

information about EPA's public docket, visit www.epa.gov/dockets.

Abstract: Information collected as part of this information collection request (ICR) is used to issue operating permits and manage the CAM program. The operating permit program requires owners or operators of units that emit air pollutants to submit annual compliance certifications and monitoring results at least semi-annually, and to report deviations promptly, but no implementation guidance is provided within the operating permit program. The CAM program ensures sources that use active air emission control devices pay attention to those devices by monitoring their performance on an ongoing basis. The CAM rule establishes the requirements to implement that monitoring for the operating permit program in a cost-effective manner.

Form Numbers: None.

Respondents/affected entities:

Owners and operators of pollutant-specific emission units.

Respondent's obligation to respond: Mandatory (40 CFR part 64).

Estimated number of respondents: 22,153 (total).

Frequency of response: Semiannually.

Total estimated burden: 23,510 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$2,423,000 (per year) which includes \$0 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an overall decrease of 1,080 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is due to a correction of mathematical errors found in the previous ICR renewal. While the total estimated annual burden decreased, the total annual cost increased due to updated labor rates from the currently approved ICR.

The CAM program was designed to ensure monitoring provisions associated with the prevention of significant deterioration (PSD) program were included in the Title V permits and updated as necessary. The owners or operators were required to develop monitoring plans for sources with active control devices. The agency envisioned that, over time, all the title V permits would be issued and would require CAM rule requirements. Current burden reduction for the CAM rule is based on complete issuance of title V permits, meaning no additional sources with active control devices need CAM plans; only ongoing, not new, CAM is needed. Since there are no new CAM plans, only review of existing CAM plans, the

renewal review hours drop. No changes to the CAM rule keep costs the same (*i.e.*, no increase in burden). Moreover, familiarity with existing CAM plan requirements should reduce source and regulatory review burden.

Courtney Kerwin,

Director, Regulatory Support Division.

BILLING CODE 6560-50-P

FARM CREDIT ADMINISTRATION

Sunshine Act Meetings

TIME AND DATE: 10 a.m., Thursday, February 8, 2024.

PLACE: You may observe this meeting in person at 1501 Farm Credit Drive, McLean, Virginia 22102-5090, or virtually. If you would like to observe, at least 24 hours in advance, visit FCA.gov, select "Newsroom," then select "Events." From there, access the linked "Instructions for board meeting visitors" and complete the described registration process.

STATUS: This meeting will be open to the public.

MATTERS TO BE CONSIDERED: The following matters will be considered:

- Approval of Minutes for January 11, 2024
- Risk-Weighting of High Volatility Commercial Real Estate Final Rule

CONTACT PERSON FOR MORE INFORMATION:

If you need more information or assistance for accessibility reasons, or have questions, contact Ashley Waldron, Secretary to the Board. Telephone: 703-883-4009. TTY: 703-883-4056.

Ashley Waldron,

Secretary to the Board.

BILLING CODE 6705-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1147; FR ID 198607]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal

Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection.

Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

DATES: Written PRA comments should be submitted on or before March 29, 2024. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION: The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

OMB Control Number: 3060-1147.

Title: Wireless E911 Phase II Location Accuracy Requirements (Third Report and Order in PS Docket No. 07-114).

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, State, Local or Tribal Government, and Federal Government.

Number of Respondents and Responses: 4,104 respondents; 4,272 responses.

Estimated Time per Response: 1 hour-8 hours.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this collection is contained

in 47 U.S.C. 151, 154(i), 301, 303(r), and 332 of the Communications Act, as amended.

Total Annual Burden: 30,812 hours.

Total Annual Cost: No cost.

Needs and Uses: The Commission is seeking Office of Management and Budget (OMB) approval for an extension of this information collection and will submit this information collection after this 60-day comment period.

The Commission's *Third Report and Order* in PS Docket No. 07–114 adopted a rule providing that new CMRS network providers meeting the definition of covered CMRS providers in Section 9.10 and deploying new stand-alone networks must meet the handset-based location accuracy standard in delivering emergency calls for Enhanced 911 service. The rule requires that new stand-alone CMRS providers must satisfy the handset-based location accuracy standard at either a county-based or Public Safety Answering Point (PSAP)-based geographic level. Additionally, in accordance with the pre-existing requirements for CMRS providers using handset-based location technologies, new stand-alone CMRS providers are permitted to exclude up to 15 percent of the counties or PSAP areas they serve due to heavy forestation that limits handset-based technology accuracy in those counties or areas but are required to file an initial list of the specific counties or portions of counties where they are utilizing their respective exclusions.

