We invite interested parties to comment on these preliminary results.

DATES: Applicable June 3, 2024.

SUPPLEMENTARY INFORMATION:

Background

On May 2, 2019, Commerce published in the **Federal Register** the antidumping duty order on welded pipe from Korea.¹ On May 2, 2023, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order*.² On July 12, 2023, in accordance with 19 CFR 351.221(c)(1)(i), Commerce initiated an administrative review of the *Order*.³ Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), on December 20, 2023, Commerce extended the deadline for the preliminary results of this review until May 30, 2024.⁴

⁴ See Memorandum, "Extension of Deadline for Preliminary Results of Antidumping Duty Administrative Review," dated December 20, 2023.

Scope of the Order

The product covered by the *Order* is welded pipe from Korea. For a full description of the scope, see the Preliminary Decision Memorandum.⁵

Methodology

Commerce is conducting this administrative review in accordance with section 751(a) of the Act. Constructed export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of topics included in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Rate for Non-Selected Companies

The statute and Commerce's regulations do not address the establishment of a weighted-average dumping margin to be determined for companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when determining the weighted-average dumping margin for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

Where the rates for the individually examined companies are all zero, *de*

⁵ See Memorandum, "Decision Memorandum for Preliminary Results of the Antidumping Duty Administrative Review of Large Diameter Welded Pipe from the Republic of Korea; 2022-2023," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

minimis, or determined entirely using facts available, section 735(c)(5)(B) of the Act instructs that Commerce "may use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated, including averaging the estimated weighted average dumping margins determined for the exporters and producers individually investigated." One such reasonable method is to weight average the zero and *de minimis* rates, and the rates determined entirely pursuant to facts available. In fact, the SAA states that this is the "expected" method in such circumstances.⁶

In this review, we have preliminarily calculated a weighted-average dumping margin for each of the mandatory respondents, Hyundai Steel Company (Hyundai Steel) and SeAH Steel Corporation (SeAH), that is zero percent. Accordingly, we preliminarily assign to the non-selected companies a dumping margin of zero percent consistent with section 735(c)(5)(B) of the Act.

Preliminary Results of the Review

We preliminarily determine that the following estimated weighted-average dumping margins exist for the period May 1, 2022, through April 30, 2023:

Exporter and/or producer	Weighted-average dumping margin (percent)
Hyundai Steel Company	0.00
SeAH Steel Corporation	0.00
Non-Examined Companies ⁷	0.00

who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁰ Case and rebuttal briefs should be filed using ACCESS.

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹¹ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹²

Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. An electronically filed hearing request must be received successfully in its entirety via ACCESS by 5 p.m. Eastern Time within 30 days after the date of publication of this notice.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), upon completion of the final results of this administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess,

antidumping duties on all appropriate entries of subject merchandise covered by this review.

If the weighted-average dumping margin for an individually examined respondent is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, Commerce intends to calculate an importer-specific *ad valorem* antidumping duty assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1).¹³ We intend to instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., 0.50 percent).

Where we do not have entered values for all U.S. sales to a particular importer (or customer), we will calculate a per-unit assessment rate by aggregating the antidumping duties due for all U.S. sales to that importer (or customer) and dividing this amount by the total quantity sold to that importer (or customer).¹⁴ To determine whether a per-unit assessment rate is *de minimis*, we will calculate estimated entered values.

If the weighted-average dumping margin for an individually examined respondent or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties.¹⁵ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁶

For entries of subject merchandise during the POR produced by each individually examined respondent for which it did not know that the merchandise was destined for the United States, we intend to instruct CBP to liquidate unreviewed entries at the all-others rate (i.e., 7.08 percent) established in the less-than-fair-value (LTFV) investigation¹⁷ if there is no rate

for the intermediate company involved in the transaction.¹⁸

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this administrative review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the *Federal Register* of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Hyundai Steel and SeAH will be equal to the weighed-average dumping margin established in the final results of this administrative review, except if the rate is less than 0.50 percent, and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific cash deposit rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, or a previous segment, but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period of the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 7.08 percent, the all-others rate established in the LTFV investigation.¹⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of the Review

Unless the deadline is extended, Commerce intends to issue the final results of this administrative review, including the results of our analysis of issues raised by interested parties in any case or rebuttal briefs, within 120 days

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: May 28, 2024.

Deputy Assistant Secretary for Policy and Negotiations, Performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
