Such notification enables the charging party or any person aggrieved by the subject matter of the charge to commence action to enforce their rights without waiting for the lapse of 60 days. ■ 5. Amend § 1626.15 by revising paragraph (d) to read as follows:

BILLING CODE 6570–01–P

DEPARTMENT OF THE TREASURY

Office of Foreign Assets Control

31 CFR Part 510

North Korea Sanctions Regulations

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Final rule.

SUMMARY: The Department of the Treasury's Office of Foreign Assets Control (OFAC) is amending the North Korea Sanctions Regulations to modify a general license that authorizes certain transactions in support of specified humanitarian activities of nongovernmental organizations. Additionally, OFAC is adding general licenses to authorize the following: transactions related to the exportation and reexportation of items authorized by the U.S. Department of Commerce; the provision of certain agricultural commodities, medicine, and medical devices; and certain journalistic activities in North Korea.

DATES: This rule is effective February 16, 2024.

FOR FURTHER INFORMATION CONTACT: OFAC: Assistant Director for Licensing, tel.: 202–622–2480; Assistant Director for Regulatory Affairs, tel.: 202–622–4855; or Assistant Director for Compliance, tel.: 202–622–2490.

SUPPLEMENTARY INFORMATION:

Electronic Availability

This document and additional information concerning OFAC are available on OFAC's website: www.treas.gov/ofac.

Background

On November 4, 2010, OFAC issued the North Korea Sanctions Regulations, 31 CFR part 510 (75 FR 67912, November 4, 2010) (the “Regulations”). Since then, OFAC has amended the Regulations several times. OFAC is now amending the general license at § 510.512 of the Regulations, which authorizes certain transactions in support of specified humanitarian activities of nongovernmental organizations (NGOs) in North Korea, to broaden the activities and transactions authorized, including transactions with certain Government of North Korea entities that are necessary for the provision of services authorized by § 510.512, and make other changes. As a condition of the general license, NGOs relying on the authorization must submit a report to the U.S. Department of State no fewer than 30 days before the commencement of their activity indicating that the NGO's activities have been approved by or notified to the Security Council Committee established pursuant to United Nations Security Council resolution 1718 (2006), or that the NGO's activities do not require such an approval or notification. The U.S. Department of State may notify NGOs within the two-week period following submission of the report to inform them that their activities are not authorized by the NGO general license.

Additionally, this rule adds three new general licenses to the Regulations. Section 510.520 authorizes transactions incident to the exportation or reexportation to North Korea of items (commodities, software, or technology) subject to the Export Administration Regulations, 15 CFR parts 730 through 774 (EAR), that have been licensed or otherwise authorized by the U.S. Department of Commerce under the EAR, including on a “No License Required” (NLR) basis due to the availability of an EAR license exception. Section 510.521 authorizes the provision of certain agricultural commodities, medicine, and medical devices (excluding “luxury goods” as described in 15 CFR 746.4(b)(1)) that are not subject to the EAR to North Korea. Section 510.522 authorizes U.S. news reporting organizations and their employees to engage in certain journalistic activities in North Korea, which OFAC authorizes via specific license. Finally, this rule corrects a

typographic error in the authority citation.

Public Participation

Because this amendment of the Regulations involves a foreign affairs function, the provisions of Executive Order 12866 of September 30, 1993, “Regulatory Planning and Review” (58 FR 51735, October 4, 1993), as amended, and the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act (5 U.S.C. 601–612) does not apply.

Paperwork Reduction Act

The collections of information related to the Regulations are contained in 31 CFR part 501 (the “Reporting, Procedures and Penalties Regulations”). Pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), those collections of information have been approved by the Office of Management and Budget under control number 1505–0164. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number.

For the reasons set forth in the preamble, OFAC amends 31 CFR part 510 as follows:

(2) Estimated or actual dollar value of the transaction(s), as determined by the value of goods, services, or contracts;

Note 2 to § 510.512. This section does not relieve any person authorized thereunder from complying with any other applicable laws or regulations.

■ 3. Add § 510.520 to read as follows:

§ 510.520 Transactions ordinarily incident to the exportation or reexportation to North Korea of items licensed or otherwise authorized by the Department of Commerce, and related services.

All transactions ordinarily incident to the exportation or reexportation of items (commodities, software, or technology) to North Korea, including transactions with the Government of North Korea or any other person whose property and interests in property are blocked pursuant to § 510.201, and services provided outside North Korea to install, repair, or replace such items, are authorized, provided that the exportation or reexportation of such items to North Korea is licensed or otherwise authorized by the Department of Commerce.

■ 4. Add § 510.521 to read as follows:

§ 510.521 Exportation or reexportation to North Korea of certain agricultural commodities, medicine, medical devices, and replacement parts and components.

(a) All transactions prohibited by § 510.206 that are related to the exportation or reexportation to North Korea of agricultural commodities, medicine, medical devices, or replacement parts or components for medical devices, in each case that are not subject to the Export Administration Regulations (15 CFR parts 730 through 774) (EAR), are authorized, provided that the agricultural commodities, medicine, medical devices, or replacement parts or components:

- (4) Are not exported or reexported to any military, intelligence, or law enforcement purchaser or importer; and
- (5) Replacement parts are limited to a one-for-one export or reexport basis (*i.e.*, only one replacement part can be exported or reexported to replace a broken or non-operational part).

Note 1 to paragraph (a). Separate authorization from OFAC is required for export or reexport by a U.S. person to North Korea of items that are not subject to the EAR, other than agricultural commodities, medicine, medical devices, or replacement parts or components for medical devices as described in this paragraph. See § 510.512 for a general license authorizing certain transactions by nongovernmental organizations, including exports and

reexports of certain items that are not subject to the EAR.

