[B–18–2024]

Foreign-Trade Zone (FTZ) 90, Notification of Proposed Production Activity; PPC Broadband, Inc.; (Fiber Optic Conduit); East Syracuse, New York

PPC Broadband, Inc. submitted a notification of proposed production activity to the FTZ Board (the Board) for its facilities in East Syracuse, New York, within Subzone 90C. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on April 26, 2024.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz. The proposed finished product(s) and material(s)/component(s) would be added to the production authority that the Board previously approved for the operation, as reflected on the Board's website.

The proposed finished product is fiber optic conduit (duty rate, 3.1%).

The proposed foreign-status materials and components include polyester pull cord, copper clad steel wire, polyethylene pellets, and polypropylene pellets (duty rate ranges from duty-free to 7.5%). The request indicates that polyester pull cord will be admitted to the zone in privileged foreign (PF) status (19 CFR 146.41), thereby precluding inverted tariff benefits on such items.

The request also indicates that certain materials/components are subject to duties under section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in PF status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is June 17, 2024.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact Diane Finver at Diane.Finver@trade.gov.

Dated: May 1, 2024.

Elizabeth Whiteman,
Executive Secretary.

Carbon and Alloy Steel Threaded Rod From India: Preliminary Results and Preliminary Rescission of Antidumping Duty Administrative Review, In Part, 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily finds that carbon and alloy steel threaded rod (steel threaded rod) from India was sold in the United States at prices below normal value (NV) during the period of review (POR) April 1, 2022, through March 31, 2023. We are also preliminarily rescinding the review with respect to certain companies that had no entries of the subject merchandise during the POR. We invite interested parties to comment on these preliminary results.

DATES: Applicable May 6, 2024.

FOR FURTHER INFORMATION CONTACT: Samuel Frost, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–8180.

SUPPLEMENTARY INFORMATION:**Background**

On June 12, 2023, Commerce initiated an administrative review of the

antidumping duty (AD) order on steel threaded rod from India, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).¹ Commerce initiated this review for 112 companies.² Commerce selected Mangal Steel Enterprises Limited (Mangal) and Shree Luxmi Fasteners (SLF) for individual examination as mandatory respondents.³

Commerce extended the time limit for completing the preliminary results of this review until April 29, 2024.⁴ For details regarding the events that occurred subsequent to the initiation of the review, see the Preliminary Decision Memorandum.⁵

Scope of the Order

The product covered by the scope of this Order is carbon and alloy steel threaded rod from India. A complete description of the scope of the Order is contained in the Preliminary Decision Memorandum.⁶

Preliminary Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), when there are no reviewable entries of subject merchandise during the POR subject to the AD order for which liquidation is suspended, Commerce may rescind an administrative review, in whole or only with respect to a particular exporter or producer.⁷

At the end of the administrative review, any suspended entries are liquidated at the assessment rate

computed for the review period.⁸ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry to be liquidated at the newly calculated assessment rate. Accordingly, pursuant to 19 CFR 351.213(d)(3), we have preliminarily determined to rescind this administrative review with respect to the 83 companies listed in Appendix III to this notice that have no reviewable, suspended entries of subject merchandise during the POR.⁹

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Act. We calculated export price and constructed export price in accordance with sections 772(a) and 772(b) of the Act, respectively. We calculated NV in accordance with section 773 of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. See Appendix I for a complete list of topics discussed in the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Rate for Non-Examined Companies

The Act and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any

margins determined entirely {on the basis of facts available}."

In this review, we have preliminarily calculated a weighted-average dumping margin of 10.97 percent for SLF/TEI and zero percent for Mangal. Therefore, in accordance with section 735(c)(5)(A) of the Act, we are preliminarily applying SLF/TEI's weighted-average dumping margin of 10.97 percent to the non-examined companies (see Appendix II for a full list of these companies), because this is the only rate that is not zero, *de minimis*, or based entirely on facts available.

Preliminary Results of the Review

We preliminarily determine that the following estimated weighted-average dumping margins exist during the period April 1, 2022, through March 31, 2023:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Mangal Steel Enterprises Limited	0.00
Shree Luxmi Fasteners/The Emerging Impex ¹⁰	10.97
Non-Examined Companies ¹¹	10.97

Disclosure and Public Comment

We intend to disclose the calculations performed to parties within five days of the date of publication of this notice in the **Federal Register** in accordance with 19 CFR 351.224(b).

Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹² Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹³

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their briefs that should be limited to five pages total,

¹⁰ As noted above, Commerce preliminarily determines that SLF and TEI are affiliated and should be collapsed. See Preliminary Decision Memorandum.

including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁴ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁵

Interested parties who wish to request a hearing must do so within 30 days of publication of these preliminary results by submitting a written request to the Assistant Secretary, filed electronically via ACCESS.¹⁶ Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs.¹⁷ If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm the date and time of the hearing two days before the scheduled date. Parties are reminded that all briefs and hearing requests must be filed electronically using ACCESS and received successfully in their entirety by 5:00 p.m. Eastern Time on the due date.

Assessment Rates

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties, where applicable.¹⁸

Upon completion of the final results of this administrative review, pursuant to section 751(a)(2)(A) of the Act, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. If a respondent's weighted-

average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). We intend to instruct CBP to assess antidumping duties on all such entries covered by this review. Where an importer-specific assessment rate is zero or *de minimis* in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2).

If, in the final results, we continue to find that the administrative review for companies in Appendix III should be rescinded, we will instruct CBP to assess antidumping duties on any suspended entries that entered under their CBP case numbers (i.e., at that exporter's rate) at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the POR.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by Mangal or SLF/TEI for which these companies did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate those entries at the all-others rate established in the original less-than-fair-value (LTFV) investigation¹⁹ (i.e., 0.00 percent) if there is no rate for the intermediate company(ies) involved in the transaction.²⁰ For the companies which were not selected for individual review, we will assign an assessment rate based on the review-specific average rate, calculated as noted in the "Preliminary Results of Review" section above.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the publication date of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

¹⁹ See *Order*, 85 FR at 19926.

²⁰ For a full description of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed in the final results of this review will be equal to the weighted-average dumping margin established in the final results of this administrative review except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review, or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently-completed segment of this proceeding for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 0.00 percent, the all-others rate established in the LTFV investigation as adjusted for the export-subsidy rate in the companion countervailing duty investigation.²¹ The cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the
