

Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR–NASDAQ–2023–022 and should be submitted on or before April 18, 2024.

V. Accelerated Approval of the Proposed Rule Change, as Modified by Amendment Nos. 2 and 3

The Commission finds good cause to approve the proposed rule change, as modified by Amendment Nos. 2 and 3, prior to the thirtieth day after the date of publication of notice of the filing of Amendment Nos. 2 and 3 in the **Federal Register**. In Amendment No. 2, the Exchange amended the proposal to, among other things, (i) exclude Section 1032 of General 3, a new provision, from the rules the Exchange proposes to apply to Limited Underwriting Members under General 3, Section 1031(c); (ii) add General 9, Section 21 to the rules the Exchange proposes to apply to Limited Underwriting Members under General 3, Section 1031(c); (iii) update existing rule language in Equity 7, Section 10 to reflect changes in current text; (iv) remove a proposed exemption from registration for certain banking representatives associated with Limited Underwriting Members; and (v) add language to General 3, Section 1031(c)(2) to clarify that associated persons of Limited Underwriting Members shall at all times be properly qualified and registered under FINRA rules.¹²⁰ Amendment No. 2 also made some numbering updates, provided additional rationale for the inclusion and exclusion of certain rules, and provided additional language in the statutory basis.¹²¹ Amendment No. 2

¹²⁰ See *supra* note 9.

¹²¹ See *id.* Amendment No. 2 also removed proposed rule language from proposed General 3, Section 1032(a), which provided that any person shall be eligible to become an associated person of a Limited Underwriting Member, and removed General 4 from the list of rules applicable to Limited Underwriting Members in proposed General 3, General 1031(c)(1). As discussed below, these provisions were put back into the proposal in Amendment No. 3. Additionally, some of the changes described in Amendment No. 2 were originally proposed in Amendment No. 1 but included in Amendment No. 2 since Amendment No. 2 superseded Amendment No. 1. See *supra* notes 8 and 11.

was published for comment in the **Federal Register** and no comments were received.¹²²

In its Amendment No. 3, the Exchange added back proposed rule language to General 3, Section 1032(a)(2) that was in the original proposal about the eligibility of any person to become an associated person of a Limited Underwriting Member, except such persons as are excluded under General 3, Rule 1002(b).¹²³ In Amendment No. 3, the Exchange also provided additional language on the consistency of General 3, Section 1032(a)(1) and (a)(2) with the requirements of section 6(b)(2) of the Act.¹²⁴ In Amendment No. 3, the Exchange also amended the proposal to add General 4 (Registration Requirements) back into the list of rules that a Limited Underwriting Member and their associated persons must comply with, as originally proposed.¹²⁵ The proposed rule language changes to the proposal, as described above, are identical to provisions that were in the original proposal and published for comment.¹²⁶ No comments were received in response to that Notice. Amendment No. 3 also excluded General 5, Rule 9400 from the list of rules that Limited Underwriting Members must comply with because that rule relates to expedited procedures for certain trading activity and Limited Underwriting Members have no trading rights on the Exchange.¹²⁷ Amendment No. 3 also provided updates and other clarifying changes to, and justification for, the proposed rule change in addition to adding the provisions described above.¹²⁸

The Commission believes Amendment Nos. 2 and 3 will help to strengthen the Exchange proposal and support its consistency with the Act. Amendment Nos. 2 and 3 assist the Commission in evaluating the Exchange's proposal and in determining that it is consistent with the Act. Amendment Nos. 2 and 3 also have raised no new or novel issues. Accordingly, the Commission finds good cause, pursuant to section 19(b)(2) of the Act,¹²⁹ to approve the proposed

¹²² See *supra* note 11. The Commission notes that the full 21-day comment period has already ended.

¹²³ See *supra* note 28.

¹²⁴ See Amendment No. 3, *supra* note 12, at 12–13.

¹²⁵ See *supra* notes 35 and 46.

¹²⁶ See Notice, *supra* note 3. As noted above, these provisions were removed from the proposal in Amendment No. 2. See Amendment No. 2, *supra* note 11.

¹²⁷ See *supra* note 51.

¹²⁸ See Amendment No. 3, *supra* note 12.

¹²⁹ 15 U.S.C. 78s(b)(2).

rule change, as modified by Amendment Nos. 2 and 3, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹³⁰ that the proposed rule change (SR–NASDAQ–2023–022), as modified by Amendment Nos. 2 and 3, be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³¹

Sherry R. Haywood,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–99848; File No. SR–NYSE–2024–17]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Connectivity Fee Schedule

March 22, 2024.

