[Docket Number USCG-2024-0166]

RIN 1625-AA00

Safety Zone; St. Petersburg, Florida

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of Tampa Bay, in the vicinity of the St. Petersburg Municipal Yacht Basin, during a racing event in St. Petersburg, FL. The safety zone is necessary to ensure the safety of participant vessels, spectators, and the general public during the event. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port St. Petersburg or a designated representative.

DATES: This rule is effective daily from 6 a.m. until 10 p.m., on March 7, 2024, through March 10, 2024.

NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose, and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good

cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable and contrary to public interest. The Coast Guard did not receive notice that a safety zone would be part of the pre-scheduled Firestone Grand Prix race event until February 15, 2024. This action is necessary for the protection of life and property on the navigable waters of the United States. The event would begin before the rulemaking process would be completed. It is impracticable to publish an NPRM because we must establish this safety zone by March 7, 2024.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. It is impracticable and contrary to the public interest to delay this rule because it is necessary to protect spectators, vessels, and the marine environment from potential hazards created by the race event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port St. Petersburg (COTP) has determined that potential hazards associated with the race event near St. Petersburg Municipal Yacht Basin. This rule is necessary to ensure the safety of the spectators, the general public, vessels and the navigable waters of St. Petersburg, FL, during the race event.

IV. Discussion of the Rule

This rule establishes a safety zone on certain waters near the Municipal Yacht Basin in St. Petersburg, FL, during the Firestone Grand Prix race event in St. Petersburg, FL. This safety zone will be enforced from 6 a.m. until 10 p.m., daily on March 7, 2024 through March 10, 2024. The safety zone will cover all navigable waters within a specified area of Tampa Bay, during the race event. The safety zone is needed to protect the public, vessels, and the marine environment from potential hazards created by spectators of the race event. No person or vessel will be permitted to enter, transit through, anchor in, or remain within the safety zone without obtaining permission from the COTP or a designated representative. If authorization to enter, transit through, anchor in, or remain within the safety zone is granted by the COTP or a designated representative, all persons and vessels receiving such authorization

must comply with the instructions of the COTP or a designated representative. The Coast Guard will provide notice of the safety zone by Broadcast Notice to Mariners, and/or by on-scene designated representatives.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protesters.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the, location, duration, and scope of the safety zone. This rule involves a safety zone that will prohibit persons and vessels from entering, transiting through, anchoring in, or remaining within certain waters around Municipal Yacht Basin, in St. Petersburg, FL during the Firestone Grand Prix of St. Petersburg race event lasting four days.

Although persons and vessels may not enter, transit through, anchor in, or remain within the safety zone without authorization from the COTP or a designated representative, they will be able to safely transit around the zone. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the safety zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a

significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes,

or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that will prohibit persons and vessels from entering, transiting through, anchoring in, or remaining within within certain waters around Municipal Yacht Basin, in St. Petersburg, FL during the Firestone Grand Prix of St. Petersburg race event lasting four days. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

SUPPLEMENTARY INFORMATION: The National Archives and Records Administration (NARA) is amending our regulations to allow individuals to submit electronic Privacy Act requests. The revision will incorporate the requirements of the CASES Act and OMB Memo M–21–04. These authorities require agencies to provide a digital service option for individuals to make a digital Privacy Act request. The revised regulation will describe how individuals can make a digital Privacy Act request through NARA’s website.

Regulatory Analysis

Review Under Executive Order 12866, Regulatory Planning and Review, 58 FR 51735; Executive Order 13563, Improving Regulation and Regulation Review, 76 FR 23821; and Executive Order 14094, Modernizing Regulatory Review, 88 FR 21879

The Office of Management and Budget (OMB) has reviewed this rule and determined it is not “significant” under section 3(f) of Executive Order 12866. It is not significant because it consists of administrative and minor revisions, involves agency organization and management, does not change substantive requirements, and imposes no costs on the public.

Review Under the Regulatory Flexibility Act (5 U.S.C. 601, et seq.)

This review requires an agency to prepare an initial regulatory flexibility analysis and publish it when the agency publishes the proposed rule. This requirement does not apply if the agency certifies that the rulemaking will not, if promulgated, have a significant economic impact on a substantial number of small entities (5 U.S.C. 603). We certify, after review and analysis, that this rule will not have a significant adverse economic impact on small entities.

Review Under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.)

This rule does not impose additional information collection requirements on the public that are subject to the Paperwork Reduction Act.

Review Under Executive Order 13132, Federalism, 64 FR 43255

Review under Executive Order 13132 requires that agencies review regulations for federalism effects on the institutional interest of states and local governments, and, if the effects are sufficiently substantial, prepare a federalism assessment to assist senior policy makers. This rule will not have any effects on state and local governments within the meaning of the
