

As part of that review, the online survey will be used to:

Measure the effect of the 2016–2017 HIPAA Audits on covered entities’ and business associates’ subsequent actions to comply with the HIPAA Rules.

Provide entities with an opportunity to give feedback on the Audit and its features, such as the helpfulness of

HHS’ guidance materials and communications, the utility of the online submission portal, whether the Audit helped improve entity compliance, and the entities’ responses to the Audit-report findings and recommendations.

Provide OCR with information on the burden imposed on entities to collect

audit-related documents and to respond to audit-related requests; and

Seek feedback on the effect of the HIPAA Audit program on the entities’ day-to-day business operations.

The information, opinions, and comments collected using the online survey will be used to improve future OCR HIPAA Audits.
