

excluded from or ineligible for a Federal award; and (8) alternative funding sources available to the organization, including amounts received from other grants and contributors and the endowment and resources of the institution sponsoring the organization.

For programs where all or the majority of cases will be placed with volunteers, we will also consider the following: (1) the quality of the representatives (attorneys, certified public accountants, or enrolled agents who have agreed to accept taxpayer referrals from an LITC and provide representation or consultation services free of charge); and (2) the ability of the organization to monitor referrals and ensure that the *pro bono* representatives are handling the cases properly, including taking timely case actions and ensuring services are offered for free or a nominal fee.

Applications and requests for continued funding that pass the eligibility screening process will then be subject to technical review. An organization submitting a request for continued funding for the second or third year of a multi-year grant will be required to submit an abbreviated Non-competing Continuation Request and will be subject to a streamlined screening process. Details regarding the scoring process can be found in Publication 3319. The final funding decisions are made by the National Taxpayer Advocate. The costs of preparing and applying are the responsibility of each applicant. Applications may be released in response to Freedom of Information Act

requests after any necessary redactions are made. Therefore, applicants must not include any individual taxpayer information. The IRS will notify each applicant in writing once funding decisions have been made.

Erin Collins,

National Taxpayer Advocate.
