

entry for a shipment that would otherwise be eligible for informal entry, including an entry type 86, if formal entry is “deemed necessary for import admissibility enforcement purposes; revenue protection; or the efficient conduct of customs business.” *Id.*

This notice clarifies that when CBP exercises its authority under 19 CFR 143.22 to require formal entry for a shipment, the entry type 86 filer will be notified that the entry type 86 filing will not be accepted for purposes of making entry. In such circumstances, the requirement to file entry within 15 days of the date of arrival for the merchandise is not waived and will not be satisfied by the rejected entry type 86 filing. 19 CFR 141.5; 19 CFR 142.2(a). In order to comply with CBP’s determination to require formal entry for a shipment, a party with the right to make entry must file an entry and entry summary in accordance with 19 CFR parts 141 and 142, which include the associated filing timeframes and the requirement to obtain a bond. 19 CFR 142.4(a). Failure to timely file the requisite entry summary will result in an immediate demand for liquidated damages in the entire amount of the bond in the case of a single entry bond, or an equivalent amount if a continuous bond was filed. 19 CFR 142.15.

VI. Comments

All interested parties are invited to comment on any aspect of this test at any time. CBP requests comments and feedback on all aspects of this test, including the design, conduct and implementation of the test, in order to determine whether to modify, alter, expand, limit, continue, end, or fully implement this new entry process.

VII. Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), an agency may not conduct, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number assigned by the Office of Management and Budget (OMB). The collections of information for the ACE Entry Type 86 Test are included in an existing collection for CBP Form 3461 (OMB control number 1651-0024).

VIII. Misconduct Under This Test

A test participant may be subject to civil and criminal penalties, administrative sanctions, or liquidated damages, as provided by law, for any of the following:

(1) Failure to follow the rules, requirements, terms, and conditions of this test;

(2) Failure to exercise reasonable care in the execution of participant obligations; or

(3) Failure to abide by applicable laws and regulations that have not been waived.

These penalties, administrative sanctions, and liquidated damages may be imposed under any statutory authority or under any CBP regulations that have not been waived by the test. CBP may suspend or remove a filer from further participation in the ACE Entry Type 86 Test based on a determination that that filer’s participation in the test poses an unacceptable compliance risk.

Dated: January 10, 2024.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA-2023-0028; OMB No. 1660-0002]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Disaster Assistance Registration

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning changes to modernize and simplify the disaster assistance registration. The changes will reduce the burden on survivors by only requiring them to answer questions based on the type of assistance they need. This will also reduce the amount of time it takes for survivors to apply either online, or through a call center, therefore allowing

call center agents to assist survivors more quickly.

DATES: Comments must be submitted on or before February 15, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Brian Thompson, Supervisory Program Specialist, FEMA, Recovery Directorate at 540-686-3602 or Brian.Thompson6@fema.dhs.gov. You may contact the Information Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) (Pub. L. 93-288, *as amended*) (42 U.S.C. 5121-5207) is the legal basis for FEMA to provide financial assistance and services to individuals who apply for disaster assistance benefits in the event of a Presidentially-declared disaster. Housing Assistance is a provision of the Individuals and Households Program, authorized by section 408(c) of the Stafford Act. There are two forms of assistance: financial and direct. Financial Housing Assistance refers to funds provided to eligible applicants for temporary lodging expenses, rental of temporary housing, or repair or replacement of a damaged primary residence. Direct Temporary Housing Assistance includes providing Temporary Housing Units through Multifamily Lease and Repair and Direct Lease, or placing transportable temporary housings, such as manufactured housing units and recreational vehicles or travel trailers, on private, commercial, or group sites.

This program provides financial assistance and, if necessary, direct assistance to eligible individuals and households who, as a direct result of a major disaster, have necessary expenses and serious needs that are unable to be met through other means. Individuals and households may apply for assistance through the Registration Intake process under the Individuals and Households Program in person, via telephone, or the internet. FEMA provides financial assistance under Other Needs Assistance to individuals or households affected by a major disaster to meet disaster-related

medical, dental, funeral, childcare, personal property, transportation, moving and storage expenses, and other necessary expenses or serious needs resulting from a major disaster under section 408(e)(1) of the Stafford Act.

The changes to the following forms support Executive Order 14058, *Transforming Federal Customer Experience and Service Delivery to Rebuild Trust in Government* (86 FR 71357, December 16, 2021). The changes will rebuild trust in the Federal Government by promoting transparency of FEMA's Disaster Assistance application process. The major changes will decrease the amount of time to create a new registration and streamline the application process to create a simpler registration progression focused on an individual's specific recovery needs. Streamlining breaks the application process down into specific work flows in a more user-friendly format:

FEMA Forms FF-104-FY-21-123 (formerly 009-0-1T, English) and FF-104-FY-21-123-A (formerly 009-0-1T, Spanish), Tele-Registration Application for Disaster Assistance are being added back to this collection and will eventually be removed due to the addition of the ten Streamline Registration Intake workflows. The ten workflows are: Home Damage, Personal Property Damage, Vehicle Damage, Emergency Needs, Essential Utilities Outage, Funeral Expenses, Childcare Expenses, Lodging Expenses, Medical or Dental Expenses, and Expenses for Miscellaneous items (e.g., chainsaws, generators, etc.).

