SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for an extension of an already approved collection of information. In 2021 the Secretary held a referendum among eligible manufacturers to determine whether they favored the implementation of an Order to establish an orderly program for developing, financing, and carrying out an effective, continuous, and coordinated program of research, education and promotion, to support the concrete masonry products industry. The referendum passed and the Order went into effect in December 2021. The law requires the Secretary to conduct an additional referendum in the event: the Board requests such action or if after five years (2026) at least 25 percent of those eligible request such action. Continuation of this approved collection will cover both of these potential occurrences.

In 2022, the Secretary appointed members to the Concrete Masonry Products Board (Board) to develop and implement programs of research, education, and promotion. In 2023, the Board began collecting assessments

from manufacturers of concrete masonry units, of which the Board will use to implement programs and activities.

There are two forms in this Information Collection Request (ICR) relating to the referendum. The first is the registration form for the concrete referendum. The registration form may be submitted by eligible concrete masonry unit manufacturers and is necessary to ensure that the referendum is accurate and complete. Manufacturers only may participate in the referendum if they register. The second form for this ICR relates to the ballot form for the concrete referendum. Eligible concrete masonry unit manufacturers may complete and submit the ballot to reflect their desire for or against implementing the order. Authorizing Statute: 15 U.S.C. chapter 13 (sections 8701–8717).
