

protection to investors in Prospective Listing Rights.

The Exchange is not proposing to adopt any initial market value or security price requirements for Prospective Listing Rights. However, the Exchange notes that proposed \$4,000,000 market value of publicly-held shares requirement would be applied immediately and therefore imposes a minimum trading value for Prospective Listing Rights at the time of initial listing. The Exchange believes that this requirement ensures that Prospective Listing Rights will not commence trading on the Exchange unless the market believes that they have a more than nominal trading value.

The Exchange believes that its existing surveillance procedures are adequate to enable it to detect manipulative trading practices with respect to Prospective Listing Rights. The Exchange notes that the NYSE and other self-regulatory organizations have extensive experience in conducting surveillance of the trading in securities whose value, like that of Prospective Listing Rights, is substantially dependent on the issuer's future acquisition of an identified operating asset, including for example, listed SPACs that are trading on the Exchange after entering into a definitive agreement with respect to a business combination. The Exchange also believes that market participants are able to arrive at market prices for such securities without excessive volatility and that this experience provides a reasonable basis for understanding how Prospective Listing Rights are likely to trade.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will increase competition by giving issuers enhanced opportunities to raise capital by giving them greater flexibility in structuring rights offering as a capital raising tool.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove the proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<https://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number SR-NYSE-2024-23 on the subject line.

Paper Comments

• Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090. All submissions should refer to file number SR-NYSE-2024-23. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<https://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and

copying at the principal office of the Exchange. Do not include personal identifiable information in submissions; you should submit only information that you wish to make available publicly. We may redact in part or withhold entirely from publication submitted material that is obscene or subject to copyright protection. All submissions should refer to file number SR-NYSE-2024-23 and should be submitted on or before June 5, 2024.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸

Sherry R. Haywood,
Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-100083; File No. SR-NYSEARCA-2024-37]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the NYSE Arca Equities Fees and Charges

May 9, 2024.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 1, 2024, NYSE Arca, Inc. ("NYSE Arca" or the "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Equities Fees and Charges ("Fee Schedule") to amend the Mid-Point Liquidity ("MPL") Order pricing tiers. The Exchange proposes to implement the fee changes effective May 1, 2024. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries,

set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to amend the MPL Order³ pricing tiers. More specifically, the Exchange proposes to adopt new MPL Tiers 1 and 2. The Exchange proposes to implement the fee changes effective May 1, 2024.

Background

The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system "has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies."⁴

While Regulation NMS has enhanced competition, it has also fostered a "fragmented" market structure where trading in a single stock can occur across multiple trading centers. When multiple trading centers compete for order flow in the same stock, the Commission has recognized that "such competition can lead to the fragmentation of order flow in that stock."⁵ Indeed, equity trading is currently dispersed across 16 exchanges,⁶ numerous alternative trading systems,⁷ and broker-dealer internalizers and wholesalers, all competing for order flow. Based on publicly available information, no single exchange currently has more than 20%

³ A MPL Order is a limit order that is not displayed and does not route, with a working price at the midpoint of the Protected Best Bid/Offer. See NYSE Arca Rule 7.31-E(d)(3).

⁴ See Securities Exchange Act Release No. 51808 (June 9, 2005), 70 FR 37496, 37499 (June 29, 2005) (File No. S7-10-04) (Final Rule) ("Regulation NMS").

⁵ See Securities Exchange Act Release No. 61358, 75 FR 3594, 3597 (January 21, 2010) (File No. S7-02-10) (Concept Release on Equity Market Structure).

⁶ See Choe U.S. Equities Market Volume Summary, available at https://markets.cboe.com/us/equities/market_share.

⁷ See FINRA ATS Transparency Data, available at <https://otctransparency.finra.org/otctransparency/AtsIssueData>. A list of alternative trading systems registered with the Commission is available at <https://www.sec.gov/foia/docs/atstlist.htm>.

market share.⁸ Therefore, no exchange possesses significant pricing power in the execution of equity order flow. More specifically, the Exchange currently has less than 12% market share of executed volume of equities trading.⁹

The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can move order flow, or discontinue or reduce use of certain categories of products. While it is not possible to know a firm's reason for shifting order flow, the Exchange believes that one such reason is because of fee changes at any of the registered exchanges or non-exchange venues to which the firm routes order flow. Accordingly, competitive forces compel the Exchange to use exchange transaction fees and credits because market participants can readily trade on competing venues if they deem pricing levels at those other venues to be more favorable.

Proposed Rule Change

In response to this competitive environment, the Exchange has already established multiple levels of credits for MPL Orders that allow ETP Holders to passively interact with trading interest on the Exchange and offer potential price improvement to incoming marketable orders submitted to the Exchange.¹⁰ In order to provide an incentive for ETP Holders to provide such liquidity, the credits increase based on increased levels of volume directed to the Exchange. The MPL Order pricing tiers are intended to incentivize ETP Holders to earn increased credits by sending greater amounts of liquidity-providing MPL Orders in Tapes A, B and C securities to the Exchange.

As noted above, the Exchange currently provides multiple levels of credits, ranging from \$0.0015 per share to \$0.0028 per share, to ETP Holders that send MPL Orders that provide liquidity to the Exchange. For the current MPL Order pricing tier, the amount of the per share credit is based on an ETP Holder's ADV of provided liquidity in MPL Orders for Tape A, Tape B and Tape C Securities combined ("MPL Adding ADV").

Under current MPL Tier 6, for ETP Holders that have MPL Adding ADV during a billing month of at least 1.5 million shares, the Exchange currently