FEMA Form FF-104-FY-21-123-COVID-FA (English), Tele-Registration, COVID-19 Funeral Assistance is being added back to this collection and will eventually be removed and replaced with FEMA Form FF-104-FY-22-260, Streamline Registration Intake for Funeral Expenses, Disaster Assistance Registration.

COVID-19 Funeral Assistance will remain in FEMA Template FT-104-FY-22-101, Request for Information (RFI)—Funeral Verification (English) until the COVID-19 application period ends.

This collection contains the proposed changes to the disaster application process that will reduce the time to apply for IHP assistance. This update specifically recognizes post launch usability and the public's responses to the changes which will also be non-substantive throughout as the updates are not specifically content driven. These changes will reduce the burden on survivors by only requiring them to answer questions based on the type of assistance they need.

In documenting all post-registration callouts, auto-dialer contacts and subsequent collection of data, FEMA can determine whether applicants have unmet needs, can process the applicant for financial or direct assistance sharing the results of those contacts directly with external stakeholders. This data is specifically used for FEMA and its stakeholders to determine whether assistance is warranted.

The notice also includes FEMA documenting all post-registration contacts, including callouts, casework, and auto-dialers performed for the purpose of determining whether disaster assistance applicants have unmet needs and may be eligible for additional assistance and/or share the results of those contacts directly with external stakeholders, such as state or local government partners, who can potentially assist those same applicants with assistance or services not provided by FEMA through specific programs directly targeted to disaster survivors.

This notice specifically recognizes post launch usability and feedback from the public. FEMA is seeking the public's comments on identifying ways on making this a more user-friendly collection and more functional to meet the end users-applicants' needs. The changes in this information collection will also be non-substantive throughout as the updates are not specifically content driven. These changes in the application process are, however, designed to not only reduce the burden on the public but also reduce the administrative burden through this modernization update.

This proposed information collection previously published in the **Federal Register** on October 19, 2023, at 88 FR 72092 with a 60-day public comment period. No public comments were received. The purpose of this renewal is to allow public comment regarding post launch usability for the Streamline RI implementation and to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Abstract: The forms in this collection are used to obtain pertinent information to provide financial assistance, and if necessary, direct assistance to eligible individuals and households who, as a direct result of a disaster or emergency, have uninsured or under-insured, necessary or serious expenses they are unable to meet. This revision of a currently approved information collection will improve the applicant's experience with the disaster assistance registration process by providing a simpler, more intuitive interface and limiting required responses to those needed based on their needs. These changes will help rebuild trust in the Federal Government by promoting transparency of FEMA's Disaster Assistance application process.

Federal Emergency Management Agency

[Docket ID: FEMA-2023-0021; OMB No. 1660-0142]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; Shelter Resident Assessment Tool V2.0

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission seeks comments concerning the transition of the Survivor Shelter Assessment Tool (SSAT), renamed the Shelter Resident Assessment Tool V 2.0 (SRAT), to the Mass Care/Emergency Assistance Section and how the interview process was simplified and streamlined.

DATES: Comments must be submitted on or before February 15, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address: FEMA-Information-Collections-Management@fema.dhs.gov or Ronan Dalcross, Mass Care & Emergency Assistance Section Chief, Individual

Assistance Division, FEMA Recovery Directorate, fema-hq-mass-care@fema.dhs.gov, (202) 212-7269.

SUPPLEMENTARY INFORMATION: The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) (Pub. L. 93-288, as amended) is the legal basis for FEMA to provide financial assistance and services to individuals who apply for disaster assistance in the event of a declared Emergency or Major disaster. The Individuals and Households Program provides financial assistance and, if necessary, direct assistance to eligible individuals and households who, as a direct result of a major disaster or emergency declaration, have uninsured or under-insured necessary expenses, a serious need and are unable to meet such expenses or needs through other means under section 408 of the Stafford Act, as codified at 42 U.S.C. 5174, and its implementing regulations at 44 CFR 206.110. FEMA requires the ability to collect information regarding the housing needs of shelter residents expressing interest in or seeking disaster assistance to provide services and assistance to transition them out of shelters and into temporary or permanent housing solutions expeditiously. Additionally, aggregated reports resulting from the individualized data collection about shelter residents and their unmet housing and related needs will support planning activities for FEMA, state entities, and Non-Governmental Organizations to transition residents out of the shelter.

This proposed information collection previously published in the **Federal Register** on September 27, 2023, at 88 FR 66478 with a 60-day public comment period. One public comment was received with multiple questions about the instrument itself. Comments mentioned the accessibility and 508 compliance in the document used to present the questions, and not the tool itself. Clarification was provided about the tool, and the suggested additional items were added to the list of accessible communication items in question 2 of the instrument. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.
