

regarding animal disposition reporting in the Public Health Information System. There are no changes to the existing information collection. The approval for this information collection will expire on September 30, 2024.

In accordance with 9 CFR 320.6, 381.180, 352.15, and 354.91, establishments that slaughter meat, poultry, exotic animals, and rabbits are required to maintain certain records regarding their business operations and to report this information to the Agency as required. Poultry slaughter establishments complete FSIS Form 6510-7 after each shift and submit it to the Agency. Swine slaughter establishments operating under NSIS submit their records under OMB approval number 0583-0171. Other slaughter establishments provide their business records to FSIS to report the necessary information for entry into PHIS.

FSIS uses this information to plan inspection activities, to develop sampling plans, to target establishments for testing, to develop the Agency budget, and to develop reports to Congress. FSIS also provides this data to other USDA agencies, including the National Agricultural Statistics Service (NASS), the Animal and Plant Health Inspection Service (APHIS), and the Agricultural Marketing Service (AMS), for their publications and for other functions.

FSIS has made the following estimates as part of an information collection assessment:

Estimate of Burden: FSIS estimates that it will take slaughter establishments an average of two minutes per response to collect and submit this information to FSIS.

Respondents: Slaughter establishments.

Estimated Number of Respondents: 1,159.

Estimated Number of Annual Responses per Respondent: 600.

Estimated Total Annual Burden on Respondents: 23,180 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250-3700; 202-720-5046.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether

the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <https://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <https://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

USDA Non-Discrimination Statement

In accordance with Federal civil rights law and USDA civil rights regulations and policies, USDA, its Mission Areas, agencies, staff offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status,

income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language) should contact the responsible Mission Area, agency, or staff office; the USDA TARGET Center at (202) 720-2600 (voice and TTY); or the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a complainant should complete a Form AD-3027, *USDA Program Discrimination Complaint Form*, which can be obtained online at <https://www.usda.gov/forms/electronic-forms>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

(1) *Mail:* U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410;

(2) *Fax:* (833) 256-1665 or (202) 690-7442; or

(3) *Email:* program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

Paul Kiecker,
Administrator.

BILLING CODE 3410-DM-P

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent To Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service (NASS), USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this

notice announces the intention of the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, Cost of Pollination Survey. This survey gathers data related to the costs incurred by farmers to improve the pollination of their crops through the use of honey bees and other pollinators. A revision to burden hours will be needed due to changes in the size of the target population, sampling design, and/or questionnaire length.

DATES: Comments on this notice must be received by June 17, 2024 to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0258, by any of the following methods:

- *Email:* ombofficer@nass.usda.gov.

Include docket number above in the subject line of the message.

- *eFax:* (855) 838-6382.

- *Mail:* Mail any paper, disk, or CD-ROM submissions to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.

- *Hand Delivery/Courier:* Hand deliver to: Richard Hopper, NASS Clearance Officer, U.S. Department of Agriculture, Room 5336 South Building, 1400 Independence Avenue SW, Washington, DC 20250-2024.

FOR FURTHER INFORMATION CONTACT:

Joseph L. Parsons, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720-4557. Copies of this information collection and related instructions can be obtained without charge from Richard Hopper, NASS—OMB Clearance Officer, at (202) 720-2206 or at ombofficer@nass.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Cost of Pollination Survey.

OMB Control Number: 0535-0258.

Expiration Date of Approval: January 31, 2025.

Type of Request: Intent to Seek Approval to Revise and Extend an Information Collection for 3 years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue state and national estimates of crop and livestock production, prices, and disposition; as well as economic statistics, environmental statistics related to agriculture, and to conduct the Census of Agriculture.

Pollinators (honey bees, bats, butterflies, hummingbirds, etc.) are vital

to the agricultural industry for pollinating numerous food crops for the world's population. Concern for honey bee colony mortality has risen since the introduction of *Varroa* mites in the United States in the late 1980s and the appearance of Colony Collapse Disorder in the mid-2000s.

The 2018 Farm Bill (extended until September 2024) directs the implementation and coordination of USDA pollinator health research efforts as recommended by the Federal Pollinator Health Task Force (established in 2014 by Presidential Memorandum). The Task Force's plan involved conducting research and collecting data for the following categories: Status & Trends, Habitats, Nutrition, Pesticides, Native Plants, Collections, Genetics, Pathogens, Decision Tools, and Economics. The pollinators have been classified into Honey Bee, Native Bee, Wasp, Moth/Butterfly, Fly, and Vertebrate. The departments that conducted the bulk of the research were the Department of the Interior (DOI), the Environmental Protection Agency (EPA), the National Science Foundation (NSF), the Smithsonian Institute (SI), and the United States Department of Agriculture (USDA).

NASS was given the tasks of collecting economic data related to honey bees and quantifying the number of colonies that were lost or reduced. NASS is approved to conduct the annual Bee and Honey Inquiry (operations with five or more colonies) and the quarterly Colony Loss Survey (operations with five or more colonies) under OMB # 0535-0153.

NASS will collect economic data from crop farmers who rely on pollinators for their crops (fruits, nuts, vegetables, etc.). Data relating to the targeted crops are collected for the total number of acres that rely on honey bee pollination, the number of honey bee colonies that were used on those acres, and any cash fees associated with honey bee pollination. Crop Farmers are also asked if beekeepers who were hired to bring their bees to their farm were notified of pesticides used on the target acres, how many acres they were being hired to pollinate, and how much they were being paid to pollinate the targeted crops.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-

aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (Public Law 104-113) and the Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, title III of Public Law 115-435, codified in 44 U.S.C. ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA. NASS uses the information only for statistical purposes and publishes only tabulated total data.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 15 minutes per response. Publicity materials and an instruction sheet for reporting via internet will account for 5 minutes of additional burden per respondent. Respondents who refuse to complete a survey will be allotted 2 minutes of burden per attempt to collect the data.

Respondents: Farmers.

Estimated Number of Respondents: 16,100.

Estimated Total Annual Burden on Respondents: 5,300 hours.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological, or other forms of information technology collection methods. All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, April 9, 2024.

Joseph L. Parsons,
Associate Administrator.
