FEDERAL TRADE COMMISSION

[File No. P222100]

Horseracing Integrity and Safety Authority Registration Rule Modification

AGENCY: Federal Trade Commission.

ACTION: Notice of Horseracing Integrity and Safety Authority (HISA) proposed rule modification; request for public comment.

SUMMARY: As required by the Horseracing Integrity and Safety Act of 2020, the Federal Trade Commission publishes a proposed modification of the Horseracing Integrity and Safety Authority's rules addressing horseracing in the United States. The proposed rule modification would amend the Rule Series 9000 Registration Rules, which establish the registration requirements applicable to all Covered Horses, Covered Persons, and Racetracks. This document contains the Authority's proposed rule modification's text and explanation, and it seeks public comment on whether the Commission should approve the proposed rule modification.

DATES: The Commission must approve or disapprove the proposed modification on or before April 22, 2024. If approved, the proposed rule modification would be effective on July 1, 2024. Comments must be filed on or before March 5, 2024.

ADDRESSES: Interested parties may file a comment online or on paper by following the instructions in the Comment Submissions part of the **SUPPLEMENTARY INFORMATION** section below. Write "HISA Registration Rule Modification" on your comment and file your comment online at <https://www.regulations.gov> by following the instructions on the web-based form. If you prefer to file your comment on paper, mail your comment to the following address: Federal Trade Commission, Office of the Secretary, 600 Pennsylvania Avenue NW, Mail Stop H-144 (Annex H), Washington, DC 20580.

FOR FURTHER INFORMATION CONTACT: Sarah Botha (202-326-2036), Attorney Advisor and Acting HISA Program Manager, Office of the Executive Director, Federal Trade Commission,

600 Pennsylvania Avenue NW, Washington, DC 20580.

SUPPLEMENTARY INFORMATION: The Horseracing Integrity and Safety Act of 2020¹ (the "Act") recognizes a self-regulatory nonprofit organization, the Horseracing Integrity and Safety Authority ("HISA" or the "Authority"), which is charged with developing proposed rules on a variety of subjects. Those proposed rules and later proposed rule modifications take effect only if approved by the Federal Trade Commission.² The proposed rules and rule modifications must be published in the **Federal Register** for public comment.³ Thereafter, the Commission has 60 days from the date of publication to approve or disapprove the proposed rule or rule modification.⁴

Pursuant to Section 3053(a) of the Act and Commission Rule 1.142, notice is hereby given that, on September 27, 2023, the Authority filed with the Commission a proposed Registration Rule modification and supporting documentation as described in Items I, II, III, IV, and IX below, which Items have been prepared by the Authority. The Office of the Secretary of the Commission determined that the filing complied with the Commission's rule governing such submissions.⁵ The Commission is publishing this document to solicit comments on the proposed rule modification from interested persons.

I. Self-Regulatory Organization's Statement of the Background, Purpose of, and Statutory Basis for the Proposed Rule Modification

a. Background and Purpose

The Act recognizes that the establishment of a national set of uniform standards for racetrack safety and medication control will enhance the safety and integrity of horseracing. On April 25, 2022, the Authority filed with the Commission the Rule 9000 Series, which establishes the registration requirements for Covered Persons and Covered Horses. The Rule 9000 Series was published in the **Federal Register** on May 17, 2022,⁶ and approved by the Commission by Order dated June 29, 2022.⁷

¹ 15 U.S.C. 3051 through 3060.

² 15 U.S.C. 3053(b)(2).

³ 15 U.S.C. 3053(b)(1).

⁴ 15 U.S.C. 3053(c)(1).

⁵ 16 CFR 1.140 through 1.144; *see also* FTC, Procedures for Submission of Rules Under the Horseracing Integrity and Safety Act, 86 FR 54819 (Oct. 5, 2021).

⁷ FTC, Order Approving the Registration Rule Proposed by the Horseracing Integrity and Safety

The Authority now proposes modifications to several provisions in the Rule 9000 Series. This submission is made in order to comply with the Commission's March 27, 2023 Order that directed "the Authority to review all of its existing rules (Racetrack Safety, Assessment Methodology, Enforcement, Registration, and ADMC) and submit any proposed rule modifications to the Commission by September 27, 2023."⁸ The Authority has reviewed all of its existing rules and this submission is filed in accordance with the March 27, 2023 Order. The modifications are limited in scope and build upon the registration system already in place. An additional reason for proposing the rule modification is to clarify and refine various details in the Rule 9000 Series Registration Rules in a manner that is consistent with the Act. The modifications are outlined in detail in Section II of this Document. In general terms, the modifications enhance and refine the requirements and procedures for the registration of Covered Persons, Covered Horses, and Racetracks.

The safety and welfare of Covered Horses will be affected and enhanced by this rule modification because the modifications will enable the Authority to possess accurate and timely information concerning Covered Persons and Covered Horses. Covered Persons will be affected by modifications that alter slightly some of the registration requirements, but the requirements as altered are not burdensome. The registration of Covered Horses and Covered Persons, including racetracks, furthers the purpose of enhancing the safety, welfare, and integrity of Covered Persons and Covered Horses, and the safe conduct of Covered Horseraces will be affected and enhanced as a result. An effective registration system provides Covered Persons with the information and guidance necessary to properly register with the Authority, establishes certain exemptions to registration, requires that registration information be updated as necessary, and provides for the registration of Covered Horses. It also requires that Covered Persons provide and update their contact information with the Authority, so that the Authority may contact a Covered Person quickly in order to address any
