Abstract: Department of Education (the Department) is requesting revision of the form without change to the usage or burden amounts of the information collection, 1845–0102. The Department is requesting the 60-day public comment period. The Department is updating the IDR Request Form that is used by a borrower to enroll, re-certify, or change their IDR plan to support the entirety of the final rule published July 10, 2023. Specifically, the form is being updated to remove the option for new enrollments in the PAYE Plan and limit new enrollments in the ICR Plan to borrowers with specific types of loans. The form has also been updated to make

the definition of family size consistent for all borrowers. The form updates the terms of the SAVE Plan to reduce the discretionary income percentage used to calculate monthly payments for undergraduate-level loans and describe the new shortened forgiveness timelines for borrowers with low initial loan debts. Additionally, updates were made to reorganize the order of the sections and to improve readability and the borrower experience.
