

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

RIN 3211-AA38

Freedom of Information Act

AGENCY: Postal Regulatory Commission.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Notice of Proposed Rulemaking seeks comment on a proposal to amend the Commission’s Freedom of Information Act (FOIA) regulations. The proposal is designed to improve readability by reorganizing and rephrasing existing content in a more accessible manner. Additionally, the proposal would better align the Commission’s existing FOIA regulations with the practices of other agencies subject to the FOIA, as necessarily adapted to the Commission’s size and area of regulatory oversight. Finally, the proposal includes amendments to clarify and amplify the information given to the public and improve the efficiency of the Commission’s FOIA administration. This document informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* May 23, 2024.

ADDRESSES: Submit comments electronically via the Commission’s Filing Online system at <https://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by

telephone for advice on filing alternatives. The Rule Summary can be found on the Commission’s Rule Summary Page at <https://www.prc.gov/rule-summary-page>.

SUPPLEMENTARY INFORMATION:

- I. Background
- II. Basis of Proposed Rules
- III. Proposed Rules

I. Background

The Commission is an independent Federal agency that regulates the United States Postal Service (“Postal Service”). The Commission’s mission is to ensure transparency and accountability of the Postal Service and to foster a vital and efficient universal mail system. The Commission is subject to the FOIA. The Commission is also a micro agency with fewer than 100 employees. Year to year, the bulk of the FOIA requests received by the Commission are intended for the Postal Service and the requester is therefore directed to the Postal Service, as a best practice. The Commission’s existing FOIA regulations appear in existing 39 CFR part 3006.

II. Basis of the Proposed Rules

Based on experience with the existing FOIA regulations, the Commission proposes amendments that would improve readability, align the Commission’s existing FOIA regulations with the practices of other agencies subject to the FOIA (with appropriate adaptations for the Commission’s size and area of regulatory oversight), improve the efficiency of the Commission’s FOIA administration, and clarify and amplify the information provided to the public.

To improve readability, the Commission proposes to organize the material currently appearing in existing 39 CFR part 3006, by grouping related material (individual sections of the existing regulations) under three new subparts. The proposed order of the subparts seeks to provide the public with information in a more easily accessible manner. Sections and subparts are organized to provide the most general material first, which likely will be of interest to the widest audience.

The Commission also proposes amendments that would better align content with the practices of other agencies subject to the FOIA (as necessarily adapted to the Commission’s size and area of regulatory oversight), improve the efficiency of the Commission’s FOIA administration, and amplify the usefulness of the information provided to the public.
