

The information gathered will be used by the CISA Gateway Program Management Team and the PCII Program Office for PCIIMS to vet users for a need to know and grant access to the system. For the CISA Gateway, as part of the registration process, users are required to take a one-time online training course. When logging into the system for the first time, the system prompts users to take the training courses. Users cannot opt out of the training and are required to take the course in order to gain and maintain access to the system. When users complete the training, the system automatically logs that the training is complete and allows full access to the system. For PCIIMS, after registration and vetting, users are directed to take PCII Authorized User training, which must be retaken annually to maintain their active status.

The collection of information uses automated electronic forms. During the online registration process, there is an electronic form used to create a user account and an online training course required to grant access.

The collection was initially approved on October 9, 2007, and the most recent approval was on December 19, 2023, with an expiration date of June 30, 2024. The changes to the collection since the previous OMB approval include; updating the title of the collection, decrease in burden estimates and decrease in costs. The total annual burden cost for this collection has changed by \$3,096.40, from \$4,128 to \$7,224.40 due to the removal of the utilization survey, and the addition of PCIIMS respondents. For the CISA Gateway, the total number of responses has increased from 350 to 700 due to the updated metrics resulting from the awareness campaign and due to the registration process changing which does not include the training registration. The annual government cost for this collection has changed by \$8,340.92 from \$5,723 to \$14,063.92 due to the removal of the utilization survey, and the addition of PCIIMS respondents. This is a renewal with changes of an information collection.

OMB is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected; and

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

A public comment period is scheduled to be held during the meeting from 4:00 to 4:10 p.m. EDT. Speakers who wish to participate in the public comment period must email NSTAC@cisa.dhs.gov to register. Speakers should limit their comments to three minutes and will speak in order of registration. Please note that the public comment period may end before the time indicated, following the last request for comments.

FOR FURTHER INFORMATION CONTACT:

Christina Berger, 202-701-6354, NSTAC@cisa.dhs.gov.

SUPPLEMENTARY INFORMATION: The NSTAC is established under the authority of Executive Order (E.O.) 12382, dated September 13, 1982, as amended by E.O. 13286 and 14048, continued under the authority of E.O. 14109, dated September 30, 2023. Notice of this meeting is given under the Federal Advisory Committee Act (FACA), 5 U.S.C. 10 (Pub. L. 117-286). The NSTAC advises the President on matters related to national security and emergency preparedness (NS/EP) telecommunications and cybersecurity policy.

Agenda: The NSTAC will meet in an open session on Thursday, May 23, 2024, from 3:15 p.m. to 4:30 p.m. EDT to discuss current NSTAC activities and the government's ongoing cybersecurity and NS/EP communications initiatives. This open session will include: (1) an update on the administration's cybersecurity initiatives; (2) a keynote address; (3) an update on current NSTAC activities; and (4) a status update on the NSTAC Principles for Baseline Security Offerings from Cloud Service Providers Study.

The committee will also meet in a closed session from 1:00 to 3:00 p.m. EDT during which time: (1) senior government intelligence officials will provide a threat briefing concerning threats to NS/EP communications; and (2) engage NSTAC members in follow-on discussion on how future studies can help inform policy to mitigate threats.

Basis for Closure: In accordance with section 10(d) of FACA and 5 U.S.C. 552b(c)(1), *The Government in the Sunshine Act*, it has been determined that a portion of the agenda requires closure.

These agenda items are the: (1) classified threat briefing and discussion,

which will provide NSTAC members the opportunity to discuss information concerning threats to NS/EP communications with senior government intelligence officials; and (2) potential study topic discussion. The briefing is anticipated to be classified at the top secret/sensitive compartmented information level. Disclosure of these threats during the briefing, as well as vulnerabilities and mitigation techniques, is a risk to the Nation's cybersecurity posture because adversaries could use this information to compromise commercial and government networks. Subjects discussed during the potential study topics discussion are tentative and are under further consideration by the committee.

Therefore, this portion of the meeting is required to be closed pursuant to section 10(d) of FACA and 5 U.S.C. 552b(c)(1) because it will disclose matters that are classified.

Dated: April 18, 2024.

Christina Berger,

Designated Federal Officer, National Security Telecommunications Advisory Committee, Cybersecurity and Infrastructure Security Agency, Department of Homeland Security.

SUPPLEMENTARY INFORMATION:

Background

Under the authority of the Federal Advisory Committee Act (5 U.S.C. ch. 10), the Hunting and Wildlife Conservation Council (Council) was established to further the provisions of the Fish and Wildlife Act of 1956 (16 U.S.C. 742a *et seq.*), the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701-1785), the National Wildlife Refuge System Improvement Act of 1997 (16 U.S.C. 668dd-ee), other statutes applicable to specific Department of the Interior bureaus, and Executive Order 13443 of August 16, 2007, "Facilitation of Hunting Heritage and Wildlife Conservation" (72 FR 46537, August 20, 2007). The Council's purpose is to provide recommendations to the Federal Government, through the Secretary of the Interior and the Secretary of Agriculture, regarding policies and endeavors that (a) benefit wildlife resources; (b) encourage partnership among the public, sporting conservation organizations, and Federal, State, Tribal, and territorial governments; and (c) benefit fair-chase recreational hunting and safe recreational shooting sports.

Meeting Agenda

Among other business to be addressed by the Council, the meeting will include:

- reports by Council subcommittees;
- discussion of and further consideration of the Council recommendations related to the management and future use of lead and
