### Federal Railroad Administration

[Docket Number FRA-2024-0042]

#### Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

Under part 235 of title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that on March 15, 2024, Coos Bay Rail Line (CBRL) petitioned the Federal Railroad Administration (FRA) seeking approval to discontinue or modify a signal system. FRA assigned

the petition Docket Number FRA-2024-0042.

Specifically, CBRL requests to discontinue the use of the signal system located on the North Bend swing span bridge, which will be replaced with gates equipped with stop signs, distance signs, and “craft specific locks” to govern about 10 train crossings per week over the bridge. CBRL states that the signal system, at milepost 763.6 on the Coos Bay Subdivision, “has been subjected to years of regular vandalism and theft,” which makes “maintaining such a system particularly challenging.” Additionally, CBRL explains that “the system also requires significant updating and repairs stemming from a structural failure that damaged multiple components crucial to its reliable and safe operation.” In support of its request, CBRL states that the subject trackage operates under yard limits authority (GCOR rules 6.27 and 6.28) and that the “more analog style system” it proposes to use will be a “more tamper resistant alternative for governing movement over the bridge.” CBRL also notes that another of its swing bridges has used a similar system for several years and has had no recordable incidents.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov).

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Communications received by July 1, 2024 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.
