RIN 1625-AA00

Safety Zone; Corpus Christi Ship Channel, Corpus Christi, TX

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain navigable waters of the Corpus Christi Ship Channel. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by the removal of pipeline from the floor of the Corpus Christi Ship Channel near mile markers 55 and 56. DATES: This rule is effective from June 1, 2024, through June 30, 2024. It will be subject to enforcement each and every day, between the hours of 8 p.m. of one day to 6 a.m. of the next day.

I. Table of Abbreviations

CFR Code of Federal Regulations
COTP Captain of the Port, Sector Corpus Christi
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to 5 U.S.C. 553(b). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. This safety zone must be in place by June 1st to protect personnel, vessels, and the marine environment from potential hazards associated with removal of the pipelines and there is insufficient time between now and June 1st to provide notice of

a proposal to create these safety zones, consider comments received, and publish a final rule.

In addition, the Coast Guard finds that good cause also exists under 5 U.S.C. 553(d)(3) for making this rule effective less than 30 days after publication in the **Federal Register** because the safety zone must be in effect less than 30 days from now to serve their purpose and it would be contrary to the public interest to delay its effective date until after the hazardous activities begin.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The Captain of the Port, Sector Corpus Christi (COTP) has determined that hazards inherent in blocking the channel for pipeline removal activities necessitate provisions to protect personnel, vessels, and the marine environment while those activities are taking place. The activities giving rise to these hazards include the deployment of heavy equipment which will obstruct vessel traffic, continuous diving operations, and various other activities which create underwater hazards while people are working.

IV. Discussion of the Rule

This rule is subject to overnight enforcement, starting from 8 p.m. of the first day, to 6 a.m., of the next day, each and every day, from June 1st, 2024 through June 30, 2024. No vessel or person will be permitted to enter the temporary safety zones during the period in which the rule is subject to enforcement without obtaining permission from the COTP or a designated representative, who may be contacted on Channel 16 VHF-FM (156.8 MHz) or by telephone at 1-800-874-2143. The Coast Guard will issue Broadcast Notices to Mariners, Local Notices to Mariners, and/or Safety Marine Information Broadcasts as appropriate.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a

“significant regulatory action,” under Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the safety zones. The safety zones cover less than 0.5 square mile area of the Corpus Christi Ship Channel in Texas. The temporary safety zones will be subject to enforcement for a period of 9 consecutive hours, each day, from June 1st, 2024 through June 30, 2024. The rule does not completely prohibit vessel traffic within the waterway and it allows mariners to request permission to enter the zones.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the temporary safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The

Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial, direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f) and have determined that this action is one of a category of actions that do not

individually or cumulatively have a significant effect on the human environment. This rule involves establishment of a temporary safety zone for navigable waters in the Corpus Christi Bay. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by pipeline removal activities that may include deployment of heavy equipment which will obstruct vessel traffic, continuous diver's operations, and various other activities which create underwater hazards while people are working. It is categorically excluded from further review under paragraph L60(a), in Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

47 CFR Part 2

[WT Docket No. 19-348; DA 24-233; FRS 221855]

Facilitating Shared Use in the 3100-3550 MHz Band; Correction

AGENCY: Federal Communications Commission.

ACTION: Correcting amendment.

SUMMARY: The Federal Communications Commission published a document in the **Federal Register** of March 25, 2024, concerning a non-substantive, editorial revision made by the Wireless Telecommunication Bureau and the

Office of Engineering and Technology (WTB/OET) to the Table of Frequency Allocations in the Commission's Rules (table 22), which identifies coordinates for Department of Defense Cooperative Planning Areas (CPAs) and Periodic Use Areas (PUAs). WTB/OET deleted as redundant, the Norfolk, Virginia Cooperative Planning Area (Norfolk CPA) from the list of CPAs and PUA's in table 22, and renamed the Norfolk CPA, the Newport News-Norfolk CPA/PUA. This document deletes another redundant entry in table 22.

DATES: Effective May 31, 2024.

Thomas Reed, Wireless Telecommunications Bureau, Mobility Division, (202) 418-0531 or Thomas.reed@fcc.gov. For information regarding the PRA information collection requirements, contact Cathy Williams, Office of Managing Director, at 202-418-2918 or cathy.williams@fcc.gov.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of March 25, 2024, 89 FR 20548, WTB/OET attempted to make a non-substantive, editorial revision to § 2.106(c)(431), table 22, deleting the Norfolk CPA from the list of CPAs and PUAs and renaming the Newport News CPA/PUA as the "Newport News-Norfolk CPA/PUA." The document contained an incorrect instruction regarding the revision to table 22, and the amendments couldn't be incorporated. In the **Federal Register** of April 4, 2024, 89 FR 23527, the instruction was corrected, and the amendments incorporated into the CFR. This document removes as redundant the entry "Newport News *".
