

Recreation Site, then proceed to public lands near Ash Valley, Oregon.

Individuals wishing to participate virtually must contact Megan Harper, Public Affairs Specialist for the Coos Bay District, at (541) 751-4353 or m1harper@blm.gov to receive a link to attend the Zoom meeting.

FOR FURTHER INFORMATION CONTACT:

Megan Harper, Public Affairs Specialist, Coos Bay District, 1300 Airport Lane, North Bend, OR 97459; phone: (541) 751-4353; email: m1harper@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The 15-member Western Oregon RAC advises the Secretary of the Interior, through the BLM, on a variety of public land issues across public lands in Western Oregon, including the Coos Bay, Medford, Northwest Oregon, and Roseburg Districts and part of the Lakeview District. At the July 10 meeting, the RAC will receive information on the statuses of Secure Rural Schools grant applications and hear from the District Managers about current events in Western Oregon.

On the field tour, the RAC will tour the Loon Lake Recreation Site and discuss infrastructure improvements, recreation management, and fee collection. The RAC will then travel to BLM-managed forestlands to discuss forest management and habitat creation. The final agenda will be posted online two weeks in advance of the meeting on the RAC's web page at <https://www.blm.gov/get-involved/resource-advisory-council/near-you/oregon-washington/western-oregon-rac>.

The public is welcome to attend the meeting and the field tour but must provide their own transportation and meals. Individuals who plan to attend must RSVP to the BLM Coos Bay District Office at least one week in advance of the field tour to the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. Please make requests in advance for sign language interpreter services, assistive listening devices, language translation services, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least seven business days prior to the meeting to give the BLM

sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

The meeting is open to the public, and a public comment period will be held on July 10, 2024, at 9:30 a.m. PT. Depending on the number of persons wishing to comment and the time available, time allotted for individual oral comments may be limited. The public may submit written comments to the RAC by emailing the RAC coordinator at m1harper@blm.gov.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Previous minutes, membership information, and upcoming agendas are available at: <https://www.blm.gov/get-involved/resource-advisory-council/near-you/oregon-washington/western-oregon-rac>. Detailed minutes for the RAC meetings are also maintained in the Coos Bay District Office and will be available for public inspection and reproduction during regular business hours within 90 days following the meeting.

BILLING CODE 4331-24-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2023-0042]

Notice of Availability of a Final Environmental Assessment for a Wind Energy Research Lease on the Atlantic Outer Continental Shelf Offshore Maine

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of the final environmental assessment (EA) for the potential issuance of a wind energy research lease to the State of Maine. The final EA analyzes the potential environmental impacts of the site characterization and site assessment activities that are

expected to take place should this research lease be issued. This notice of availability (NOA) announces the availability of the final EA. The final EA will inform BOEM's decision whether to issue the research lease.

FOR FURTHER INFORMATION CONTACT:

Brandi Sangunett, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787-1015 or brandi.sangunett@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: The final EA considers reasonably foreseeable environmental consequences of routine and non-routine activities associated with issuance of a wind energy research lease and related site assessment and site characterization activities within and around the lease and potential future project easements. The State of Maine provided information about planned site assessment and site characterization activities including the general location, timing, and frequency of the activities and the types of equipment and vessels likely to be used. BOEM has identified standard operating conditions (SOCs) and mitigation to reduce or eliminate the potential risks to or conflicts with specific environmental resources. These SOCs and mitigation were developed through the analyses presented in Section 3 of the final EA and through consultations with other Federal agencies. A summary of the SOCs and mitigation are listed in Appendix D of the final EA. If the research lease is issued, BOEM will require the lessee to comply with the SOCs and mitigation through lease stipulations and/or as conditions of the Site Assessment Plan and Research Activities Plan approval. This EA does not consider construction and operation of any wind energy-related research facilities within the Gulf of Maine, which, if proposed, would be evaluated by BOEM as a separate NEPA action.

Alternatives: In addition to the Proposed Action, BOEM considered a No Action Alternative. Under the No Action Alternative, BOEM would not issue a wind energy research lease to the State of Maine and site assessment activities would not occur within the leased area of the Gulf of Maine. BOEM's preferred alternative is the Proposed Action.

