business or other for-profit organizations.

Frequency: On Occasion.

Respondent's Obligation: Mandatory.

Legal Authority: §§ 748.9, 748.10, 748.12, 748.14, Part 748 Supplement No. 5, 758.10, 762.5(d), 762.6, 764.2(g)(2), and of the Export Administration Regulations (EAR).
