*Background:* The FAA Safety Team website (FSTW) is provided by the FAA to administer safety program objectives that focus on reducing general aviation accident rates through providing information and training to the general aviation community. FSTW is the information highway and a core resource for the FAA Safety Team (FAASafetyTeam), which uses the site’s automation tools to administer The Pilot Proficiency (WINGS) and Aviation Maintenance Technician (AMT) Awards Programs. The FAASafetyTeam also uses the site to send updates and notices to specific or widespread audiences about training opportunities such as courses, seminars, and webinars. The site also offers training courses for UAS certification, renewal, and knowledge training. Volunteers working with the FAA provide most of the training available on FSTW. The FAASafetyTeam collects information from users, volunteers, and FAA personnel necessary to manage the programs outlined in FAA Order 8900.1, Volume 15, FAA Advisory Circular 61–91J and FAA Advisory Circular 65–25F.
