Abstract: In order to improve the efficient adjudication of OCAHO cases and reduce the printing, copying, and mailing costs (for both OCAHO and the public) associated with OCAHO cases, OCAHO began developing a web-based electronic case management system in 2018 and continues to develop a web-based electronic filing portal (OCAHO E-Filing Portal) for this system. The OCAHO E-Filing Portal will allow parties to OCAHO cases to file complaints electronically, request electronic access to a case to which they are a party, file motions and requests electronically, and receive service of orders and decisions from OCAHO by email. EOIR obtained initial PRA clearance for this information collection in 2021. The OCAHO E-Filing Portal has never been made available to the public because it is connected to an internal electronic case management system that is still under development. Since initial clearance in 2021, and in tandem with developments to the OCAHO case management system, EOIR has made several changes to the OCAHO E-Filing Portal: EOIR removed data fields determined to be unnecessary for the adjudication of OCAHO cases; EOIR added comment fields to various parts of the Portal for parties to OCAHO proceedings to provide information relevant to proceedings and not otherwise captured by other fields in this information collection; EOIR reordered Portal contents and form fields, and added instructions throughout the Portal, to enhance clarity and user navigation within the Portal; and EOIR added capabilities to enable form fields to auto-populate in the Portal upon upload of a completed PDF version of the EOIR-58, Unfair Immigration-Related Employment Practices Complaint Form (OMB#1125-0016), and the EOIR-30, OCAHO Subpoena Form. EOIR intends these enhancements to reduce costs and resources required during the course of OCAHO proceedings and ensure that only authorized parties and their representatives will have access to information and documents pertaining to their specific cases. This information collection tool is optional and voluntary.
