

Summary of Potential Expected Impacts

We expect that the alternatives could potentially restore a grizzly bear population to the BE with varying success and in varying timeframes. Potential impacts from implementing the alternatives may include environmental impacts on fish and wildlife (including grizzly bears), wilderness areas, visitor use and recreational experience, public and employee safety, socioeconomic, and Tribal cultural and related resources. We intend to explore these and other potential expected impacts during the development of the draft EIS.

Anticipated Permits and Authorizations

We will comply with the ESA to evaluate potential impacts to threatened and endangered species. We will fulfill the public involvement requirements under the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3). Information about historic and cultural resources within the area potentially affected by the alternatives will assist us in identifying and evaluating impacts to such resources and consulting with affected Indian Tribes and the State Historic Preservation Officer(s) on the potential for adverse effects.

Anticipated Schedule for the EIS

We expect to make the draft EIS available for public review and comment before the end of 2025. After public review and comment of the draft, we expect to make the final EIS available to the public in the fall of 2026. We then expect to issue a ROD by November 2026, pursuant to a court-ordered timeline, and if applicable, would issue a subsequent rulemaking under section 10(j) of the ESA soon after.

Responsibilities to Tribes

The Service has unique responsibilities to Tribes, including under the National Historic Preservation Act (16 U.S.C. 470 *et seq.*), American Indian Religious Freedom Act (42 U.S.C. 1996), Native American Graves Protection and Repatriation Act (25 U.S.C. 3001), and Religious Freedom Restoration Act of 1993 (42 U.S.C. 2000bb *et seq.*); Executive Order 13007, Indian Sacred Sites (61 FR 26771, May 29, 1996); Joint Secretarial Order 3403, Fulfilling the Trust Responsibility to Indian Tribes in the Stewardship of Federal Lands and Waters (November 15, 2021) and Secretarial Order 3206, American Indian Tribal Rights, Federal Tribal Trust Responsibilities, and the ESA (June 5, 1997); Director's Order 227, Fulfilling the Trust Responsibility

to Tribes and the Native Hawaiian Community, and Other Obligations to Alaska Native Corporations and Alaska Native Organizations, in the Stewardship of Federal Lands and Waters; and the Service's Native American Policy (510 FW 1).

We apply the term "Tribal" or "Tribe(s)" generally to federally recognized Tribes and Alaska Native Tribal entities. The Service will separately consult with Tribes on the proposals set forth in this document. We will also ensure that those Tribes wishing to engage directly in the NEPA process will have the opportunity to do so. As part of this process, we will protect the confidential nature of any consultations and other communications we have with Tribes, to the extent permitted by the Freedom of Information Act and other laws.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of

Agency Information Collection Activities; DOI Talent Registration

AGENCY: Office of the Secretary, Interior.
ACTION: Notice of information collection;
request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the Office of the Secretary are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before March 18, 2024.

information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: DOI Talent is the Department of the Interior's (DOI) shared services system to maintain and validate training records, manage class rosters and transcripts for course administrators and the student or learner, meet Federal mandatory training and statistical reporting requirements, and manage other programmatic functions related to training and educational programs.

DOI collects personal information from students in order to communicate training opportunities, manage course registration and delivery, validate training records necessary for certification or granting of college credit, process billing information for training classes, and to meet Federal training reporting requirements. Information may also be collected to comply with the Americans with Disabilities Act requirements to address facilities accommodations. Training and learning records are maintained in DOI's web-based learning management system, and bureau and office systems and locations where training programs are managed. DOI bureaus offer training programs which extend to external customers; such as universities, State governments, local governments, not-for-profit organizations, and in some cases, private citizens.

Each year approximately 3,000 external users request to register for training offered by DOI bureau's and offices through DOI Talent. Each registration will require approximately 5 minutes. DOI Talent:

- Creates an authoritative system of record for all training completions;
- Offers a more flexible approach for external training requests and documentation;
- Creates a learning environment that encourages engagement on multiple levels;
- Enhances training delivery options; and

- Creates opportunities to offer world-class instruction and to engage directly with learners through discussion forums and communities of practice.
