The Board will begin in closed session on February 7 from 9:20 a.m. to 10:20 a.m. in Room M2 of the Pentagon Library Conference Center. The DFO will begin the closed session followed by a welcome by Board Chair. The Board will receive a classified discussion on the “Replicator” Initiative from Hon. Kathleen Hicks, Deputy Secretary of Defense; Ms. Aditi Kumar, Deputy Director for Strategy, Policy, and National Security Partnerships at Defense Innovation Unit; and Ms. Joy Shanaberger, Senior Advisor to the Deputy Secretary of Defense. This discussion focuses on DoD’s initiative on meeting critical warfighter needs at speed and scale. The DFO will adjourn the closed session. The Board will reconvene in open session February 7 from 10:20 a.m. to 11:35 a.m. The DFO will begin the public session followed by a discussion on Supply Chain Risk Management from Brigadier General Stephanie Howard, U.S. Army Reserve, Executive Director for Operational Contract Support, Office of the Under Secretary of Defense for Acquisition and Sustainment. This segment will focus on supply chain risk management in the context of strategic competition, including how DoD can access and share information while protecting intellectual property. The discussion will focus on the experience of business leaders in managing similar challenges within large companies, and best practices for evaluating risks. The DFO will then adjourn the open session. The latest version of the agenda will be available on the DBBs website at: <https://dbb.dod.afpims.mil/Meetings/Meeting-February-2024/>.

**Meeting Accessibility:** In accordance with 5 U.S.C. 1009(d) and 41 CFR 102–3.155, it is hereby determined that the February 6–7 meeting of the Board will include classified information and other matters covered by 5 U.S.C. 552b(c)(1) and that, accordingly, portions of the meeting will be closed to the public. This determination is based on the consideration that it is expected that discussions throughout the closed portions will involve classified matters of national security. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of these portions of the meeting. To permit these portions of the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the

Board’s findings and recommendations to the Secretary of Defense and the Deputy Secretary of Defense. Pursuant to 5 U.S.C. 1009(a)(1) and 41 CFR 102–3.140, the portion of the meeting on February 7 from 9 a.m. to 11:40 a.m. is open to the public virtually. Persons desiring to attend the public sessions are required to register. To attend the public sessions, submit your name, affiliation/organization, telephone number, and email contact information to the Board at [osd.pentagon.odam.mbx.defense-business-board@mail.mil](mailto:osd.pentagon.odam.mbx.defense-business-board@mail.mil). Requests to attend the public sessions must be received no later than 12 p.m. on Monday, February 5, 2024. Upon receipt of this information, the Board will provide further instructions for virtually attending the meeting.

**Written Comments and Statements:** Pursuant to 41 CFR 102–3.105(j) and 102–3.140 and 5 U.S.C. 1009(a)(3) of the FACA, the public or interested organizations may submit written comments or statements to the Board in response to the stated agenda of the meeting or regarding the Board’s mission in general. Written comments or statements should be submitted to Ms. Cara Allison Marshall, the DFO, via electronic mail (the preferred mode of submission) at the address listed in the **FOR FURTHER INFORMATION CONTACT** section. Each page of the comment or statement must include the author’s name, title or affiliation, address, and daytime phone number. The DFO must receive written comments or statements submitted in response to the agenda set forth in this notice by 12 p.m. on Monday, February 5, 2024, to be considered by the Board. The DFO will review all timely submitted written comments or statements with the Board Chair and ensure the comments are provided to all members of the Board before the meeting. Written comments or statements received after this date may not be provided to the Board until its next scheduled meeting. Please note that all submitted comments and statements will be treated as public documents and will be made available for public inspection, including, but not limited to, being posted on the Board’s website.

*Total Estimated Number of Annual Burden Hours:* 52.

**Abstract:** The Department of Education (the Department) is requesting a new information collection, 1845–NEW, Foreign Institution Reporting Requirements under the CARES Act, be made available for full clearance with public comment. Section 3510(a) of the CARES Act, Public Law 116–136 (March 27, 2020), authorized the Secretary of Education (Secretary) to permit a foreign institution, in the case of a public health emergency, major disaster or emergency, or national emergency declared by the applicable government authorities in the country in which the foreign institution is located, to provide any part of an otherwise eligible program to be offered via distance education for the duration of such emergency or disaster and the following payment period for purposes of title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 *et seq.*). Additionally, under section 3510(d) of the CARES Act, the Secretary may allow a foreign institution to enter into a written arrangement with an institution of higher education located in the United States that participates in the Federal Direct Loan Program under part D of title IV of the Higher Education Act of 1965 (20 U.S.C. 1087a *et seq.*) for the purpose of allowing a student of the foreign institution who is a borrower of a loan made under such part to take courses from the institution of higher education located in the United States. The CARES Act requires foreign institutions that use either type of authority described above to report such use to the Secretary. Institutions are required to report use of either distance education or written arrangements to the Department no later than 30 days after it begins offering coursework online to Direct Loan recipients. The Department must also collect specific information from a school that requests a waiver in order to determine if the school is eligible to receive the waiver. On May 12, 2020, Federal Student Aid, an Office of the Department, notified foreign institutions of the new authority and requested that any foreign institution who wished to utilize this new authority to respond with information specified in the email. This

