

greater than, the level that would be achieved absent such exemption. The statutes also allow the Agency to renew exemptions at the end of the 5-year period. FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver's medical certification.

The physical qualification standard for drivers regarding hearing found in 49 CFR 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispered voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a hearing aid when the audiometric device is calibrated to American National Standard (formerly ASA Standard) Z24.5—1951.

This standard was adopted in 1970 and was revised in 1971 to allow drivers to be qualified under this standard while wearing a hearing aid, (35 FR 6458, 6463 (Apr. 22, 1970) and 36 FR 12857 (July 8, 1971), respectively).

The 18 individuals listed in this notice have requested renewal of their exemptions from the hearing standard in § 391.41(b)(11), in accordance with FMCSA procedures. Accordingly, FMCSA has evaluated these applications for renewal on their merits and decided to extend each exemption for a renewable 2-year period.

III. Request for Comments

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b), FMCSA will take immediate steps to revoke the exemption of a driver.

IV. Basis for Renewing Exemptions

In accordance with 49 U.S.C. 31136(e) and 31315(b), each of the 18 applicants has satisfied the renewal conditions for obtaining an exemption from the hearing requirement. The 18 drivers in this notice remain in good standing with the Agency. In addition, for commercial driver's license (CDL) holders, the Commercial Driver's License Information System and the Motor Carrier Management Information System

are searched for crash and violation data. For non-CDL holders, the Agency reviews the driving records from the State Driver's Licensing Agency. These factors provide an adequate basis for predicting each driver's ability to continue to safely operate a CMV in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each of these drivers for a period of 2 years is likely to achieve a level of safety equal to that existing without the exemption.

In accordance with 49 U.S.C. 31136(e) and 31315(b), the following groups of drivers received renewed exemptions in the month of February and are discussed below.

As of February 14, 2024, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following eight individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Lucius Fowler (IL)
Jared Gunn (IL)
Daniel Krystosek (MN)
John Malm (IL)
Ray Norris (TX)
Abel Talamantes (WA)
Andrew Tessin (NC)
Charles Wirick (MD)

The drivers were included in docket numbers FMCSA–2013–0123,

FMCSA–2014–0104, FMCSA–2017–0058, FMCSA–2018–0139, FMCSA–2019–0111, or FMCSA–2019–0112. Their exemptions are applicable as of February 14, 2024 and will expire on February 14, 2026.

As of February 19, 2024, and in accordance with 49 U.S.C. 31136(e) and 31315(b), the following 10 individuals have satisfied the renewal conditions for obtaining an exemption from the hearing requirement in the FMCSRs for interstate CMV drivers:

Wyatt Baldwin (NV)
Adam Hayes (CA)
Amy Ivins (NE)
Bradley Ledford (NE)
Adrian Lopez (TX)
Jeffrey Schulkers (KY)
Mark Tabangcora (CA)
Jason Thomas (TX)
Joshua Tinley (AZ)
Kerri Wright (OK)

The drivers were included in docket numbers FMCSA–2016–0003, FMCSA–2017–0057, or FMCSA–2017–0060. Their exemptions are applicable as of February 19, 2024 and will expire on February 19, 2026.

V. Conditions and Requirements

The exemptions are extended subject to the following conditions: (1) each

driver must report any crashes or accidents as defined in § 390.5T; and (2) report all citations and convictions for disqualifying offenses under 49 CFR parts 383 and 391 to FMCSA; and (3) each driver prohibited from operating a motorcoach or bus with passengers in interstate commerce. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local enforcement official. In addition, the exemption does not exempt the individual from meeting the applicable CDL testing requirements. Each exemption will be valid for 2 years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) the person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).

VI. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VII. Conclusion

Based upon its evaluation of the 18 exemption applications, FMCSA renews the exemptions of the aforementioned drivers from the hearing requirement in § 391.41(b)(11). In accordance with 49 U.S.C. 31136(e) and 31315(b), each exemption will be valid for 2 years unless revoked earlier by FMCSA.

Title: Charter Service Operations.

OMB Control Number: 2132-0543

Background: FTA’s Charter Service Regulations protects private charter operators from unauthorized competition from FTA grant recipients. In essence, the charter regulations were implemented to ensure that transit agencies, subsidized with Federal money, do not unfairly compete with privately owned bus companies. Under the charter rules, with limited exceptions, local transit agencies are restricted from operating chartered services. Charter service means, but does not include demand response service to individuals:

- Transportation provided by a recipient at the request of a third party for the exclusive use of a bus or van for a negotiated price. The following features may be characteristic of charter service:

- A third party pays the transit provider a negotiated price for the group,
- Any fares charged to individual members of the group are collected by a third party,
- The service is not part of the transit provider’s regularly scheduled service, or is offered for a limited period of time, or
- A third party determines the origin and destination of the trip as well as scheduling; or

- Transportation provided by a recipient to the public for events or functions that occur on an irregular basis or for a limited duration and:

- A premium fare is charged that is greater than the usual or customary fixed route fare; or
- The service is paid for in whole or in part by a third party.

There are limited exceptions when a grantee may provide charter service, including:

- Official government business,
- Qualified Human Service Organizations (elderly, persons with disabilities, and low-income individuals),
- When no registered charter provider responds to a notice sent by a recipient,
- Leasing (must exhaust all available vehicles first),
- By agreement with all registered charter providers,
- Petitions to the Administrator: Events of regional or national significance, or hardship.

Respondents: Transit Agencies and Private Operators.

Estimated Annual Responses: 2,000 respondents.

Estimated Total Annual Burden: 359 hours.

Frequency: Annually, bi-annually, quarterly, and as required.

Nadine Pembleton,

Deputy Associate Administrator, Office of Administration.
