

information that respondents must submit in order to seek the assistance of CBP to protect against infringing imports is specified for trademarks under 19 CFR 133.2 and 133.3, and the information to be submitted for copyrights is specified under 19 CFR 133.32 and 133.33. Trademark, trade name, and copyright owners seeking border enforcement of their intellectual property rights provide information to CBP beyond that which they submitted to either the U.S. Patent and Trademark Office or the U.S. Copyright Office to obtain their registration. This revision adds the new e-Recordation online application, located at <https://iprr.cbp.gov/>.

E-Recordation applicants may provide as much additional information as they would like that would aid CBP in authenticating their genuine merchandise and distinguishing it from non-genuine merchandise, such as a Product Identification or Authentication Guides, lists of licensees and authorized manufacturers, and Applicants can supplement their application with additional information at any time by emailing the e-Recordation team at IPRRQuestions@cbp.dhs.gov. All information provided to CBP is housed in a secure database that can be viewed by CBP and Homeland Security Investigations personnel with a need to know. Limited information regarding the recorded trademark, trade name or copyright is published online to inform the public of which registrations are receiving border enforcement. <https://iprr.cbp.gov/s/>.

On December 15, 2017, CBP published a final rule in the **Federal Register** (82 FR 59511) regarding Donations of Technology and Related Support Services to Enforce Intellectual Property Rights. The final rule added 19 CFR 133.61 in a Subpart H to the CBP regulations which authorizes CBP to accept donations of hardware, software, equipment, and similar technologies, as well as related support services and training, from private sector entities, for the purpose of assisting CBP in enforcing intellectual property rights (IPR). A donation offer must be submitted to CBP either via email, to dap@cbp.dhs.gov, or mailed to the attention of the Executive Assistant Commissioner, Office of Field Operations, or his/her designee.

The donation offer must describe the proposed donation in sufficient detail to enable CBP to determine its compatibility with existing CBP technologies, networks, and facilities (e.g., operating system or similar requirements, power supply requirements, item size and weight,

etc.). The donation offer must also include information pertaining to the donation's scope, purpose, expected benefits, intended use, costs, and attached conditions, as applicable, that is sufficient to enable CBP to evaluate the donation and make a determination as to whether to accept it. CBP will notify the donor, in writing, if additional information is requested or if CBP has determined that it will not accept the donation. If CBP accepts a donation, CBP will enter into a signed, written agreement with an authorized representative of the donor. The agreement must contain all applicable terms and conditions of the donation.