Pursuant to section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that on March 15, 2024, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Connectivity Fee Schedule (“Fee Schedule”) regarding colocation services and fees to update the list of included data products. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

¹³⁰ *Id.*

¹³¹ 17 CFR 200.30–3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b–4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Connectivity Fee Schedule ("Fee Schedule") regarding colocation services and fees to update the list of included data products ("Included Data Products").

Currently, the table of Included Data Products in Colocation Note 4 sets forth the market data feeds that Users⁴ can connect to at no additional cost when

they purchase a service that includes access to the LCN or IP network.⁵

Each of the Exchange and the Affiliate SROs has filed to establish an "Aggregated Lite" market data feed (the "Aggregated Lite Feeds").⁶ Accordingly, the Exchange proposes to update the table of Included Data Products to include the Aggregated Lite Feeds. To implement the change, the Exchange proposes to update the table of Included Data Products of the NYSE, NYSE American and NYSE Arca as follows (proposed additions underlined):

NYSE: <u>NYSE Aggregated Lite</u> NYSE Alerts NYSE BBO NYSE Integrated Feed NYSE OpenBook NYSE Order Imbalances NYSE Trades
NYSE American: <u>NYSE American Aggregated Lite</u> NYSE American Alerts NYSE American BBO NYSE American Integrated Feed NYSE American OpenBook NYSE American Order Imbalances NYSE American Trades
NYSE American Options
NYSE Arca: <u>NYSE Arca Aggregated Lite</u> NYSE ArcaBook NYSE Arca BBO NYSE Arca Integrated Feed NYSE Arca Order Imbalances NYSE Arca Trades

When NYSE Chicago and NYSE National were added to the Included Data Products, the individual market data feeds offered were not broken out.⁷

Accordingly, in addition to adding the Aggregated Lite Feeds, the Exchange proposes to break out the NYSE Chicago and NYSE National market data feeds in

Included Data Products, as follows (proposed additions underlined):

⁴ For purposes of the Exchange's colocation services, a "User" means any market participant that requests to receive colocation services directly from the Exchange. See Securities Exchange Act Release No. 76008 (September 29, 2015), 80 FR 60190 (October 5, 2015) (SR-NYSE-2015-40). As specified in the Fee Schedule, a User that incurs colocation fees for a particular colocation service pursuant thereto would not be subject to colocation fees for the same colocation service charged by the Exchange's affiliates NYSE American LLC ("NYSE American"), NYSE Arca, Inc. ("NYSE Arca"), NYSE Chicago, Inc. ("NYSE Chicago"), and NYSE National, Inc. ("NYSE National" and together, the "Affiliate SROs"). Each Affiliate SRO has submitted

substantially the same proposed rule change to propose the changes described herein. See SR-NYSEAMER-2024-20, SR-NYSEARCA-2024-28, SR-NYSECHX-2024-13, and SR-NYSEENAT-2024-11.

⁵ See Securities Exchange Act Release No. 79730 (January 4, 2017), 82 FR 3045 (January 10, 2017) (SR-NYSE-2016-92) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending the Exchange's Price List Related to Colocation Services To Increase LCN and IP Network Fees and Add a Description of Access To Trading and Execution Services and Connectivity to Included Data Products).

⁶ See Securities Exchange Act Release No. 99689 (March 7, 2024), 89 FR 18468 (March 13, 2024) (SR-NYSE-2024-12).

⁷ See Securities Exchange Act Releases No. 87408 (October 28, 2019), 84 FR 58778 (November 1, 2019) (SR-NYSECHX-2019-12) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Fee Schedule of NYSE Chicago, Inc.), and 83351 (May 31, 2018), 83 FR 26314 (June 6, 2018) (SR-NYSEENAT-2018-07) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt Co-Location Services and Fees In Connection With the Re-Launch of Trading on the Exchange and To Amend Its Schedule of Fees and Rebates To Provide for Such Co-Location Services).

<p>NYSE Chicago</p> <p><u>NYSE Chicago Aggregated Lite</u></p> <p><u>NYSE Chicago BBO</u></p> <p><u>NYSE Chicago Integrated Feed</u></p> <p><u>NYSE Chicago Trades</u></p>
<p>NYSE National</p> <p><u>NYSE National Aggregated Lite</u></p> <p><u>NYSE National BBO</u></p> <p><u>NYSE National Integrated Feed</u></p> <p><u>NYSE National Trades</u></p>

The Exchange expects that the present filing will become operative immediately upon the filings to establish a fee for the Aggregated Lite Feed becoming operative. The Exchange expects such operative date or dates to be no later than the second quarter of 2024. It will announce the date or dates through a customer notice.

