

including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Carolyn Siu, Office of Program Support (7602M), Office of Chemical Safety and Pollution Prevention, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 564-0335; email address: siu.carolyn@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through March 31, 2024. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on August 14, 2023 during a 60-day comment period (88 FR 55039). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA’s public docket, visit <http://www.epa.gov/dockets>.

Abstract: This ICR covers the paperwork activities associated with the U.S. Environmental Protection Agency’s new program to encourage the use of Integrated Pest Management (IPM) as the preferred approach to pest control in the nation’s schools. IPM is a smart, sensible, and sustainable approach to pest control that emphasizes the remediation of pest conducive conditions. IPM combines a variety of pest management practices to provide effective, economical pest control with the least possible hazard to people, property, and the environment. These practices involve exclusion of pests, maintenance of sanitation, and the judicious use of pesticides.

EPA’s vision is that all students in the U.S. will experience the benefits provided by an IPM program in their school district. The Agency’s IPM implementation efforts are based on a wholesale approach aimed at kindergarten through 12th grade public and Tribal schools. The Agency intends to use the information collected through this ICR to encourage school districts to implement IPM programs and to recognize those that have attained a notable level of success. Since IPM implementation occurs along a continuum, the School IPM (SIPM) incentive program will recognize each milestone step a school district must take to begin, grow, and sustain an IPM program.

This program has five award categories—Great Start, Leadership, Excellence, Sustained Excellence, and Connector. The first four categories are stepwise levels that are reflective of the effort, experience, and, ultimately, success that results from implementing EPA-recommended IPM tactics that protect human health and the environment. Schools with pest infestations are not only exposed to potential harm to health and property, but also to stigmatization. The SIPM recognition program will give districts across the nation the opportunity to receive positive reinforcement through public recognition of their efforts in implementing pest prevention and management strategies.

Form numbers: 9600-054.

Respondents/affected entities: School districts or entities that represent them, which include the following North American Industry Classification System (NAICS) Codes: 6111—Elementary and Secondary Schools, 6244—Child Day Care Services, 56172—Janitorial Services, 56173—Landscaping Services, 56171—Exterminating and Pest Control Services, and 5617—Services to Buildings and Dwellings.

Respondent’s obligation to respond: Voluntary but required to retain a benefit.

Estimated number of respondents: 53 (total).

Frequency of response: Occasionally.

Total estimated burden: 914 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$98,358 (per year), includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: There are minor corrections to the burden from the last renewal for the Great Start, Model of Sustained Excellence and the Connector Award which were miscalculated but still reflect no change in the actual burden. There were no

changes in the number of respondents and the Agency burden hours over the previous renewal cycle. The only change is that the cost estimates were updated using the May 2022 wage rates. This change is an adjustment.

Courtney Kerwin,

Director, Information Engagement Division.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0931; FR ID 222601]

Information Collection Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before June 28, 2024.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418-2918. To view a

copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to

minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees."

OMB Control Number: 3060–0931.
Title: Section 80.103, Digital Selective Calling (DSC) Operating Procedures—Maritime Mobile Identity (MMSI).
Form Number: N/A.
Type of Review: Extension of a currently approved collection.
Respondents: Individuals or households; business or other for-profit entities and Federal Government.
Number of Respondents and Responses: 40,000 respondents; 40,000 responses.

Estimated Time per Response: .25 hours.
Frequency of Response: On occasion reporting requirement and third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is in 47 U.S.C. 154, 303, 307(e), 309 and 332 of the Communications Act of 1934, as amended. The reporting requirement is contained in international agreements and ITU–R M.541.9.

Total Annual Burden: 10,000 hours.
Total Annual Cost: No cost.
Needs and Uses: The information collected is necessary to require owners of marine VHF radios with Digital Selective Calling (DSC) capability to register information such as the name, address, type of vessel with a private entity issuing marine mobile service

identities (MMSI). The information would be used by search and rescue personnel to identify vessels in distress and to select the proper rescue units and search methods.

The requirement to collect this information is contained in international agreements with the U.S. Coast Guard and private sector entities that issue MMSI's.

The information is used by private entities to maintain a database used to provide information about the vessel owner in distress using marine VHF radios with DSC capability. If the data were not collected, the U.S. Coast Guard would not have access to this information which would increase the time and effort needed to complete a search and rescue operation.

Federal Communications Commission.
