Description: The information collection requirements ensure that institutions conduct their operations in a safe and sound manner and in accordance with applicable Federal banking law and regulations. The collections of information provide needed information for examiners and offer protections for institutions. The collections are necessary for regulatory and examination purposes and for national banks to ensure their compliance with Federal law and regulations.

The information collection requirements are as follows:

- *Investment in national bank or Federal savings association premises*—A national bank or Federal savings association may invest in banking premises and other premises-related investments, loans, or indebtedness by filing an application for prior approval whenever its investment in bank premises will cause it to exceed its capital stock. The application must describe the present and proposed bank premises investment and the business reason for making the investment. A bank with a composite 1 or 2 CAMELS rating entering a transaction that increases its aggregate bank premises investment to not more than 150 percent of its capital and surplus may proceed without prior OCC approval but must provide an after-the-fact notice. 12 CFR 5.37.

- *Sale of money orders at nonbanking outlets*—A national bank may designate bonded agents to sell the bank's money orders at nonbanking outlets. The responsibility of both the bank and its agent should be defined in a written agreement setting forth the duties of both parties and providing for remuneration of the agent. 12 CFR 7.1014.

- *Tax equity finance transactions*—A written request to the OCC is required to secure a waiver to participate in a tax equity finance transaction exceeding the aggregate investment limit. Prior written notification to the OCC is required for each tax equity finance transaction. 12 CFR 7.1025(d).

- *Payment systems*—Thirty (30) days advance written notice is required before joining a payment system that would expose the institution to open-ended liability. An after-the-fact written notice to the OCC must be filed within 30 days of becoming a member of a payment system that does not expose the institution to open-ended liabilities. In both cases, the notice must represent

that the national bank or Federal savings association has and will continue to comply with safety and soundness review and notification requirements. 12 CFR 7.1026(c) and (d).

- *Derivatives activities*—Thirty (30) days prior written notice to the examiner-in-charge is required before a national bank may engage in certain derivatives hedging activities, expand the bank's derivatives hedging activities to include a new category of underlying for derivatives transactions, engage in certain customer-driven financial intermediation derivatives activities, or expand the bank's customer-driven financial intermediation derivatives activities to include a new category of underlying specified in the regulation. 12 CFR 7.1030(d).

- *Corporate governance procedures—Other sources of guidance*—A national bank must designate in its bylaws the body of law selected for its corporate governance procedures. 12 CFR 7.2000(b).

- *State corporate governance*—A request for the views of OCC staff on the permissibility of a national bank's adoption of a particular State corporate governance provision must include the name of the national bank, citation to the relevant State statutes or regulations, a discussion of whether a similarly situated State bank is subject to or may adopt the provision, the identification of all Federal banking statutes and regulations on the same subject, and an analysis of how the proposed practice is not inconsistent with applicable Federal statutes or regulations and is not inconsistent with safety and soundness. 12 CFR 7.2000(d).

- *Honorary directors or advisory boards*—Any listing of a national bank's honorary or advisory directors must distinguish between those directors and the bank's board of directors or indicate their advisory status. 12 CFR 7.2004.

- *Indemnification of institution-affiliated parties—Written agreement required for advancement*—A written agreement that an IAP will reimburse the institution for any portion of non-reimbursed indemnification that the IAP is found not entitled to is required before advancing funds to an IAP. 12 CFR 7.2014(c).

- *Issuing stock in certificate form*—When issuing stock in certificate form, national banks must comply with the requirements of 12 U.S.C. 52 and include the name and location of the bank, the name of the holder of record, the number and class of shares the certificate represents, information on rights of shareholders, signatures of the bank president and cashier, and the bank's seal. 12 CFR 7.2016(b).

- *Staggered terms for national bank directors*—Any national bank may adopt bylaws that provide for staggering the terms of its directors. National banks must provide the OCC with copies of any bylaws so amended. 12 CFR 7.2024(a).

- *Size of bank board*—A national bank seeking to increase the number of its directors must notify the OCC any time the proposed size would exceed 25 directors. 12 CFR 7.2024(c).