The Exchange does not charge for connectivity to the Included Data Feeds. Accordingly, it would not charge for connectivity to the Aggregated Lite Feeds.

General

The proposed changes would not apply differently to distinct types or sizes of market participants. Rather, they would apply to all Users equally. As is currently the case, the purchase of any colocation service, including connectivity to the Aggregated Lite Feeds, would be completely voluntary and the Fee Schedule would be applied uniformly to all Users. FIDS does not expect that the proposed rule change will result in new Users.

The proposed changes are not otherwise intended to address any other issues relating to co-location services and/or related fees, and the Exchange is not aware of any problems that customers would have in complying with the proposed change.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act,⁸ in general, and furthers the objectives of section 6(b)(5) of the Act,⁹ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to

remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest and because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange further believes that the proposed rule change is consistent with section 6(b)(4) of the Act,¹⁰ because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers, or dealers.

The Proposed Change is Reasonable

The Exchange believes that the proposed rule change is reasonable and would perfect the mechanisms of a free and open market and a national market system and, in general, protect investors and the public interest, because adding the Aggregated Lite Feeds would increase the number of Included Data Products available to Users for no additional charge. All Users that voluntarily select to access the LCN or IP network would not be subject to a charge above and beyond the fee paid for the relevant LCN or IP network access. Accordingly, the Exchange believes that the proposed change is reasonable because the change would mean that a User would have the option of adding connectivity to additional market data feeds without paying additional charges.

Adding the proposed additional Included Data Products would allow a User to connect to any of the Aggregated Lite Feeds that it wished, but would not require it to do so. As now, a User would be able to determine which Included Data Products, if any, to which it connects, based on what would best serve its needs, tailoring the service to the requirements of its business operations.

The Exchange believes that the proposed rule change is reasonable because, as with the other Included Data Products, it believes it is not the exclusive method to connect to the Aggregated Lite Feeds. As alternatives to connecting to the Aggregated Lite Feeds as Included Data Products, a User may connect to the market data feeds through another User or through a connection to an Exchange access center outside the data center, third party access center, or third party vendor.

By adding the Aggregated Lite Feeds and setting forth the NYSE Chicago and NYSE National feeds already offered, the proposed change would ensure that the list of Included Data Products was up to date and consistent in the level of detail. Accordingly, the Exchange believes that the proposed rule change is reasonable and would perfect the mechanisms of a free and open market and a national market system and, in general, protect investors and the public interest, as it would ensure that the description of Included Data Products was complete, ensuring that it is accessible and transparent, and providing market participants with clarity as to what connectivity is included in the purchase of access to the LCN and IP networks.

The Proposed Change Is Equitable and Not Unfairly Discriminatory

The Exchange believes that the proposed change provides for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers, or dealers because adding the Aggregated Lite Feeds would increase the number of Included Data Products available to Users for no additional charge. All Users that voluntarily select to access the LCN or IP network would not be subject to a charge above and beyond the fee paid for the relevant LCN or IP network access. Accordingly, the Exchange

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

¹⁰ 15 U.S.C. 78f(b)(4).

believes that the proposed change is equitable and not unfairly discriminatory because the change would mean that a User would have the option of adding connectivity to additional market data feeds without paying additional charges.

Further, the Exchange believes that the proposed change is equitable and not unfairly discriminatory since, as is true now, the proposed change would not apply differently to distinct types or sizes of Users but would apply to all Users equally. Moreover, adding the proposed additional Included Data Products would allow a User to connect to any of the Aggregated Lite Feeds that it wished, but would not require it to do so. As now, a User would be able to determine which Included Data Products, if any, to which it connects, based on what would best serve its needs, tailoring the service to the requirements of its business operations.

By adding the Aggregated Lite Feeds and setting forth the NYSE Chicago and NYSE National feeds already offered, the proposed change would ensure that the list of Included Data Products was up to date and consistent in the level of detail. Accordingly, the Exchange believes that the proposed rule change is equitable and not unfairly discriminatory, as it would ensure that the description of Included Data Products was complete, ensuring that it is accessible and transparent, and providing market participants with clarity as to what connectivity is included in the purchase of access to the LCN and IP networks.

