

October 5, 2023, of human remains recovered from a seizure in Indiana. At an unknown date, human remains representing, at minimum, six individuals were removed from unknown areas in the Eastern Arkansas Mississippi River Valley region. Following their removal, the human remains were transported to Indiana, where they remained as part of a private collection of Native American antiquities and cultural heritage. In April 2014, the human remains were seized by the FBI as part of a criminal investigation. The human remains represent six individuals. No associated funerary objects are present.

Based upon the historical record, site analysis, evidence obtained through criminal investigation, osteological analysis, and tribal consultation, the ARAS believes that there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Quapaw Nation.

#### Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes, ARAS has determined that:

- The human remains described in this notice represent the physical remains of six individuals of Native American ancestry.
- There is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Quapaw Nation.

#### Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains in this notice to a requestor may occur on or after March 25, 2024. If competing requests for repatriation are received, ARAS must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. ARAS is responsible for notifying the Quapaw

Nation that this notice has been published.

This notice was submitted before the effective date of the revised regulations (88 FR 86452, December 13, 2023, effective January 12, 2024). As the notice conforms to the mandatory format of the **Federal Register** and includes the required information, the National Park Service is publishing this notice as submitted.

*Authority:* Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: February 14, 2024.
