[Docket No. 240215–0049]
RIN 0694–AJ53
Additions of Entities, Revisions of Entries, and Removal of an Entity From the Entity List
AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.
SUMMARY: The Bureau of Industry and Security is amending the Export Administration Regulations (EAR) by adding two entities under seven entries to the Entity List. These entities are listed under the destinations of Canada (1), the People’s Republic of China (China) (1), India (1), Japan (1), Malaysia (1), Sweden (1), and the United Arab Emirates (UAE) (1). Some entities are added under multiple entries, accounting for the difference in the totals. This final rule also modifies two

existing entries on the Entity List under the destination of China. This final rule removes one entity under the destination of the UAE.

DATES: This rule is effective February 27, 2024.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR (15 CFR parts 730–774)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States, pursuant to § 744.11(b). The EAR impose additional license requirements on, and limit the availability of, most license exceptions for exports, reexports, and transfers (in-country) where a listed entity is a party to the transaction. The license review policy for each listed entity is identified in the “License Review Policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document that adds the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

Additions to the Entity List

The ERC determined to add Chengdu Beizhan Electronics Co. Ltd., to the Entity List under the destination of China for acquiring and attempting to acquire U.S.-origin items on behalf of the University of Electronic Science and Technology, an entity on the BIS Entity List. These activities are contrary to U.S.

national security and foreign policy interests under § 744.11 of the EAR. This entity is added with a license requirement for all items subject to the EAR. The entity is added with a license review policy of a presumption of denial.

The ERC determined to add Sandvine Incorporated, under the destinations of Canada, India, Japan, Malaysia, Sweden, and the United Arab Emirates to the Entity List. This addition is being made based on information that Sandvine supplies deep packet inspection technology to the Government of Egypt, where it is used in mass web-monitoring and censorship to block news as well as target political actors and human rights activists. These activities are contrary to the national security and foreign policy interests of the United States under § 744.11 of the EAR. These entities are added with a license requirement for all items subject to the EAR. They are added with a license review policy of a presumption of denial.

For the reasons described above, this final rule adds the following 2 entities under 7 entries to the Entity List and includes, where appropriate, aliases:

Canada

- Sandvine Incorporated.

China

- Chengdu Beizhan Electronics Co., Ltd.

India

- Sandvine Incorporated.

Japan

- Sandvine Incorporated.

Malaysia

- Sandvine Incorporated.

Sweden

- Sandvine Incorporated.

United Arab Emirates

- Sandvine Incorporated.

Modifications to the Entity List

This final rule implements the decision of the ERC to modify two existing entries on the Entity List, both under the destination of China. The ERC determined to revise the entry for Beijing China Aviation Technology Co., Ltd., by adding an alias to the entry for a total of five aliases. In addition, the ERC determined to revise the entry for Rayscience Optoelectronics Innovation Co., Ltd., to add one alias and one additional address.

Removal From the Entity List

The ERC determined to remove Jazirah Aviation Club under the

destination of the UAE from the Entity List based on the review the ERC conducted in accordance with the procedures described in supplement no. 5 to part 744 of the EAR.

Savings Clause

For the changes being made in this final rule, shipments of items removed from eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export, reexport, or transfer (in-country), on February 27, 2024, pursuant to actual orders for export, reexport, or transfer (in-country) to or within a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR) before March 28, 2024. Any such items not actually exported, reexported or transferred (in-country) before midnight, on March 28, 2024, require a license in accordance with this final rule.

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801–4852). ECRA provides the legal basis for BIS’s principal authorities and serves as the authority under which BIS issues this rule.
