DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2420-000]

PacifiCorp; Notice of Authorization for Continued Project Operation

The license for the Cutler Hydroelectric Project No. 2420 was issued for a period ending March 31, 2024.

Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee(s) under the terms and conditions of the prior license until a

new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2420 is issued to PacifiCorp for a period effective April 1, 2024, through March 31, 2025, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first.

If issuance of a new license (or other disposition) does not take place on or before March 31, 2025, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that PacifiCorp is authorized to continue operation of the Cutler Hydroelectric Project under the terms and conditions of the prior license until the issuance of a subsequent license for the project or other disposition under the FPA, whichever comes first.

Dated: April 10, 2024.

Approval of Clean Air Act General Permit Request for Coverage for New Minor Source Gasoline Dispensing Facility in Indian Country Within California for Oak Creek Travel Center

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final action.

SUMMARY: This notice announces that the U.S. Environmental Protection Agency (EPA), Region 9 issued an approval to the Fort Independence Indian Community of Paiute Indians of the Fort Independence Indian Reservation (Fort Independence Indian Community) under the Clean Air Act's Tribal Minor New Source Review (NSR) Program. The EPA approved the Fort Independence Indian Community's Request for Coverage under the General Air Quality Permit for New or Modified Minor Source Gasoline Dispensing Facilities in Indian Country within California for the Oak Creek Travel Center. This approval authorizes the construction of the Oak Creek Travel Center under the Tribal Minor NSR Program.

DATES: The EPA's approval of the Request for Coverage for the Oak Creek Travel Center was issued by the EPA and became effective on March 6, 2024. Pursuant to section 307(b)(1) of the Clean Air Act, judicial review of this final agency decision, to the extent it is available, may be sought by filing a petition for review in the United States Court of Appeals for the Ninth Circuit within 60 days of June 17, 2024.

FOR FURTHER INFORMATION CONTACT: Noelle Mushro, EPA Region 9, (415) 972-3987, Mushro.noelle@epa.gov. The EPA's final approval decision, the Technical Support Document for this action, and all other supporting information are available through www.regulations.gov under Docket ID No. EPA-R09-OAR-2023-0249.

SUPPLEMENTARY INFORMATION:

Notice of Final Action

The EPA approved the Fort Independence Indian Community's Request for Coverage under the General Air Quality Permit for New or Modified Minor Source Gasoline Dispensing Facilities in Indian Country (Gasoline Dispensing Facility General Permit)¹ on

¹ The Gasoline Dispensing Facility General Permit was issued by the EPA under the Tribal Minor NSR

March 6, 2024. This approval pertains to the construction and operation of the Oak Creek Travel Center (Source), a gasoline dispensing facility, to be located on the Fort Independence Indian Reservation, in Independence, California. The EPA issued the approval pursuant to the provisions of Clean Air Act sections 110(a) and 301(d) and the EPA's Tribal Minor NSR Program at 40 CFR 49.151–49.164. The EPA based its approval on its determination that the Source meets the criteria qualifying it for coverage and that the Source is eligible for coverage under the Gasoline Dispensing Facility General Permit.

The EPA's Clean Air Act approval for the Source is a final agency action for purposes of judicial review only for the issue of whether the Source qualifies for coverage under the Gasoline Dispensing Facility General Permit. 40 CFR 49.156(e)(6).

Dated: April 9, 2024.

SUPPLEMENTARY INFORMATION:

I. Executive Summary

A. Does this action apply to me?

This action is directed to the public in general and may be of particular interest to those involved in the manufacture, processing, distribution, use, and disposal of asbestos-containing materials (ACMs) including construction professionals and

individuals completing do-it-yourself (DIY) activities in buildings with ACMs, related industry trade organizations, non-governmental organizations with an interest in human and environmental health, state and local governments, Tribal Nations, and/or those interested in the assessment of risks involving chemical substances and mixtures regulated under TSCA. As such, the Agency has not attempted to describe all the specific entities that this action might apply to. If you need help determining applicability, consult the technical contact listed under **FOR FURTHER INFORMATION CONTACT**.

B. What is the Agency's authority for taking this action?

The draft risk evaluation is issued pursuant to TSCA section 6, 15 U.S.C. 2605, which requires that EPA conduct risk evaluations on chemical substances and identifies the minimum components EPA must include in all chemical substance risk evaluations. Each risk evaluation must be conducted consistent with the best available science, be based on the weight of the scientific evidence, and consider reasonably available information. 15 U.S.C. 2625(h), (i), and (k).

C. What action is the Agency taking?

The Agency is announcing the availability of and soliciting comment on the document titled “Draft Risk Evaluation for Asbestos Part 2: Supplemental Evaluation Including Legacy Uses and Associated Disposals of Asbestos,” which is available in the docket. EPA is also announcing a stakeholder engagement opportunity through a webinar where EPA will give an informational presentation on the document.
