**Notice of Inventory Completion:
Central Washington University,
Ellensburg, WA**

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), Central Washington University has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice. The human remains and associated funerary objects were removed from King County, WA.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after February 26, 2024.

ADDRESSES: Lourdes Henebry-DeLeon, Department of Anthropology and Museum Studies, Central Washington University, 400 University Way, Ellensburg, WA 98926–7544, telephone (509) 963–2671, email Lourdes.Henebry-DeLeon@cwu.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of Central Washington University. The National Park Service is not responsible for the determinations in this notice. Additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records held by Central Washington University.

Description

In 1925, human remains representing, at minimum, one individual were removed from South Seattle in King County, WA, by J.N. Lewis and donated to the Burke Museum, University of Washington (Accn. #2098, Cat. # 19–14810). In 1974, the Burke Museum transferred the human remains and associated funerary objects to Central Washington University (Accession AS and BP). The six associated funerary objects are small pieces of red ochre.

Cultural Affiliation

The human remains and associated funerary objects in this notice are

connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: archeological, biological, geographical, and historical information.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the Central Washington University has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- The six objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in this notice and the Muckleshoot Indian Tribe and the Suquamish Indian Tribe of the Port Madison Reservation.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after February 26, 2024. If competing requests for repatriation are received, the Central Washington University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The Central Washington University is responsible for sending a copy of this notice to the

Indian Tribes and Native Hawaiian organizations identified in this notice.

This notice was submitted before the effective date of the revised regulations (88 FR 86452, December 13, 2023, effective January 12, 2024). As the notice conforms to the mandatory format of the **Federal Register** and includes the required information, the National Park Service is publishing this notice as submitted.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: January 18, 2024.

Melanie O'Brien,

Manager, National NAGPRA Program.
