

proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer at (240) 276–1243.

Comments are invited on: (a) whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Project: Minority AIDS Initiative-Management Reporting Tools (MAI-MRTs)—(OMB No. 0930-0357)—Renewal

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Prevention (CSAP) is requesting from the Office of Management and Budget (OMB) approval for the renewal of Minority AIDS Initiative (MAI)

monitoring tools, which includes both youth and adult questionnaires, as well as the quarterly progress report. This revision includes the inclusion of new cohorts, substantial revisions to the youth and adult questionnaires, updates to the data used to estimate response rates and expected numbers of participants by service duration (see Table 1 below).

The cohorts of grantees funded by the MAI and included in this clearance request are:

- Prevention Navigators 2019
- Prevention Navigators 2020
- Prevention Navigators 2021
- Prevention Navigators 2022
- Prevention Navigators 2023

The target population for the grantees will be at-risk minority adolescents and young adults. All MAI grantees are expected to report their monitoring data using SAMHSA’s Strategic Prevention Framework (SPF) and to target minority populations, as well as other high-risk groups residing in communities of color with high prevalence of Substance Abuse and HIV/AIDS. The primary objectives of the monitoring tools include:

- Assess the success of the MAI in reducing risk factors and increasing protective factors associated with the

transmission of the Human Immunodeficiency Virus (HIV), Hepatitis C Virus (HCV) and other sexually transmitted diseases (STD).

- Measure the effectiveness of evidence-based programs and infrastructure development activities such as: outreach and training, mobilization of key stakeholders, substance abuse and HIV/AIDS counseling and education, testing, referrals to appropriate medical treatment and/or other intervention strategies (*i.e.*, cultural enrichment activities, educational and vocational resources, social marketing campaigns, and computer-based curricula).
- Investigate intervention types and features that yield the best outcomes for specific population groups.
- Assess the extent to which access to health care was enhanced for population groups and individuals vulnerable to behavioral health disparities residing in communities targeted by funded interventions.
- Assess the process of adopting and implementing the SPF with the target populations.
- Added questions to capture details on the intervention and the referrals to the record management section (completed by grantee staff).

TABLE 1—ESTIMATES OF ANNUALIZED HOUR BURDEN

Type of respondent activity	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
Quarterly Progress Report	183	4	732	4	2,928
Adult questionnaire	10,000	3	30,000	.20	6,000
Youth questionnaire	2,500	3	7,500	.20	1,500
Total	12,683	38,232	10,428

Send comments to SAMHSA Reports Clearance Officer, 5600 Fishers Lane, Room 15E45, Rockville, Maryland 20857, OR email a copy to samhsapra@samhsa.hhs.gov. Written comments should be received by July 29, 2024.

Alicia Broadus,

Public Health Advisor.

BILLING CODE 4162–20–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2024–0007; OMB No. 1660–0103]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; Property Acquisition and Relocation for Open Space.

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will

submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on a revision of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the property acquisition and relocation for open space process as part of FEMA’s administration of mitigation grants programs and the removal of five instruments from the inventory of this collection that are approved under other OMB Control Numbers.

DATES: Comments must be submitted on or before June 28, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Jennie Orenstein, Branch Chief, FEMA/Mitigation Directorate’s Policy, Tools and Training Branch, at jennie.gallardy@fema.dhs.gov or (202) 212-4071.

SUPPLEMENTARY INFORMATION: On September 16, 2009, FEMA published a Final Rule on Property Acquisition and Relocation for Open Space (44 CFR part 80) that governs property acquisitions for FEMA’s four Hazard Mitigation Assistance (HMA) grant programs, three of which, Pre-Disaster Mitigation, the Hazard Mitigation Grant Program, and the Safeguarding Tomorrow Revolving Loan Fund (RLF) program are authorized under the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1988 (Pub. L. 93-288, as amended) (42 U.S.C. 5133, 5170c, and 5135) and the fourth (Flood Mitigation Assistance) under Section 1366 of the National Flood Insurance Act (NFIA) of 1968 (Pub. L. 90-448, as amended) (42 U.S.C. 4104c). 44 CFR part 80 requires the collection of information from grant applicants to ensure the voluntary nature of the property acquisitions and to ensure that the property acquired remains in open space in perpetuity.

States, Federally-recognized Tribes (Tribes) and territories as applicants/recipients, per 44 CFR 80.5(b)(3), are responsible for collecting and reviewing applications for acquisition projects to ensure that the proposed activities comply with 44 CFR part 80. States, territories and Tribes must ensure that the property acquisition is voluntary in nature. The subapplication they submit to FEMA for proposed projects must include information to enable FEMA’s determination of eligibility, technical feasibility, cost effectiveness, and environmental and historic preservation compliance (44 CFR 80.5(b)(4)). Per 44 CFR 80.5(b), once the property is

acquired, States, territories and Tribes, as well as FEMA and the subrecipients, must enforce the terms of 44 CFR part 80 and the deed restrictions to ensure that the property remains committed to open space use in perpetuity. States, territories and Tribes must report on property compliance with open space requirements after the grant is awarded.

With this revision, FEMA is removing five instruments off the inventory for this information collection because each of these five instruments are approved for use in a different information collection with its own OMB Control Number. These five instruments will still be used but do not require to be approved for use by OMB twice.

This proposed information collection previously published in the **Federal Register** on February 14, 2024, at 89 FR 11310 with a 60-day public comment period. One public comment was received that is not germane to this information collection. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Property Acquisition and Relocation for Open Space.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0103.

FEMA Forms: FEMA Form FF-206-FY-21-124 (formerly 086-0-31), Statement of Voluntary Participation for Acquisition of Property for Purpose of Open Space.

Abstract: FEMA and State, Tribal and local recipients of FEMA mitigation grant programs will use the information collected to meet the Property Acquisition requirements to implement acquisition activities under the terms of grant agreements for acquisition and relocation activities. FEMA and State/local grant recipients will also use the information to monitor and enforce the open space requirements for all properties acquired with FEMA mitigation grants.

Affected Public: State, Local or Tribal Governments.

Estimated Number of Respondents: 573.

Estimated Number of Responses: 573.

Estimated Total Annual Burden

Hours: 573.

Estimated Total Annual Respondent Cost: \$34,254.

Estimated Respondents’ Operation and Maintenance Costs: \$0.

Estimated Respondents’ Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$425,794.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Millicent Brown Wilson,

Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.