A. Updated Exclusion Reports. Under this information collection and pursuant to current rule section 9.10(h) new stand-alone CMRS providers and existing CMRS providers that have filed initial exclusion reports are required to file reports informing the Commission of any changes to their exclusion lists within thirty days of discovering such changes. The permitted exclusions properly but narrowly account for the known technical limitations of either the handset-based or network-based location accuracy technologies chosen by a CMRS provider, while ensuring that the public safety community and the public at large are sufficiently informed of these limitations.

B. Confidence and Uncertainty Data. Under this information collection and pursuant to current rule section 9.10(h), all CMRS providers and other entities responsible for transporting confidence and uncertainty data between the wireless carriers and PSAPs, including LECs, CLECs, owners of E911 networks, and emergency service providers (collectively, System Service Providers (SSPs)) must continue to provide confidence and uncertainty data of

wireless 911 calls to Public Safety Answering Points (PSAP) on a per call basis upon a PSAP's request. New stand-alone wireless carriers also incur this obligation. The transport of the confidence and uncertainty data is needed to ensure the delivery of accurate location information with E911 service.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712–01–P

FEDERAL ELECTION COMMISSION

[NOTICE 2024–03]

Price Index Adjustments for Expenditure Limitations and Lobbyist Bundling Disclosure Threshold

AGENCY: Federal Election Commission.

ACTION: Notice of adjustments to expenditure limitations and lobbyist bundling disclosure threshold.

SUMMARY: As mandated by provisions of the Federal Election Campaign Act (“the Act”), the Federal Election Commission (“the Commission”) is adjusting certain expenditure limitations and the lobbyist bundling disclosure threshold set forth in the Act, to index the amounts for inflation. Additional details appear in the supplemental information that follows.

DATES: The new limitations apply beginning on January 1, 2024.

ADDRESSES: 1050 First Street NE, Washington, DC 20463.

FOR FURTHER INFORMATION CONTACT: Ms. Elizabeth S. Kurland, Information Division, (202) 694–1100 or (800) 424–9530, info@fec.gov.

SUPPLEMENTARY INFORMATION: Under the Federal Election Campaign Act, 52 U.S.C. 30101–45, coordinated party expenditure limits (52 U.S.C. 30116(d)(2)–(3)) and the disclosure threshold for contributions bundled by lobbyists (52 U.S.C. 30104(i)(3)(A)) are adjusted periodically to reflect changes in the consumer price index. *See* 52 U.S.C. 30104(i)(3)(B), 30116(c); 11 CFR 109.32(a)(2), (b)(3), 110.17(a), (f). The Commission is publishing this notice to announce the adjusted limits and disclosure threshold for 2024.

Coordinated Party Expenditure Limits for 2024

Under 52 U.S.C. 30116(c), the Commission must adjust the expenditure limitations established by 52 U.S.C. 30116(d) (the limits on

expenditures by national party committees, state party committees, or their subordinate committees in connection with the general election campaign of candidates for Federal office) annually to account for inflation. This expenditure limitation is increased by the percent difference between the price index, as certified to the Commission by the Secretary of Labor, for the 12 months preceding the beginning of the calendar year and the price index for the base period (calendar year 1974). 52 U.S.C. 30116(c)(1)(B)(i), (2)(B)(i).

1. Expenditure Limitation for House of Representatives in States With More Than One Congressional District

Both the national and state party committees have an expenditure limitation for each general election held to fill a seat in the House of Representatives in states with more than one congressional district. *See* 52 U.S.C. 30116(d)(3)(B). This limitation also applies to the District of Columbia and territories that elect individuals to the office of Delegate or Resident Commissioner.¹ *Id.* The formula used to calculate the expenditure limitation in such states and territories multiplies the base figure of \$10,000 by the difference in the price index (6.17976), rounding to the nearest \$100. *See* 52 U.S.C. 30116(c)(1)(B), (d)(3)(B); 11 CFR 109.32(b), 110.17. Based upon this formula, the expenditure limitation for 2024 general elections for House candidates in these states, districts, and territories is \$61,800.

2. Expenditure Limitation for Senate and for House of Representatives in States With Only One Congressional District

Both the national and state party committees have an expenditure limitation for a general election held to fill a seat in the Senate or in the House of Representatives in states with only one congressional district. *See* 52 U.S.C. 30116(d)(3)(A). The formula used to calculate this expenditure limitation considers not only the price index but also the voting age population (“VAP”) of the state. *Id.* The VAP figures used to calculate the expenditure limitations were certified by the U.S. Census Bureau. The VAP of each state is also published annually in the **Federal Register** by the U.S. Department of Commerce. 11 CFR 110.18. The general election expenditure limitation is the

¹ Currently, these are Puerto Rico, American Samoa, Guam, the United States Virgin Islands and the Northern Mariana Islands. *See* <http://www.house.gov/representatives>.
