

filing. The proposed change modifies the Exchange's rules to correct citations to Rule 600(b) of Regulation NMS and make a grammatical correction, which should help prevent confusion and add clarity to the Exchange's rules. For these reasons, and because the proposal raises no novel legal or regulatory issues, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-MIAX-2024-04 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
- All submissions should refer to file number SR-MIAX-2024-04. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent

amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-MIAX-2024-04 and should be submitted on or before March 1, 2024.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²

Sherry R. Haywood,

Assistant Secretary.

SMALL BUSINESS ADMINISTRATION

Data Collection Available for Public Comments

ACTION: 60-Day notice and request for comments.

SUMMARY: The Small Business Administration (SBA) plans to seek approval from the Office of Management and Budget (OMB) to conduct the data collection activities described below. The Paperwork Reduction Act requires federal agencies to publish a notice in the **Federal Register** concerning each proposed collection of information to OMB, and to allow 60 days for the public to comment in response to the notice. This notice complies with such requirements and announces the SBA's proposal to conduct a survey of cluster administrators, small businesses, and partner organizations including Entrepreneurial Support Organizations (ESO) who participated in the SBA's Regional Innovation Cluster (RIC) Initiative.

DATES: Submit comments on or before April 7, 2024.

ADDRESSES: Send all comments to Alison Evans, Office of Investment and Innovation, 409 3rd Street SW, Suite 6300, Washington DC 20416, with the subject line: "Regional Innovation Cluster Program Evaluation"

FOR FURTHER INFORMATION CONTACT: Alison Evans, Office of Investment and Innovation (Alison.Evans@sba.gov), or Curtis B. Rich, Management Analyst, 202-205-7030, curtis.rich@sba.gov.

SUPPLEMENTARY INFORMATION: This is a request for the extension with changes to a currently approved collection (previous OMB number: 3245-0392). Through the RIC Initiative, the SBA is investing in regional clusters—geographic concentrations of interconnected companies, specialized suppliers, academic institutions, service providers, and associated organizations with a specific industry focus—throughout the United States that span a variety of industries. The three primary goals of the initiative are to (1) increase opportunities for small business participation within clusters, (2) promote innovation in the industries on which the clusters are focused, and (3) enhance economic development and growth in cluster regions. To achieve these goals, the clusters provide a host of services to the target population of small and emerging businesses within their regional and industry focuses. Services include direct business advising and support and sponsoring events, such as networking opportunities with investors, partner organizations, ESOs, and other stakeholders in the regions. This information collection is necessary for the SBA to understand the progress of the RIC Initiative towards achieving its goals.

The evaluation consists of two key components: an implementation evaluation and an outcome evaluation. The implementation evaluation focuses on how the Initiative is implemented across the fourteen clusters and on the services that each cluster provides to its small businesses. The outcome evaluation focuses on short and intermediate-term outcomes linked directly to the cluster services, as well as on long-term business outcomes that can be reasonably expected to result from the short- and intermediate-term outcomes. The short-term outcomes include the satisfaction and the perceived effectiveness of the program for business management and growth. The intermediate-term outcomes include development of new products, commercialization of new technologies,

¹¹ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹² 17 CFR 200.30-3(a)(12), (59).

marketing and export services, improved access to capital, and industry integration. Long-term outcomes include increased revenue and employment. Over the previous years, evaluation results have helped to track the program performance outcomes and provide suggestions for program improvements to better facilitate innovation and small business growth. Furthermore, the evaluation survey data helped the SBA to better focus cluster activities on local contexts, particularly for rural and agricultural small businesses. This data will not be used to evaluate the effectiveness of an individual cluster.

The data collection effort involves three types of RIC Initiative stakeholders: small businesses, partner organizations, and cluster administrators. Small businesses participating in the cluster will be sent an online survey to provide data about their cluster participation experiences, satisfaction with the program and its components, the performance of their firms with respect to a variety of outcomes, and the role of cluster participation in the achievement of these outcomes. Similarly, partner organizations will be asked to complete an online survey to provide data about their experiences with the RIC Initiative. The questions include reasons for the RIC participation, collaboration with and support for small businesses, and the role of cluster participation on key organizational outcomes associated with the RIC Initiative participation. Small businesses and partner organizations will also be interviewed once a year to obtain information on barriers, facilitators, and other local influences on cluster and ecosystem engagement, best practices to facilitate innovation, and suggestions for potential cluster improvements (among other topics). The cluster administrators will be asked to provide participant rosters, which provide the framework for the surveys that the small businesses and partner organizations are sent. The administrator survey requests information about the services they provided to these two groups of stakeholders, and their operations in general. Cluster administrators will also be interviewed once a year to obtain information about how their operations have evolved, the adjustments they made, best practices, issues encountered, and the lessons learned.
