

on the financial results and position of U.S. corporations. The QFR target population consists of all corporations engaged primarily in manufacturing with total assets of \$5 million and over, and all corporations engaged primarily in mining; wholesale trade; retail trade; information; or professional and technical services (except legal services) industries with total assets of \$50 million and over.

The QFR program is a principal federal economic indicator that has published up-to-date aggregate statistics on the financial results and position of U.S. corporations since 1947. The QFR provides critical source data to the Bureau of Economic Analysis' (BEA) quarterly estimates of Gross Domestic Product (GDP) and Gross Domestic Income (GDI), key components of the National Income and Product Accounts (NIPA). The QFR data are also vital to the Federal Reserve Board's (FRB) Financial Accounts. Title 13 of the United States Code, Section 91 requires that financial statistics of business operations be collected and published quarterly. Public Law 114-72 extended the authority of the Secretary of Commerce to conduct the QFR Program under Section 91 through September 30, 2030.

The main purpose of the QFR is to provide timely, accurate data on business financial conditions for use by government and private-sector organizations and individuals. Primary public users include U.S. governmental organizations with economic measurement and policymaking responsibilities such as the Bureau of Economic Analysis, the Bureau of Labor Statistics, and the Federal Reserve Board. In turn, these organizations provide guidance, advice, and support to the QFR program. The primary non-governmental data users are a diverse group including universities, financial analysts, unions, trade associations, public libraries, banking institutions, and U.S. and foreign corporations.

## II. Method of Collection

The Census Bureau uses two forms of data collection: mail out/mail back paper survey forms and a secure encrypted internet data collection system called Centurion. Centurion has automatic data checks and is context-sensitive to assist respondents in identifying potential reporting problems before submission, thus reducing the need for follow-up from Census Bureau staff. Data collection through Centurion is completed via the internet, eliminating the need for downloading software and ensuring the integrity and confidentiality of the data.

Companies are asked to respond to the survey within 25 days of the end of the quarter for which the data is being requested. Census Bureau staff contact companies that have not responded by the designated time through letters, telephone calls, and/or email to encourage participation.

### Disclosure and Public Comment

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with the preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of the preliminary results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce has preliminarily determined to apply AFA to Saffron, there are no calculations to disclose.

Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs to Commerce no later than 30 days after the date of publication of this notice.<sup>8</sup> Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.<sup>9</sup> Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.<sup>10</sup>

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total,

In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.<sup>11</sup> Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. ### Assessment Rates

Upon completion of the final results of this administrative review, pursuant to section 751(a)(2)(A) of the Act, Commerce shall determine, and the U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.<sup>14</sup>

If Saffron's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we intend to calculate an importer-specific assessment rate for antidumping duties based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). If Saffron's weighted-average dumping margin or an

<sup>13</sup> See 19 CFR 351.303.

<sup>14</sup> See 19 CFR 351.212(b)(1).

importer-specific assessment rate is zero or *de minimis* in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Saffron for which the company did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate these entries at the all-others rate (*i.e.*, 572.56 percent)<sup>15</sup> if there is no rate for the intermediate company(ies) involved in the transaction.<sup>16</sup>

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

### Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective upon publication in the **Federal Register** of the notice of the final results of this review for all shipments of mattresses from Thailand entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for Saffron will be equal to the weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by companies not covered in this review but covered in a prior completed segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation but the producer is, then the cash deposit rate will be the rate established in the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate (*i.e.*, 572.56 percent).<sup>17</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

<sup>15</sup> See *Amended Order*, 89 FR at 457.

<sup>16</sup> See *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

<sup>17</sup> See *Amended Order*, 89 FR at 457.

### Final Results of Review

Unless extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, no later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

### Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

### Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) of the Act, and 19 CFR 351.213.

Dated: January 22, 2024.

### Regulatory Amendment 36 to the Snapper Grouper FMP

Amendment 53 to the FMP for the Snapper Grouper Fishery of the South Atlantic Region became effective October 23, 2023, and established recreational vessel limits of 2 fish per vessel per day or per trip (depending on private recreational or for-hire component) of gag and black grouper. The Council intended for these limits to instead be an aggregate limit of 2 gag or black grouper per vessel. Therefore, the Council is considering revision of these recreational vessel limits to the originally intended aggregate limit through Regulatory Amendment 36.
