

approach is consistent with the policy of Executive Order 13175.

During the proposed waiver extension, HUD intends to complete its analysis of comments received during its own Tribal consultation sessions with Tribes concerning the application of the BAP and fully brief the Office of Management and Budget on all Tribal feedback received. After considering all Tribal feedback, HUD intends to publish additional programmatic guidance. The guidance will provide Tribal Recipients with additional information including how the BAP will apply to HUD's various Tribal programs, ways that Tribal Recipients can comply with the BAP, and the process that Tribal Recipients must follow to request BAP waivers. HUD will provide training resources to ensure that Tribal Recipients are in a good position to implement the BAP under HUD's Tribal programs. HUD will also use this extension period to provide additional technical assistance resources to ensure that Tribal Recipients can build capacity and be in a better position to comply with the BAP.

HUD intends to implement the BAP in a manner that advances the Made in America objectives while also ensuring that Tribal Sovereignty and Self-Determinations are respected and the treaty and trust obligations of the United States are honored. At the conclusion of this proposed limited extension, Tribal recipients will be expected to transition to full compliance with BABA requirements.

VII. Assessment of Cost Advantage of a Foreign-Sourced Product

Under OMB Memorandum M–24–02, “Implementation Guidance on Application of the Buy America Preference in Federal Financial Assistance Programs for Infrastructure,” published on October 25, 2023, agencies are expected to assess “whether a significant portion of any cost advantage of a foreign-sourced product is the result of the use of dumped steel, iron, or manufactured products or the use of injuriously subsidized steel, iron, or manufactured products” as appropriate and in compliance with applicable law, before granting a public interest waiver. HUD's analysis has concluded that this assessment is not applicable to this waiver, as this waiver is not based on the cost of foreign-sourced products.

VIII. Limited Duration of the Waiver

HUD remains committed to the successful implementation of the important Buy America Preference across its programs providing covered FFA for infrastructure projects, while

recognizing the unique government-to-government relationship it has with Tribal Recipients receiving HUD FFA for infrastructure projects and the new directives set forth in Executive Order 14112. HUD is committed to engaging its Federal agency partners in a timely process as noted above to further this goal.

IX. Solicitation of Comments

As required under section 70914 of the Act, HUD is soliciting comment from the public on the proposed waiver extension announced in this notice for a period of 30 days. If made final, the proposed waiver extension would apply to awards obligated or incrementally funded on or after the effective date of the proposed waiver extension until September 30, 2024. In the case of awards obligated prior to the effective date, the waiver would apply to expenditures on or after the effective date of the final waiver.

[Docket No. FWS-R4-ES-2024-0069; FXES11140400000-245-FF04EF4000]

Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Sand Skink and Blue-Tailed Mole Skink; Osceola County, FL; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments and information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from the Osceola County Board of County Commissioners

(applicant) for an incidental take permit (ITP) under the Endangered Species Act. The applicant requests the ITP to take the federally listed sand skink and blue-tailed mole skink incidental to the construction of a fire station in Osceola County, Florida. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP), and on the Service's preliminary determination that the proposed permitting action may be eligible for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations, the Department of the Interior's (DOI) NEPA regulations, and the DOI Departmental Manual. To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies.

DATES: We must receive your written comments on or before June 17, 2024.

ADDRESSES:

Obtaining Documents: The documents this notice announces, as well as any comments and other materials that we receive, will be available for public inspection online in Docket No. FWS-R4-ES-2024-0069 at <https://www.regulations.gov>.

Submitting Comments: If you wish to submit comments on any of the documents, you may do so in writing by one of the following methods:

- *Online:* <https://www.regulations.gov>. Follow the instructions for submitting comments on Docket No. FWS-R4-ES-2024-0069; or
- *U.S. mail:* Public Comments Processing, Attn: Docket No. FWS-R4-ES-2024-0069; U.S. Fish and Wildlife Service, MS: PRB/3W, 5275 Leesburg Pike, Falls Church, VA 22041-3803.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service (Service), announce receipt of an application from the Osceola County Board of County Commissioners (applicant) for an

incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take the federally listed sand skink (*Neoseps reynoldsi*) and blue-tailed mole-skink (*Eumeces egregius lividus*) (skinks) incidental to the construction and operation of a fire station in Osceola County, Florida. We request public comment on the application, which includes the applicant's habitat conservation plan (HCP), and on the Service's preliminary determination that this proposed ITP qualifies as low effect, and may qualify for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations (40 CFR 1501.4), the Department of the Interior's (DOI) NEPA regulations (43 CFR part 46), and the DOI's Departmental Manual (516 DM 8.5(C)(2)). To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review.

Proposed Project

The applicant requests a 5-year ITP to take skinks via the conversion of approximately 2.82 acres (ac) of occupied nesting, foraging, and sheltering habitat incidental to the construction of a fire station on a 4.2-ac parcel listed by the Osceola County Property Appraiser as 03-25-27-3359-0001-0010, in Osceola County, Florida. The applicant proposes to mitigate for take of the skinks by purchasing credits equivalent to 5.64 ac of skink-occupied habitat from a Service-approved conservation bank. The Service would require the applicant to purchase the credits prior to engaging in any phase of the project.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant's project—including the construction of a fire station, driveways, parking spaces, green areas, stormwater pond, and associated infrastructure (*e.g.*, electric, water, and sewer lines)—would individually and cumulatively have a minor or negligible effect on the skinks and the environment. Therefore, we have preliminarily determined that the proposed ESA section 10(a)(1)(B) permit would be a low-effect ITP that individually or cumulatively would have a minor effect on the skinks and may qualify for application of a categorical exclusion pursuant to the Council on Environmental Quality's