information collection was discontinued following the discontinuation of the national COVID–19 emergency status. However, due to other global situations we are now requesting a new collection to allow for the on-going use of the CARES Act waiver.

## DEPARTMENT OF ENERGY

### National Nuclear Security Administration

#### Record of Decision for the Final Site-Wide Environmental Impact Statement for Continued Operation of the Lawrence Livermore National Laboratory

**AGENCY:** National Nuclear Security Administration, Department of Energy.

**ACTION:** Record of decision.

**SUMMARY:** The National Nuclear Security Administration (NNSA), a semi-autonomous agency within the U.S. Department of Energy (DOE), is issuing this Record of Decision (ROD) for the Final Site-Wide Environmental Impact Statement (SWEIS) for Continued Operation of the Lawrence Livermore National Laboratory (LLNL) in California (Final LLNL SWEIS) (DOE/EIS–0547). NNSA prepared the Final LLNL SWEIS to analyze the potential environmental impacts associated with reasonable alternatives for continuing LLNL operations and foreseeable new and/or modified operations and facilities for approximately the next 15 years. The SWEIS analyzes two alternatives: No-Action Alternative and Proposed Action. In this ROD, NNSA announces its decision to implement the Proposed Action.

**FOR FURTHER INFORMATION CONTACT:** For further information on this ROD or the LLNL SWEIS, contact: Thomas Grim, National Environmental Policy Act (NEPA) Document Manager, National Nuclear Security Administration, Livermore Field Office, P.O. Box 808, Livermore, CA 94551; via email at [LLNLSWEIS@nnsa.doe.gov](mailto:LLNLSWEIS@nnsa.doe.gov), or by phone at (833)778–0508. This ROD, the LLNL SWEIS, and related NEPA documents are available at [www.energy.gov/nnsa/nnsa-nepa-reading-room](http://www.energy.gov/nnsa/nnsa-nepa-reading-room).

**SUPPLEMENTARY INFORMATION:**

## Background

The NNSA is responsible for meeting the national security requirements established by the President and Congress to maintain and enhance the safety, reliability, and performance of the U.S. nuclear weapons stockpile. The continued operation of LLNL is critical to NNSA's Stockpile Stewardship and Management Program, to prevent the spread and use of nuclear weapons worldwide, and to many other areas that may impact national security and global stability (50 U.S.C. 2521).

LLNL is a federally funded research and development center that conducts research for the U.S. Government in accordance with 48 CFR 35.017. LLNL has been in existence since 1952, employs approximately 8,000 people (employees and contractors), and has a current annual budget of approximately \$3 billion.

LLNL consists of two federally owned sites: an 821-acre site in Livermore, California (Livermore Site), and a 7,000-acre experimental test site (Site 300) southeast of the Livermore Site between Livermore and Tracy, California. Most LLNL operations are located at the Livermore Site, which is situated about 50 miles east of San Francisco in southeastern Alameda County. Site 300 is primarily a test site for high explosives and non-nuclear weapons components; it is located about 15 miles southeast of Livermore in the hills of the Diablo Range. LLNL's primary responsibility is ensuring the safety, reliability, and performance of the nation's nuclear weapons stockpile. However, LLNL's mission is broader than stockpile stewardship, as dangers ranging from nuclear proliferation and terrorism to biosecurity and climate change threaten national security and global stability. More than eighteen (18) years have passed since the publication of the 2005 Final Site-wide Environmental Impact Statement for Continued Operation of Lawrence Livermore National Laboratory and Supplemental Stockpile Stewardship and Management Programmatic Environmental Impact Statement (2005 LLNL SWEIS). Because of proposed plans for new facilities, demolition of older facilities, enhanced and modernized site utilities projects, as well as needed modifications/upgrades of existing facilities to ensure ongoing safe operations, NNSA determined that it was appropriate to update the previous 2005 LLNL SWEIS analysis.

Under the No-Action Alternative, NNSA would continue current facility operations throughout LLNL in support of assigned missions. The No-Action
