National Institutes of Health

National Institute on Drug Abuse; Notice of Closed Meetings

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute on Drug Abuse Special Emphasis Panel; Developing Regulated Therapeutic and Diagnostic Solutions for Patients Affected by Opioid and/or Stimulants Use Disorders (OUD/StUD).

Date: May 28–29, 2024.

Time: 10:00 a.m. to 4:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institute of Health, National Institute on Drug Abuse, 301 North Stonestreet Avenue, Bethesda, MD 20892 (Virtual Meeting).

Contact Person: Sudhirkumar U. Yanpallewar, M.D., Scientific Review Officer, Scientific Review Branch, National Institute on Drug Abuse, NIH, 301 North Stonestreet Avenue, MSC 6021, Bethesda, MD 20892, (301) 443–4577, sudhirkumar.yanpallewar@nih.gov.

Name of Committee: National Institute on Drug Abuse Special Emphasis Panel; Mechanistic Studies of the Effects of Psychosocial Stress on Complex Morbidity Involving SUD, Psychiatric Disorders, and HIV.

Date: June 5, 2024.

Time: 12:00 p.m. to 2:15 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institute of Health, National Institute on Drug Abuse, 301 North Stonestreet Avenue, Bethesda, MD 20892 (Virtual Meeting).

Contact Person: Marisa Srivareerat, Ph.D., Scientific Review Officer, Scientific Review Branch, Office of Extramural Policy, National Institute on Drug Abuse, NIH, 301 North Stonestreet Avenue, MSC 6021, Bethesda, MD 20892, (301) 435–1258, marisa.srivareerat@nih.gov.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer at (240) 276-0361 or carlos.graham@samhsa.hhs.gov.

Comments are invited on: (a) whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the

information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Proposed Project: Programs to Reduce Underage Drinking—(OMB No. 0930-0316)—Revision

The Sober Truth on Preventing Underage Drinking Act (the "STOP Act") was passed by Congress in 2006, reauthorized in December 2016 as part of the 21st Century Cures Act (Pub. L. 114-255) and the Consolidated Appropriations Act, 2023 (Pub. L. 117-328), and codified into law in 42 U.S.C. 290bb-25b: Programs to reduce underage drinking. The STOP Act contains four primary elements:

1. The award of community-based coalition enhancement grants for underage drinking prevention activities to eligible entities currently receiving funds under the Drug-Free Communities Act of 1997.

2. A national adult-oriented media public service campaign to prevent underage drinking ("Talk. They Hear You." (TTHY), and an annual report to Congress evaluating the campaign.

3. An annual report to Congress summarizing federal prevention activities and the extent of progress in reducing underage drinking nationally, including data from national surveys conducted by federal agencies.

4. An annual report to Congress "on each State's performance in enacting, enforcing, and creating laws, regulations, and programs to prevent or reduce underage drinking." The State Survey that is the subject of this request gathers data used to develop the state-by-state report on prevention and enforcement activities related to underage drinking.

Driven by the legislation and coordinated by Interagency Coordinating Committee on the Prevention of Underage Drinking (ICCPUD), each of these activities work together to prevent and reduce underage drinking. The Interagency Coordinating Committee on the Prevention of Underage Drinking (ICCPUD) provides national leadership in federal policy and programming to support state and community activities that prevent and reduce underage drinking. The data collection activities described in this package serve to assess the outputs and outcomes of public health messaging and interventions. The three data collection activities outlined in this package are:

1. The STOP Act State Survey: An annual survey mandated by the STOP

Act legislation sent to an individual designated by the governor of all 50 states and the mayor of the District of Columbia;

2. The ICCPUD Alcohol Policy Academy Evaluation: An assessment of coalition capacity and workforce development throughout a 12 month Alcohol Policy Academy; and

3. The Parents Night Out Evaluation: An assessment of changes in knowledge, skills, and confidence of parents and caregivers after receiving the training and materials for Parents Night Out and TTHY products.

The STOP Act State Survey

The STOP Act states that the "Secretary [of Health and Human Services] shall . . . annually issue a report on each state's performance in enacting, enforcing, and creating laws, regulations, and programs to prevent or reduce underage drinking." The Secretary has delegated responsibility for this report to SAMHSA. Therefore, SAMHSA has developed a *Survey of State Underage Drinking Prevention Policies, Programs, and Practices* (the "State Survey") to provide input for the state-by-state report on prevention and enforcement activities related to the underage drinking component of the *Annual Report to Congress on the Prevention and Reduction of Underage Drinking* ("Report to Congress").

Congress' purpose in mandating the collection of data on state policies, programs, and practices through the *State Survey* is to provide policymakers and the public with otherwise unavailable but much needed information regarding state underage drinking prevention policies and programs. SAMHSA and other federal agencies that have underage drinking prevention as part of their mandate use the results of the *State Survey* to inform federal programmatic priorities, as do other stakeholders, including community organizations. The information gathered by the *State Survey* has established a resource for state agencies and the public for assessing policies and programs in their own state and for becoming familiar with the policies, programs, practices, and funding priorities of other states.

SAMHSA has determined that data on Categories #2 and #3 mandated in the STOP Act (as listed on page 2) (enforcement and educational programs; programs targeting youth, parents, and caregivers) as well as states' collaborations with tribal governments, use of social marketing or counter-advertising campaigns, state-level interagency collaborations, and prevention workforce development
