

importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also calculated an importer-specific *ad valorem* ratio based on estimated entered values.

Where either a respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Pursuant to a refinement in our non-market economy practice, for sales that were not reported in the U.S. sales data submitted by ZXM/XMT and Hangzhou Evernew during this review, we will instruct CBP to liquidate entries associated with those sales at the rate for the China-wide entity.⁸

For the respondents which were not selected for individual examination in this administrative review, and which qualified for a separate rate, the assessment rate will be equal to the weighted-average dumping margin assigned to them for the final results.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on, or after, the publication date of the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) the cash deposit rates for the companies identified above in the "Final Results of Review" section will be equal to the company-specific weighted-average dumping margin established in the final results of this administrative review; (2) for a previously investigated or reviewed exporter of subject merchandise not listed in the final results of review that has a separate rate, the cash deposit rate will continue to be the exporter's existing cash deposit rate; (3) for all Chinese exporters of subject

merchandise that do not have a separate rate, the cash deposit rate will be the cash deposit rate established for the China-wide entity, *i.e.*, 322.25 percent;⁹ and (4) for all exporters of subject merchandise that are not located in China and that are not eligible for a separate rate, the cash deposit rate will be the rate applicable to the China exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

As discussed in the *Preliminary Results*, we preliminarily determined that the record no longer supports a finding that ZXM should be collapsed with XMT subsequent to January 13, 2022, as ZXM ceased involvement with the production and/or exportation of subject merchandise prior to the POR, was acquired by an unrelated third-party a month prior, and all indicia of affiliation and/or control between the two companies ceased as of that date.¹⁰ Accordingly, we continue to review the single entity for the February 11, 2021, through January 13, 2022, segment of this review and for the purposes of subsequent assessment. This finding has not changed for the final results as no new evidence to the contrary has been timely placed on the record. Therefore, because XMT remains the only component of the former ZXM/XMT entity involved in the exportation of subject merchandise in the final results, we will assign the cash deposit rate only to XMT as the exporter, and instruct CBP to discontinue the ZXM/XMT combination rate.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as the final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(1).

Dated: February 2, 2024.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

I. Abstract

The CHIPS Incentives Program is authorized by title XCIX—Creating Helpful Incentives to Produce Semiconductors for America of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Pub. L. 116-283, referred to as the CHIPS Act or Act), as amended by the CHIPS Act of 2022 (Division A of Pub. L. 117-167). The CHIPS Incentives Program is administered by the CHIPS Program Office (CPO) within the National Institute of Standards and Technology (NIST) of the United States Department of Commerce (Department).

On February 28, 2023, the CHIPS Program Office (CPO) released a notice of funding opportunity (NOFO) to solicit applications for CHIPS Incentives that will support investments in the construction, expansion, and modernization of (a) commercial facilities in the United States for the front- and back-end fabrication of leading-edge, current-generation, and mature-node semiconductors; (b) commercial facilities in the United States for wafer manufacturing; and (c) commercial facilities in the United

States for materials used to manufacture semiconductors and semiconductor manufacturing equipment, provided that the capital investment, equals or exceeds \$300 million.

As stated on p. 14 of the NOFO, “[t]he Department will engage outside advisors, consultants, and/or attorneys at the due diligence stage. . . .” The information request seeks information from potential advisors, consultants, and/or attorneys to determine their qualifications to provide advice on transactions under the NOFO in fields such as construction management, corporate investigations and risk, finance and audits, insurance, market reviews, legal, real estate, and other technical issues.

II. Method of Collection

The CPO intends to collect information from applicants through email, although other methods, *e.g.*, interviews, etc., may also be leveraged.
