**Notice of Lodging of Proposed Consent Decree Under the Clean Water Act**

On April 29, 2024, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Southern District of Ohio in the lawsuit entitled *United States and the State of Ohio v. Sunoco Pipeline, L.P. et al.*, Civil Action No. 1:24-cv-00238-SJD.

The complaint filed in the above matter alleges that Defendants Sunoco Pipeline L.P. and Mid-Valley Pipeline Company violated the Clean Water Act when crude oil escaped from a ruptured pipeline and flowed into waters of the United States. 33 U.S.C. 1321(b)(3). The crude oil contaminated the waters and caused damage to natural resources in violation of the Oil Pollution Act. 33 U.S.C. 2702(a) and (b). The proposed settlement resolves the claims in the complaint and requires payment of a civil penalty of \$550,000 and a payment of \$1,250,000 to compensate for harm to natural resources.

**SUPPLEMENTARY INFORMATION:** DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The collection of actual Unemployment Insurance (UI) administrative cost data from states’ accounting records and projected expenditures for upcoming years is accomplished through the RJM data collection instrument. The data collected consist of program expenditures and hours worked by state staff, broken out by functional activity, for the most recently completed Federal fiscal year. These actual cost data, in combination with projected workloads, are used by ETA’s UI administrative resource allocation model to distribute states’ UI program administration funds. Section 303(a)(6) of the Social Security Act authorizes this information collection.

This information collection is subjected to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.