Finding of No Significant Impact: After carefully considering alternatives described and analyzed in the final EA and comments from the public and cooperating and consulting agencies on the draft EA, BOEM finds that the issuance of a wind energy research lease within the proposed lease area offshore

Maine and related site characterization and site assessment activities would have no significant impact on the environment.

Availability of the Final EA: The final EA and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/maine/gulf-maine>.

Authority: This NOA is published in accordance with regulations at 42 U.S.C. 4231 *et seq.* (NEPA, as amended) and 40 CFR 1506.6.

Karen Baker,

Chief, Office of Renewable Energy Programs,
Bureau of Ocean Energy Management.

BILLING CODE 4340-98-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-671 & 731-TA-1571-1573 (Final) (Remand)]

Oil Country Tubular Goods From Argentina, Mexico, and Russia

AGENCY: United States International Trade Commission.

ACTION: Notice of remand proceedings.

SUMMARY: The U.S. International Trade Commission ("Commission") hereby gives notice of the procedures it intends to follow to comply with the court-ordered remand of its final determination in the antidumping and countervailing duty investigations of Oil Country Tubular Goods ("OCTG") from Argentina, Mexico, and Russia. For further information concerning the conduct of these remand proceedings and rules of general application, consult the Commission's Rules of Practice and Procedure.

DATES: May 22, 2024.

FOR FURTHER INFORMATION CONTACT:

Douglas Corkran ((202) 205-3057), Office of Investigations, or Noah Meyer ((202) 708-1521), Office of General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for Investigation Nos. 701-TA-671-672 and 731-TA-1571-1573 (Final) may be

viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—In November 2022, the Commission unanimously determined that a domestic industry was materially injured by reason of imports of OCTG from Argentina, Mexico, Russia, and South Korea. *Oil Country Tubular Goods from Argentina, Mexico, Russia, and South Korea*, Inv. Nos. 701-TA-671-672 and 731-TA-1571-1573 (Final), USITC Pub. 5381 at 3 (Nov. 2022). Respondents Tenaris Bay City, Inc., Maverick Tube Corporation, IPSCO Tubulars Inc., Tenaris Global Services (U.S.A.) Corporation, Siderca S.A.I.C, Tubos de Acero de Mexico, S.A., and TMK Group contested the Commission's determinations regarding Argentina, Mexico, and Russia before the U.S. Court of International Trade ("CIT"). The CIT remanded the Commission's determination for the agency to reconsider various legal and factual aspects of the Commission's cumulation analysis. *Tenaris Bay City et al v. United States*, Consolidated Court No. 22-00344, Slip Op. 24-48 (Ct. Int'l Trade, Apr. 19, 2024).

Participation in the remand proceedings.—Only those persons who were interested parties that participated in the underlying investigations and were also parties to the appeal may participate in these remand proceedings. Such persons need not file any additional appearances with the Commission to participate in the remand proceedings, unless they are adding new individuals to the list of persons entitled to receive business proprietary information ("BPI") under administrative protective order ("APO"). BPI referred to during the remand proceedings will be governed, as appropriate, by the APO issued in the investigations. The Secretary will maintain a service list containing the names and addresses of all persons or their representatives who are parties to the remand proceedings, and the Secretary will maintain a separate list of those authorized to receive BPI under the administrative protective order during the remand proceedings.

Written submissions.—The Commission is reopening the record in these proceedings for the limited purposes of adding information compiled from detailed U.S. Census Bureau edited Customs and Border Protection data differentiating imports from South Korea by supplier, and revising tables considered in its cumulation analysis to exclude responses and data concerning nonsubject imports from South Korea.

The Commission will permit the parties entitled to participate in the remand proceedings to file comments concerning these data and revised tables, and concerning how the Commission could best comply with the court's remand instructions.

The comments must be based solely on the information in the Commission's record, as amended as described above. The Commission will reject submissions containing additional factual information or arguments pertaining to issues other than those on which the court has remanded this matter. The deadline for filing comments is June 26, 2024. Comments must be limited to no more than thirty (30) double-spaced and single-sided pages of textual material, inclusive of attachments and exhibits.

Parties are advised to consult with the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission. All written submissions must conform to the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. Please note the Secretary's Office will accept only electronic filings at this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice. The Commission's *Handbook on E-Filing*, available on the Commission's website at <http://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, will not be accepted unless good cause is shown for accepting such submissions or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

By order of the Commission.