For the reasons above, the proposed changes do not unfairly discriminate between or among market participants that are otherwise capable of satisfying any applicable co-location fees, requirements, terms, and conditions established from time to time by the Exchange.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes that the proposal will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of section 6(b)(8) of the Act.¹¹

The Exchange believes that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act because adding the Aggregated Lite Feeds would increase the number of Included Data

Products available to Users for no additional charge. All Users that voluntarily select to access the LCN or IP network would not be subject to a charge above and beyond the fee paid for the relevant LCN or IP network access. Accordingly, the change would mean that a User would have the option of adding connectivity to additional market data feeds without paying additional charges.

Adding the proposed additional Included Data Products would allow a User to connect to any of the Aggregated Lite Feeds that it wished, but would not require it to do so. In this way, the proposed changes would enhance competition by, as now, enabling a User to determine to which Included Data Products, if any, it connects, based on what would best serve its needs, tailoring the service to the requirements of its business operations.

The Exchange believes that the proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act because, as with the other Included Data Products, it believes it is not the exclusive method to connect to the Aggregated Lite Feeds. As alternatives to connecting to the Aggregated Lite Feeds as Included Data Products, a User may connect to the market data feeds through another User or through a connection to an Exchange access center outside the data center, third party access center, or third party vendor.

By adding the Aggregated Lite Feeds and setting forth the NYSE Chicago and NYSE National feeds already offered, the proposed change would ensure that the list of Included Data Products was up to date and consistent in the level of detail. Accordingly, the Exchange believes that the proposed additions to the description of Included Data Products would make the description more accessible and transparent. In this manner, the proposed change would provide market participants with clarity as to what connectivity is included in the purchase of access to the LCN and IP networks, thereby enhancing competition by ensuring that all Users have access to the same information regarding the Included Data Products.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to section 19(b)(3)(A)(iii) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.¹⁴

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under section 19(b)(2)(B)¹⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-NYSE-2024-17 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange

Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number SR-NYSE-2024-17. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-NYSE-2024-17 and should be submitted on or before April 18, 2024.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁶

Sherry R. Haywood,

Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-99839; File No. SR-CBOE-2024-014]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Update Its Fees Schedule in Connection With the Exchange's Plans To List and Trade Options That Overlie a Reduced Value of the MSCI World Index, the Full Value of the MSCI ACWI Index, and a Reduced Value of the MSCI USA Index

March 22, 2024.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 18, 2024, Cboe Exchange, Inc. (the "Exchange" or "Cboe Options") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the "Exchange" or "Cboe Options") proposes to update its Fees Schedule in connection with the Exchange's plans to list and trade options that overlie a reduced value of the MSCI World Index, the full value of the MSCI ACWI Index, and a reduced value of the MSCI USA Index. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is available on the Exchange's website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule in connection with its plans to list and trade options that overlie a reduced value of the MSCI World Index ("MXWLD options"), the full value of the MSCI ACWI Index ("MXACW options"), and a reduced value of the MSCI USA Index ("MXUSA options"), effective March 18, 2024.

Background

Each of the MSCI World, ACWI, and USA Indexes is a free float-adjusted market capitalization index designed to measure equity market performance throughout the world (MSCI World and ACWI Indexes) or the United States (MSCI USA Index). The MSCI World, ACWI, and USA Indexes are calculated by MSCI Inc. ("MSCI"), which is a provider of investment support tools.³ Each of these indexes is calculated in U.S. dollars on a real-time basis from the open of the first market on which the components are traded to the closing of the last market on which the components are traded. The methodology used to calculate each index is similar to the methodology used to calculate the value of other benchmark market-capitalization weighted indexes (including the MSCI MXEA and MXEF Indexes, on which the Exchange may currently list options).⁴

MXACW options are options that are based on the value of the MSCI ACWI Index. The MSCI ACWI Index is a free float-adjusted market capitalization index that is designed to measure the equity performance of developed markets and emerging markets. The MSCI ACWI Index consists of component stocks from 23 developed markets⁵ and 24 emerging markets.⁶

³ See Rule 4.12(c).

⁴ See Rule 4.10(h); see also Securities Exchange Act Release No. 74681 (April 8, 2015), 80 FR 20032 (April 14, 2015) (SR-CBOE-2015-023) (order approving proposed rule change to adopt rules to permit listing and trading of options on the MSCI EAFE Index ("MXEA options") and the MSCI EM Index ("MXEF options").

⁵ These developed markets include Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Hong Kong, Ireland, Israel, Italy, Japan, Netherlands, New Zealand, Norway, Portugal, Singapore, Spain, Sweden, Switzerland, the United Kingdom, and the United States.

⁶ These emerging markets include Brazil, Chile, China, Colombia, Czech Republic, Egypt, Greece,
