

Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting less than a week during hours that will prohibit entry within 1,100 yards of pollution response operations at the vessel ALEUTIAN STORM. It is categorically excluded from further review under paragraph L60(c) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to

coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

DEPARTMENT OF EDUCATION

34 CFR Part 5

RIN 1880-AA84

[Docket ID ED–2008–OM–0011]

Availability of Information to the Public; Correction

AGENCY: Office of the Secretary, Department of Education.

ACTION: Final rule; correction.

SUMMARY: On June 14, 2010, the Department of Education (Department) published in the **Federal Register** a final rule amending the Department’s Freedom of Information Act (FOIA) regulations, and a correction was published in the **Federal Register** on January 26, 2024. The 2010 final rule implemented amendments made to the FOIA statute and clarified how the Department processes FOIA requests for agency records, and the January 26, 2024, document corrected the administrative exhaustion provisions related to the Appeals of Adverse Determinations section in the FOIA regulations. We are correcting the title of that revised provision, which inadvertently was omitted in the January 26, 2024 correction. All other provisions in the FOIA regulations remain the same.

DATES: This correction is effective February 16, 2024.

FOR FURTHER INFORMATION CONTACT: Deborah O. Moore, Department of Education, 400 Maryland Avenue SW, Washington, DC 20202. Telephone: (202) 381–1414. Email: Deborah.Moore@ed.gov.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7–1–1.

SUPPLEMENTARY INFORMATION: On June 14, 2010, the Department published a

final rule amending the Department's FOIA regulations in 34 CFR part 5, including § 5.40(b) (Appeals of Adverse Determinations). On January 26, 2024, we corrected that provision to strike the last sentence, which contained erroneous language. 89 FR 5097.

Because the title of the corrected provision inadvertently was omitted in the amendatory instructions, we are correcting that provision to add back the original title, "Appeal requirements."

All other information in the 2010 final rule remains the same, except for the provisions that were amended on December 12, 2019 (84 FR 67865) and January 26, 2024 (89 FR 5097).

Waiver of Rulemaking

Under the Administrative Procedure Act (APA) (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed regulations. However, the APA provides that an agency is not required to conduct notice-and-comment rulemaking when the agency, for good cause, finds that notice and public comment are impracticable, unnecessary, or contrary to the public interest (5 U.S.C. 553(b)(B)).

Rulemaking is "unnecessary" in those situations in which "the administrative rule is a routine determination, insignificant in nature and impact, and inconsequential to the industry and to the public." *Utility Solid Waste Activities Group v. EPA*, 236 F.3d 749, 755 (D.C. Cir. 2001), quoting U.S. Department of Justice, *Attorney General's Manual on the Administrative Procedure Act* 31 (1947) and *South Carolina v. Block*, 558 F. Supp. 1004, 1016 (D.S.C. 1983).

There is good cause to waive rulemaking here, because rulemaking is unnecessary. The actions in this document merely correct an inadvertent deletion of an existing regulatory title and are not an exercise of the Department's discretion. Thus, the Secretary has determined that publication of a proposed rule is unnecessary under 5 U.S.C. 553(b)(B).
