

certification. An offer will not be considered for award where the certificate has been deleted or modified. Federal agencies will report to the Attorney General for investigation any deletions or modifications of the certificate and suspected false certificates.

- FAR 52.203–7, Anti-Kickback Procedures. This clause requires contractors to report in writing to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Attorney General possible violations of 41 U.S.C. chapter 87, Kickbacks. The clause also requires the contractor to notify the contracting officer when monies are withheld from sums owed a subcontractor under the prime contract, when the contracting officer has directed the prime contractor to do so to offset the amount of a kickback. The Federal agency will use the information reported by contractors to investigate suspected violations. The notification to the contracting officer of a withholding of payment to a subcontractor is used to help the contracting officer ensure the amount of a kickback is appropriately offset.

- FAR 52.203–13, Contractor Code of Business Ethics and Conduct. This clause requires contractors and subcontractors to report to the agency Office of the Inspector General when the contractor has credible evidence that a principal, employee, agent, or subcontractor has committed a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in title 18 U.S.C., or a violation of the Civil False Claims Act (31 U.S.C. 3729–3733). The Federal agency will use the information reported by contractors to investigate suspected violations.

- FAR 52.203–16, Preventing Personal Conflicts of Interest. This clause requires contractors and subcontractors to obtain and maintain from each employee a disclosure of interests that might be affected by the task to which the employee has been assigned under the contract. Contractors and subcontractors must report to the contracting officer any personal conflict of interest violation by an employee and the proposed corrective/follow-up actions to be taken. In exceptional circumstances, the contractor may request the head of the contracting activity approve a plan to mitigate a personal conflict of interest or waive the requirement to prevent personal conflicts of interest. The information is used by the contractor and the

contracting officer to identify and mitigate personal conflicts of interest.

This general information collection covers these contract administration requirements, as outlined in GSAR Subpart 538.2—Establishing and Administering Federal Supply Schedules.

This information collection requires no expenditure of resources to gather the information for submission, as the information is often exchanged by commercial business firms in their catalogs or other public documents during the normal course of business.
