RIN 1625-AA08

Special Local Regulation; San Francisco Bay, San Francisco, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish a temporary special local regulation in the navigable waters of San Francisco Bay for the San Francisco Sail Grand Prix, Season 4 race periods on July 11, 2024, through July 14, 2024. This special local regulation is necessary to ensure the safety of mariners transiting the area from the dangers associated with high-speed sailing activities. This proposed rulemaking would temporarily prohibit entering, transiting through, anchoring, blocking, or loitering within the event area near the Golden Gate Bridge and Alcatraz Island, unless authorized.

DATES: Comments and related material must be received by the Coast Guard on or before June 12, 2024.

ADDRESSES: You may submit comments identified by docket number USCG-2024-0378 using the Federal Decision-Making Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the

SUPPLEMENTARY INFORMATION section for further instructions on submitting comments. This notice of proposed

rulemaking with its plain-language, 100-word-or-less proposed rule summary will be available in this same docket.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Lieutenant William K. Harris, U.S. Coast Guard Sector San Francisco, Waterways Management Division; telephone 415-399-7443, email SFWaterways@uscg.mil.

II. Background, Purpose, and Legal Basis

On February 6, 2024, the Silverback Pacific Company notified the Coast Guard of the intention to conduct the “Sail Grand Prix, Season 4” in the San Francisco Bay. Sail Grand Prix (SailGP) is a sailing league featuring world-class sailors racing 50-foot foiling catamarans. The 2023–2024 season started June 16, 2023, and the season will conclude with the San Francisco Bay race in July 2024. In San Francisco, they propose to take advantage of the natural amphitheater that the central bay and city waterfront provide.

SailGP has applied for a Marine Event Permit to hold the race event on the waters of the San Francisco Bay. At this time, the Coast Guard has not approved the Marine Event Permit and is still evaluating the application. If the permit is approved, however, we anticipate that a special local regulation may be necessary to ensure public safety during the race. To provide adequate time for public input, we are proposing this special local regulation prior to a decision on the Marine Event Permit.

The SailGP event has previously been conducted in San Francisco Bay and each time the Coast Guard solicited input from maritime stakeholders to better understand the nature of commercial and recreational activities on the San Francisco Bay. As done in previous years panning, the Coast Guard will participate in local Harbor Safety Committee (HSC) meetings to meet with stakeholders, obtain information, and gather feedback on approaches to enact the regulations in connection with the SailGP.

These regulations are needed to keep persons and vessels away from the sailing race vessels, which exhibit

unpredictable maneuverability and have a demonstrated likelihood during the simulation of racing scenarios for capsizing. The proposed special local regulation would help prevent injuries and property damage that may be caused upon impact by these fast-moving vessels. The provisions of this temporary special local regulation would not exempt racing vessels from any federal, state, or local laws or regulations, including Nautical Rules of the Road. The Coast Guard proposes this rulemaking under authority in 46 U.S.C. 70041.

Under 33 CFR 100.35, the Coast Guard District Commander has authority to promulgate certain special local regulations deemed necessary to ensure the safety of life on the navigable waters immediately before, during, and immediately after an approved regatta. Pursuant to 33 CFR 1.05–1(i), the Commander of Coast Guard District 11 has delegated to the COTP San Francisco the responsibility of issuing such regulations.

III. Discussion of Proposed Rule

The COTP San Francisco proposes to establish a special local regulation associated with the SailGP race event from noon to 5:30 p.m. each day from July 11, 2024, through July 14, 2024. The areas regulated by this special local regulation would be east of the Golden Gate Bridge, south of Alcatraz Island, west of Treasure Island, and in the vicinity of the city of San Francisco waterfront. The Coast Guard proposes establishing an Official Practice Box Area, an Official Race Box Area, and a Spectator Area. An image of these proposed regulated areas may be found in the docket. The special local regulation will cover all navigable waters of the San Francisco Bay, from surface to bottom, within the area formed by connecting the following latitude and longitude points in the following order: 37°48'24.3" N, 122°27'53.5" W; thence to 37°49'15.6" N, 122°27'58.1" W; thence to 37°49'28.9" N, 122°25'52.1" W; thence to 37°49'7.5" N, 122°25'13" W; thence to 37°48'42" N, 122°25'13" W; thence to 37°48'30.5" N, 122°26'22.6" W; thence along the shore to 37°48'26.9" N, 122°26'50.5" W and thence to the point of beginning.

