

operations below 1,500 feet above the surface on the RNAV (GPS) RWY 31 approach.

In addition, the FAA is proposing to extend the Class E airspace extending upward from 700 feet above the surface northwest to include that airspace within 2 miles on either side of the airport's 322° bearing extending from the 6.5-mile radius to 9.6 miles northwest of the airport. This would contain arriving IFR operations below 1,500 feet above the surface while executing the RNAV (GPS) RWY 13 approach.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, *Environmental Impacts: Policies and Procedures*, prior to any FAA final regulatory action.

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11H, Airspace Designations and Reporting Points, dated August 11, 2023, and effective September 15, 2023, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AWP CA E5 Hollister, CA [Amended]

Hollister Municipal Airport, CA
(Lat. 36°53'36" N, long. 121°24'37" W)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of the airport, within 1.2 miles northeast and 1.1 miles southwest of the 142° bearing from the airport extending from the 6.5-mile radius to 8.2 miles southeast of the airport, and that airspace within 2 miles either side of the 322° bearing from the airport extending from the 6.5-mile radius to 9.6 miles northwest of the airport.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2024–0272; Airspace Docket No. 24–AGL–3]

RIN 2120–AA66

Amendment of Class E Airspace; Greenville and Vandalia, IL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class E airspace at Greenville, IL, and Vandalia, IL. The FAA is proposing this action as the result of airspace reviews conducted due to the decommissioning of the Vandalia very high frequency omnidirectional range (VOR) as part of the VOR Minimum Operating Network (MON) Program. The geographic coordinates of the airports would also be updated to coincide with the FAA's aeronautical database. This action will bring the airspace into compliance with FAA orders to support instrument flight rule (IFR) operations.

DATES: Comments must be received on or before April 11, 2024.

ADDRESSES: Send comments identified by FAA Docket No. FAA–2024–0271 and Airspace Docket No. 24–AGL–3 using any of the following methods:

* *Federal eRulemaking Portal:* Go to www.regulations.gov and follow the online instruction for sending your comments electronically.

* *Mail:* Send comments to Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

* *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

* *Fax:* Fax comments to Docket Operations at (202) 493–2251.

Docket: Background documents or comments received may be read at www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FAA Order JO 7400.11H, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. You may also contact the Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the

safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class E airspace extending upward from 700 feet above the surface at Greenville Airport, Greenville, IL, and Vandalia Municipal Airport, Vandalia, IL, to support IFR operations at these airports.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it received on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT post these comments, without edit, including any personal information the commenter provides, to www.regulations.gov as described in the system of records notice (DOT/ALL-14FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address,

phone number, and hours of operations). An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Incorporation by Reference

Class E airspace is published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11H, dated August 11, 2023, and effective September 15, 2023. These updates would be published subsequently in the next update to FAA Order JO 7400.11. That order is publicly available as listed in the **ADDRESSES** section of this document.

FAA Order JO 7400.11H lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing to amend 14 CFR part 71 by:

Modifying the Class E airspace extending upward from 700 feet above the surface to within a 6.4-mile (decreased from a 7-mile) radius of Greenville Airport, Greenville, IL; and updating the geographic coordinates of the airport to coincide with the FAA's aeronautical database;

And modifying the Class E airspace extending upward from 700 feet above the surface at Vandalia Municipal Airport, Vandalia, IL, by updating the geographic coordinates of the airport to coincide with the FAA's aeronautical database.

The FAA is proposing this action as the result of airspace reviews conducted due to the decommissioning of the Vandalia VOR as part of the VOR MON Program and to support IFR operations.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal.

Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

BILLING CODE 4910-13-P

COMMODITY FUTURES TRADING COMMISSION

17 CFR Parts 1 and 23

RIN 3038-AF23

Operational Resilience Framework for Futures Commission Merchants, Swap Dealers, and Major Swap Participants

AGENCY: Commodity Futures Trading
Commission.

ACTION: Extension of comment period.

SUMMARY: On December 18, 2023, the Commodity Futures Trading Commission (Commission) issued a notice of proposed rulemaking (NPRM) titled Operational Resilience Framework for Futures Commission Merchants, Swap Dealers, and Major Swap Participants. The comment period for the NPRM was to close on March 2, 2024. The Commission is extending the comment period for this NPRM by an additional 30 days to April 1, 2024.

DATES: The comment period for the NPRM titled Operational Resilience Framework for Futures Commission Merchants, Swap Dealers, and Major Swap Participants is extended through April 1, 2024.

ADDRESSES: You may submit comments, identified by RIN 3038-AF23, by any of the following methods:

- **CFTC Comments Portal:** <https://comments.cftc.gov>. Select the “Submit Comments” link for this rulemaking and follow the instructions on the Public Comment Form.

- **Mail:** Send to Christopher Kirkpatrick, Secretary of the Commission, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW, Washington, DC 20581.

- **Hand Delivery/Courier:** Follow the same instructions as for Mail, above.

Please submit your comments using only one of these methods. Submissions through the CFTC Comments Portal are encouraged.

All comments must be submitted in English, or if not, accompanied by an

English translation. Comments will be posted as received to <https://comments.cftc.gov>. You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act (FOIA), a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.¹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse, or remove any or all of your submission from <https://comments.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the rulemaking will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the FOIA.

FOR FURTHER INFORMATION CONTACT:

Amanda L. Olear, Director, at 202-418-5283 or aolear@cftc.gov; Pamela Geraghty, Deputy Director, at 202-418-5634 or pgeraghty@cftc.gov; Fern Simmons, Associate Director, at 202-418-5901 or fsimmons@cftc.gov; Elise Bruntel, Special Counsel, at 202-418-5577 or ebruntel@cftc.gov; Market Participants Division, Commodity Futures Trading Commission, Three Lafayette Centre, 1151 21st Street NW, Washington, DC 20581.

SUPPLEMENTARY INFORMATION: On December 13, 2023, the Commission approved an NPRM proposing to require that futures commission merchants, swap dealers, and major swap participants establish, document, implement, and maintain an Operational Resilience Framework (ORF) reasonably designed to identify, monitor, manage, and assess risks relating to information and technology security, third-party relationships, and emergencies or other significant disruptions to normal business operations.² The framework would include three components—an information and technology security program, a third-party relationship

program, and a business continuity and disaster recovery plan—supported by broad requirements relating to governance, training, testing, and recordkeeping. The proposed rule would also require certain notifications to the Commission and customers or counterparties. The Commission further proposed guidance relating to the management of risks stemming from third-party relationships.

The ORF NPRM was published on the Commission’s website on December 18, 2023, making it available for public comment through March 2, 2024, for a total comment period of 75 days.³ In response to a request from commenters, the Commission is extending the comment period for the ORF NPRM by an additional 30 days to April 1, 2024, for a total comment period of 105 days.⁴ This extension of the comment period will allow interested persons additional time to analyze the proposal and prepare their comments.

Issued in Washington, DC, on February 21, 2024, by the Commission.

Christopher Kirkpatrick,

Secretary of the Commission.

Note: The following appendix will not appear in the Code of Federal Regulations.

Appendix to Operational Resilience Framework for Futures Commission Merchants, Swap Dealers, and Major Swap Participants—Commission Voting Summary

On this matter, Chairman Behnam and Commissioners Johnson, Goldsmith Romero, Mersinger, and Pham voted in the affirmative. No Commissioner voted in the negative.
