

associated with incidental take of the Santa Ana sucker (*Catostomus santaanae*). Comments previously submitted need not be resubmitted, as they will be fully considered in preparing the final documents.

DATES: The comment period for the revised HCP and draft environmental action statement, notice of which published on March 28, 2024 (89 FR 21539), is extended by 7 days. Comments submitted online at <https://www.regulations.gov/> must be received by 11:59 p.m. eastern time on May 6, 2024. Hardcopy comments must be received on or before May 6, 2024.

ADDRESSES:

Obtaining Documents: The draft HCP and environmental action statement, as well as any comments and other materials that we receive, will be available for public inspection online in Docket No. FWS-R8-ES-2024-0020 at <https://www.regulations.gov/>.

Submitting Comments: You may submit comments by one of the following methods:

- *Online:* <https://www.regulations.gov/>. Follow the instructions for submitting comments to Docket No. FWS-R8-ES-2024-0020.

- *U.S. Mail:* Public Comments Processing, Attn Docket No. FWS-R8-ES-2024-0020; U.S. Fish and Wildlife Service Headquarters, MS: PRB/3W; 5275 Leesburg Pike; Falls Church, VA 22041-3803.

For more information about submitting public comments, see our March 28, 2024, notice.

FOR FURTHER INFORMATION CONTACT:

Karin Cleary-Rose, by phone at (760) 332-2070 or by email at karin_cleary-rose@fws.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TTD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: On March 28, 2024 (89 FR 21539), we, the U.S. Fish and Wildlife Service (Service), announced that we received an application from the Colton/San Bernardino Regional Tertiary Treatment and Water Reclamation Authority and San Bernardino Municipal Water Department (applicants) for an incidental take permit under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). We requested public comment on application, which includes the applicant's proposed habitat

conservation plan (HCP), and on the Service's preliminary determination that this proposed ITP qualifies as low effect, and may qualify for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations (40 CFR 1501.4), the Department of the Interior's (DOI) NEPA regulations (43 CFR 46), and the DOI's Departmental Manual (516 DM 8.5(C)(2)). To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review.

With this notice, we are extending the public comment period (see **DATES** and **ADDRESSES**).

Authority: We provide this notice under section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6 and 43 CFR 46.305).

Scott Sobiech,

Field Supervisor, Carlsbad Fish and Wildlife Office, Carlsbad, California.

BILLING CODE 4333-15-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX24EG32DW20300]

Agency Information Collection Activities; The National Map Corps (TNMCorps)—Volunteered Geographic Information Project

AGENCY: U.S. Geological Survey, Department of the Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the U.S. Geological Survey (USGS) is proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before June 17, 2024.

ADDRESSES: Send your comments on this information collection request (ICR) by mail to USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028-0111 The National Map Corps (TNMCorps)—Volunteered Geographic Information Project in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Erin Korris by email at ekorris@usgs.gov, or by telephone at 303-202-4503. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the PRA (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), and as part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

- (4) How the agency might minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: The National Map Corps (TNMCorps) is the name of the U.S.

Geological Survey (USGS) National Geospatial Program (NGP) project that encourages citizen participation in volunteer map data collection activities. TNMCorps uses crowdsourcing—new technologies and internet services to georeference and update structure points and related data and share this information with others on map-based internet platforms—to produce volunteered geographic information (VGI). People participating in the crowdsourcing are considered part of the TNMCorps.

In general, the National Structures Dataset (NSD) has been populated with the best available national data. This data has been exposed for initial improvement by TNMCorps volunteers via the online Map Editor (the instrument). In addition, the data goes through a tiered-editing process, which includes peer review and advanced editors. At each stage the data is passed through an automatic “magic filter” to look for data issues before being submitted into the NSD. In addition, data goes through sampling for quality assurance procedures.

Data within the NSD is available to the USGS as well as to the public at no cost via The National Map and US Topo.

Data quality studies in 2012, 2014, and 2018 showed that the volunteers’ actions were accurate and exceeded USGS quality standards. Volunteer-collected data showed an improvement in both location and attribute accuracy for existing data points. Completeness, or the extent to which all appropriate features were identified and recorded, was also improved.

Title of Collection: The National Map Corps—Volunteered Geographic Information Project.

OMB Control Number: 1028–0111.

Form Number: None.

Type of Review: Renewal of a currently approved collection.

Respondents/Affected Public: General Public.

Total Estimated Number of Annual Respondents: 665.

Total Estimated Number of Annual Responses: 100,000.

Estimated Completion Time per Response: 12 minutes on average.

Total Estimated Number of Annual Burden Hours: 20,000 hours.

Respondent’s Obligation: Voluntary.

Frequency of Collection: on occasion.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct or sponsor, nor is a person required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the PRA (44 U.S.C. 3501 *et seq.*).

Leslie D. Hansmann,

Supervisory Cartographer, Core Science Systems, USGS.

Bureau of Land Management

[BLM_WY_FRN_MO4500176091, WYW189153]

Notice of Realty Action: Non-Competitive (Direct) Sale of Public Lands in Sweetwater County, Wyoming

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) proposes a non-competitive (direct) sale of 307.5 acres of public lands in Sweetwater County, Wyoming, to PacifiCorp. The sale would allow PacifiCorp to gain ownership of the property, which is adjacent to the PacifiCorp Jim Bridger power plant and property owned by PacifiCorp. The sale would be subject to applicable provisions of the Federal Land Policy and Management Act of 1976, as amended (FLPMA), and BLM regulations. The appraised fair market value for the sale parcel is \$115,000.

DATES: Interested parties must submit written comments no later than June 3, 2024.

ADDRESSES: Mail written comments to the BLM Rock Springs Field Office, Field Manager, 280 Highway 191 N., Rock Springs, Wyoming, 82901.

FOR FURTHER INFORMATION CONTACT: Lisa Aleshire, Realty Specialist, BLM, Rock Springs Field Office, at the above address, by telephone 307–352–0238 or by email laleshire@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The following public lands have been examined and found suitable for sale in accordance with criteria established in Section 203 of FLPMA:

Sixth Principal Meridian, Wyoming

T. 21 N., R. 101 W., sec. 36, E1/2NE1/4, W1/2SW1/4NE1/4SW1/4, SW1/4NW1/4NW1/4SW1/4, S1/2NW1/4SW1/4, S1/2SW1/4, E1/2SE1/4, SW1/4SE1/4.

The area described contains 307.5 acres, according to the official plat of survey of the said land on file with the BLM.

The sale of the parcel is in conformance with the BLM Rock Springs Field Office approved Green River Resource Management Plan (August 8, 1997), which identifies the parcel as suitable for disposal in Appendix 8–1.

A parcel-specific Environmental Assessment (EA) numbered DOI–BLM–WY–D040–2022–0013–EA has been conducted in connection with this sale. A copy of the EA is available online at: <https://eplanning.blm.gov/eplanning-ui/project/2016696/510>.

Regulations at 43 CFR 2711.3–3(a) allow the direct sale of public lands without competition when a competitive sale is not appropriate and the public interest would best be served by a direct sale. In this case, a competitive sale is not appropriate because the subject lands contain BLM authorized rights-of-way and improvements that directly support the Jim Bridger Power Plant owned by PacifiCorp, rendering the land unusable by the public.

Upon publication of this notice in the **Federal Register**, the public lands described above will be segregated from all forms of appropriation under the public land laws, including the mining laws, except for the sale provisions of FLPMA.

The temporary segregation will terminate upon: (1) issuance of a conveyance document, (2) publication