Located within this footprint, there will be three separate regulated areas: Zone “A”, the Official Practice Box Area; Zone “B”, the Official Race Box Area; and Zone “C”, the Spectator Area.

Zone “A”, the Official Practice Box Area, will be marked by colored visual markers. The position of these markers will be specified via Local Notice to Mariners at least two weeks prior to the

event and via Broadcast Notice to Mariners at least seven days prior to the event. Zone “A” would be used by the race and support vessels during the official practice period on July 11, 2024, and July 12, 2024. Zone “A”, the Official Practice Box Area, will be enforced during the official practices from noon to 5:30 p.m. on July 11, 2024, and from noon to 5:30 p.m. on July 12, 2024, or as announced via Broadcast Notice to Mariners. Excluding the public from entering Zone “A” is necessary to provide protection from the operation of the high-speed sailing vessels within this area.

Zone “B”, the Official Race Box Area, will be marked by 12 or more colored visual markers. The position of these markers will be confirmed via Broadcast Notice to Mariners at least three days prior to the event. Only designated Sail Grand Prix race, support, and VIP vessels will be permitted to enter Zone “B”. Zone “B”, the Official Race Box Area, will be enforced during the official race periods from noon to 5:30 p.m. on July 13, 2024, and from noon to 5:30 p.m. on July 14, 2024. Because of the hazards posed by the sailing competition, excluding non-race vessel traffic from Zone “B” is necessary to provide protection from the operation of the high-speed sailing vessels within the area.

Zone “C”, the Spectator Area, will be within the special local regulation area designated above and outside of Zone “B”, the Official Race Box Area. Zone “C” will be defined by latitude and longitude points per Broadcast Notice to Mariners. Zone “C” will be managed by marine event sponsor officials. Vessels will be prohibited from anchoring within the confines of Zone “C.”

The duration of the establishment of the proposed special local regulation is intended to ensure the safety of vessels in these navigable waters during the scheduled practice and race periods. This proposed temporary special local regulation will temporarily restrict vessel traffic adjacent to the city of San Francisco waterfront in the vicinity of the Golden Gate Bridge and Alcatraz Island and prohibit vessels and persons not participating in the race event from entering the dedicated race area. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the special local regulation. With this special local regulation, the Coast Guard intends to maintain commercial access to the ports through an alternate vessel traffic management scheme. The special local regulation is limited in duration and is limited to a narrowly tailored geographic area. In addition, although this rule restricts access to the waters encompassed by the special local regulation, the effect of this rule will not be significant because the local waterway users will be notified in advance via public Broadcast Notice to mariners to ensure the special local regulation will result in minimum impact. Therefore, mariners will be able to plan and transit outside of the periods of enforcement of the special local regulation. The entities most likely affected are commercial vessels and pleasure craft engaged in recreational activities.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

This rule may affect owner and operators of commercial vessels and pleasure craft engaged in recreational activities and sightseeing for a limited duration. This special local regulation would not have a significant economic impact on a substantial number of small entities for the reasons stated in Section IV.A above. When the special local regulation is in effect, vessel traffic can pass safely around the regulated area.

The maritime public will be advised in advance of this special local regulation via Broadcast Notice to Mariners.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the potential effects of this proposed rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves a special local regulation that will create regulated areas of limited size and cumulative duration of approximately 24 hours across four days. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment
