

## I. Background

IMLS is the primary source of federal support for the nation's libraries and museums. We advance, support, and empower America's museums, libraries, and related organizations through grant making, research, and policy development. Our vision is a nation where museums and libraries work together to work together to transform the lives of individuals and communities. To learn more, visit [www.imls.gov](http://www.imls.gov).

## II. Current Actions

This Notice proposes the clearance of the 2028–2032 IMLS Grants to States Program Five-Year State Plan Guidelines for State Library Administrative Agencies. The Grants to States program is the largest grant program administered by IMLS, providing financial assistance to develop library services throughout the states, U.S. territories, and the Freely Associated States. Using a population based formula, around \$180 million is distributed among the State Library Administrative Agencies (SLAAs) every year. SLAAs are official agencies charged by law with the extension and development of library services, and they are located in:

- Each of the 50 states of the United States, and the District of Columbia;
- The territories (the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands); and
- The Freely Associated States (the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau).

Each year, approximately 1,500 Grants to States projects support the purposes and priorities outlined in the Library Services and Technology Act. (See 20 U.S.C. 9121–9165) SLAAs may use the funds to support statewide initiatives and services, and they may also distribute the funds through competitive subawards (*e.g.*, subgrants or cooperative agreements) to public, academic, research, school, or special libraries or library consortia (for-profit and Federal libraries are not eligible). Each SLAA must submit a plan that details library services goals for a five-year period. (20 U.S.C. 9134). SLAAs must also conduct a five-year evaluation of library services based on that plan. These plans and evaluations are the foundation for improving practice and informing policy. Each SLAA receives IMLS funding to support the five-year

period through a series of overlapping, two-year grant awards.

The 60-day Notice was published in the **Federal Register** on December 1, 2023 (88 FR 83975) (Document Number 2023–26487). The agency received no comments under this Notice.

## NATIONAL SCIENCE FOUNDATION

### Proposal Review; Notice of Meetings

In accordance with the Federal Advisory Committee Act (Pub. L. 92–463, as amended), the National Science Foundation (NSF) announces its intent to hold proposal review meetings throughout the year. The purpose of these meetings is to provide advice and recommendations concerning proposals submitted to the NSF for financial support. The agenda for each of these meetings is to review and evaluate proposals as part of the selection process for awards. The review and evaluation may also include assessment of the progress of awarded proposals. These meetings will primarily take place at NSF's headquarters, 2415 Eisenhower Avenue, Alexandria, VA 22314.

These meetings will be closed to the public. The proposals being reviewed include information of a proprietary or confidential nature, including technical information; financial data, such as salaries; and personal information concerning individuals associated with the proposals. These matters are exempt under 5 U.S.C. 552b(c), (4) and (6) of the Government in the Sunshine Act. NSF

will continue to review the agenda and merits of each meeting for overall compliance of the Federal Advisory Committee Act.

These closed proposal review meetings will not be announced on an individual basis in the **Federal Register**. NSF intends to publish a notice similar to this on a quarterly basis. For an advance listing of the closed proposal review meetings that include the names of the proposal review panel and the time, date, place, and any information on changes, corrections, or cancellations, please visit the NSF website: <https://new.nsf.gov/events/proposal-review-panels>.

This information may also be requested by telephoning 703/292–8687.

Dated: February 1, 2024.