(b) For the purposes of this section, agricultural commodities, medicine, and medical devices are defined as follows:

(1) *Agricultural commodities.* The term *agricultural commodities* means products:

(i) That fall within the term “agricultural commodity” as defined in section 102 of the Agricultural Trade Act of 1978 (7 U.S.C. 5602); and

(ii) That are intended for ultimate use as:

(A) Food for humans (including raw, processed, and packaged foods; live animals; vitamins and minerals; food additives or supplements; and bottled drinking water) or animals (including animal feeds);

(B) Seeds for food crops;

(C) Fertilizers for the purposes of food production; or

(D) Reproductive materials (such as live animals, fertilized eggs, embryos, and semen) for the production of food animals.

(ii) Is not on the List of Medical Devices Requiring Specific Authorization, which is maintained on OFAC’s website (www.treasury.gov/ofac) on the North Korea Sanctions page.

Note 2 to § 510.521. Pursuant to 17 CFR 746.4(a), a license from the Department of Commerce is required to export or reexport any item subject to the EAR to North Korea, except food and medicine designated as EAR99, unless a license exception applies.

■ 5. Add § 510.522 to read as follows:

(a) Subject to the conditions set forth in paragraph (b) of this section, news reporting organizations that are United States persons, and individuals who are United States persons regularly employed by news reporting organizations either as journalists (including photojournalists) or as supporting broadcast or technical personnel, are authorized to engage in the following transactions in North Korea, provided that such transactions are ordinarily incident and necessary to

their journalistic activities or the establishment or operation of a news bureau in North Korea:

(2) Leasing or renting office space;

(3) Purchasing, leasing, or renting North Korean-origin goods and services (*e.g.*, mobile phones and related airtime), selling such goods when no longer needed to persons other than the Government of North Korea or Worker’s Party of Korea, or importing them into the United States;

(ii) The exportation or reexportation is approved by the Security Council Committee established pursuant to United Nations Security Council resolution 1718 (2006), to the extent such approval is required; and

(iii) Such equipment remains under the effective control and in the physical possession of the news reporting organization or journalist exporting such equipment while it is in North Korea and is reexported from North Korea to the United States or a third country when no longer needed for journalistic activities in North Korea; and

(6) Paying for all expenses ordinarily incident and necessary to journalistic activities, including sales or employment taxes to the Government of North Korea.

Note 1 to paragraph (a). This section does not relieve any person authorized thereunder from complying with any other applicable laws or regulations. Pursuant to 15 CFR 746.4(a), a license from the Department of Commerce is required to export or reexport any item (commodities, software, or technology) subject to the EAR to North Korea, except food and medicine designated as EAR99, unless a license exception applies.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket Number USCG–2023–0903]

RIN 1625–AA08

Special Local Regulations; Sector Ohio Valley Annual and Recurring Special Local Regulations

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Final rule.

SUMMARY: The Coast Guard is amending and updating its special local regulations for recurring marine parades, regattas, and other events that take place in the Coast Guard Sector Ohio Valley area of responsibility (AOR). This rule informs the public of regularly scheduled events that require additional safety measures through the establishing of a special local regulation. Through this rulemaking, the current list of recurring special local regulations is updated with revisions, additional events, and removal of events that no longer take place in Sector Ohio Valley’s AOR. When these special local regulations are enforced, certain restrictions are placed on marine traffic in specified areas.

DATES: This rule is effective on March 18, 2024.

ADDRESSES: To view documents mentioned in this preamble as being

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Captain of the Port Sector Ohio Valley (COTP) is establishing, amending, and updating its current list of recurring special local regulations codified under 33 CFR 100.801 in Table no. 1, for the COTP Ohio Valley zone.

On December 13, 2023, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Sector Ohio Valley Annual and Recurring Special Local Regulations Update (86 FR 69602). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to those recurring regulated areas. During the comment period that ended January 12, 2024, no comments were received. A detailed description of the changes is provided in the proposed rule.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Coast Guard is amending and updating the special local regulations under 33 CFR part 100 to include the most up to date list of recurring special local regulations for events held on or around navigable waters within the Sector Ohio Valley AOR. These events include marine parades, boat races, swim events, and others. The current list under 33 CFR 100.801 requires amending to provide new information on existing special local regulations, include new special local regulations expected to recur annually or biannually, and to remove special local regulations that are no longer required. Issuing individual regulations for each new special local regulation, amendment, or removal of an existing special local regulation creates

unnecessary administrative costs and burdens. This rulemaking reduces administrative overhead and provides the public with notice through publication in the **Federal Register** of the upcoming recurring special local regulations.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published December 13th, 2023. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM. This rule amends and updates part 100 of 33 CFR by revising the current table for Sector Ohio Valley, and by adding four new recurring special local regulations, removing two special local regulations, and amending twenty-seven special local regulations as described in the NPRM. Vessels intending to transit the designated waterway through the safety zone will only be allowed to transit the area when the COTP, or designated representative, has deemed it safe to do so or at the completion of the event.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

The Coast Guard expects the economic impact of this rule to be minimal, and therefore a full regulatory evaluation is unnecessary. This rule establishes special local regulations limiting access to certain areas under 33 CFR 100 within Sector Ohio Valley’s AOR. The effect of this rulemaking will not be significant because these special local regulations are limited in scope and duration. Deviation from the special local regulations established through this rulemaking may be requested from the appropriate COTP and requests will be considered on a case-by-case basis.
