

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 97**

[Docket No. 31536; Amdt. No. 4104]

Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments**AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.

SUMMARY: This rule amends, suspends, or removes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide for the safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective March 18, 2024. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of March 18, 2024.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination

1. U.S. Department of Transportation, Docket Ops–M30, 1200 New Jersey Avenue SE, West Bldg., Ground Floor, Washington, DC 20590–0001;
2. The FAA Air Traffic Organization Service Area in which the affected airport is located;
3. The office of Aeronautical Information Services, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,
4. The National Archives and Records Administration (NARA).

For information on the availability of this material at NARA, visit www.archives.gov/federal-register/cfr/ibr-locations or email fr.inspection@nara.gov.

Availability

All SIAPs and Takeoff Minimums and ODPs are available online free of charge. Visit the National Flight Data Center online at nfdc.faa.gov to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from the FAA Air Traffic Organization Service Area in which the affected airport is located.

SUPPLEMENTARY INFORMATION: This rule amends 14 CFR part 97 by amending the referenced SIAPs. The complete regulatory description of each SIAP is listed on the appropriate FAA Form 8260, as modified by the National Flight Data Center (NFDC)/Permanent Notice to Air Missions (P–NOTAM), and is incorporated by reference under 5 U.S.C. 552(a), 1 CFR part 51, and 14 CFR 97.20. The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, pilots do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained on FAA form documents is unnecessary. This amendment provides the affected CFR sections, and specifies the SIAPs and Takeoff Minimums and ODPs with their applicable effective dates. This amendment also identifies the airport and its location, the procedure and the amendment number.

Availability and Summary of Material Incorporated by Reference

The material incorporated by reference is publicly available as listed in the **ADDRESSES** section.

The material incorporated by reference describes SIAPs, Takeoff Minimums and ODPs as identified in the amendatory language for part 97 of this final rule.

The Rule

This amendment to 14 CFR Part 97 is effective upon publication of each

separate SIAP and Takeoff Minimums and ODP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP and Takeoff Minimums and ODP as modified by FDC permanent NOTAMs.

The SIAPs and Takeoff Minimums and ODPs, as modified by FDC permanent NOTAM, and contained in this amendment are based on criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these changes to SIAPs and Takeoff Minimums and ODPs, the TERPS criteria were applied only to specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts.

The circumstances that created the need for these SIAP and Takeoff Minimums and ODP amendments require making them effective in less than 30 days.

Because of the close and immediate relationship between these SIAPs, Takeoff Minimums and ODPs, and safety in air commerce, I find that notice and public procedure under 5 U.S.C. 553(b) are impracticable and contrary to the public interest and, where applicable, under 5 U.S.C. 553(d), good cause exists for making these SIAPs effective in less than 30 days.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Investigation of Claims of Evasion of Antidumping and Countervailing Duties

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security; Department of the Treasury.

ACTION: Final rule.

SUMMARY: This document adopts as final, with changes, interim amendments to the U.S. Customs and Border Protection (CBP) regulations that were published in the **Federal Register** on August 22, 2016, as CBP Dec. 16–11, which implemented procedures to investigate claims of evasion of antidumping and countervailing duty (AD/CVD) orders in accordance with section 421 of the Trade Facilitation and Trade Enforcement Act of 2015. This document also announces that CBP deployed a case management system in April 2021, which CBP and the public use for filing, tracking, and adjudicating allegations of evasion of AD/CVD orders.

DATES: Effective on April 17, 2024.

I. Background

A. Enforce and Protect Act of 2015

On February 24, 2016, President Obama signed into law the Trade Facilitation and Trade Enforcement Act of 2015 (TFTEA), which contains Title IV—Prevention of Evasion of Antidumping and Countervailing Duty Orders (short title “Enforce and Protect

Act of 2015” or “EAPA”) (Pub. L. 114–125, 130 Stat. 122, 155 (Feb. 24, 2016) (19 U.S.C. 4301 note)). EAPA established a formal process for U.S. Customs and Border Protection (CBP) to investigate allegations of evasion of antidumping and countervailing duty (AD/CVD) orders. Section 421 of TFTEA amended the Tariff Act of 1930 by establishing a new framework for CBP to investigate allegations of evasion of AD/CVD orders, under newly created section 517 (“Procedures for Investigating Claims of Evasion of Antidumping and Countervailing Duty Orders”), and required that regulations be prescribed as necessary, and provisions be implemented within 180 days of TFTEA’s enactment. *See* 19 U.S.C. 1517.

B. Interim Final Rule

On August 22, 2016, CBP published an interim final rule (the “IFR”) (CBP Dec. 16–11) in the **Federal Register** (81 FR 56477), setting forth procedures for the investigation of claims of evasion of antidumping and countervailing duty orders in a new part 165 in title 19 of the Code of Federal Regulations (19 CFR part 165), with a 60-day public comment period. The IFR became effective on August 22, 2016. On September 8, 2016, CBP published a technical correction in the **Federal Register** (81 FR 62004) to correct language in the definition of “evade or evasion” in 19 CFR 165.1, by adding a comma that was inadvertently omitted. On October 21, 2016, CBP published an extension of the comment period in the
