

- A two- to three-sentence summary of the testimony the witness expects to present; and
- If the witness is requesting the ability to demonstrate a use or a technology at the hearing, a description of the demonstration, the approximate time required, and any functionality required to make the demonstration viewable via Zoom. The Office cannot guarantee that witnesses will have the ability to introduce demonstrative evidence into the record during the hearing but will consider options to accommodate such requests.

Following receipt of the requests to testify, the Office will prepare agendas listing the witnesses, dates, and times for each hearing. Once prepared, the agendas will be circulated to witnesses and posted at <http://www.copyright.gov/1201/2024>.

B. Format of Public Hearings

The Office will establish time limits for each panel after receiving all requests to testify. Generally, the Office plans to allot approximately one to two hours for each proposed class, depending upon the complexity of the class. Members of the public will be provided a limited opportunity to offer additional comments for the record, but parties who wish to provide detailed information to the Office are encouraged to submit a request to testify.

The hearings will focus on legal or factual issues that the Office finds unclear or underdeveloped in the written record, as well as demonstrative evidence. Witnesses should be prepared to discuss, among other things, where the copies of the works sought to be accessed are stored, how those works can be accessed, and what would be done with the works upon access. The Office also encourages witnesses to provide real-world examples, descriptions, or demonstrations of methods of access, uses, and technologies pertinent to a proposal.

Presenters who wish to hold demonstrations should consider whether a demonstration is able to be presented in a format that enables it to be viewed by participants and observers via Zoom. To ensure proper documentation of the hearings, the Office will require that a copy of any audio, visual, or audiovisual materials that have been prepared in advance (e.g., slideshows and videos) be provided to it following the hearing. The Office may contact witnesses individually ahead of time to ensure that demonstrations can be preserved for the record in an appropriate form.

C. Ex-Parte Communications

The Office plans to permit requests for *ex parte* meetings later this year. *Ex parte* communications may be used to supplement, but not substitute for, the written record and testimony at the public hearings.

The Office recently issued regulations governing *ex parte* communications during official rulemakings,³ which will govern in this proceeding. Pursuant to those regulations, summaries of any *ex parte* hearings will be publicly available on the Office's website and will be part of the written record. The Office will provide more information about the process, including the timing for meetings, on its web page following the completion of the public hearings. No *ex parte* meetings will be scheduled before that time.
