

accordance with Executive Order No. 11145, 3 CFR 184 (1964–1965), as amended. The Committee reports to the President of the United States and advises the Director of the NPS with respect to the discharge of responsibilities for the preservation and interpretation of the museum aspects of the White House pursuant to the Act of September 22, 1961 (Pub. L. 87–286, 75 Stat. 586). The meeting is open to the public. Detailed minutes of the meeting will be available for public inspection within 90 days of the meeting.

Purpose of the Meeting: The agenda will include discussion of policy changes and review of potential acquisition items. If you plan to attend this meeting, you must register by close of business on Monday, June 24, 2024. Please contact the Executive Secretary (see **FOR FURTHER INFORMATION CONTACT**) to register. Space is limited and requests will be accommodated in the order they are received. The meeting will be open to the public, but subject to security clearance requirements. The Executive Secretary will contact you directly with the security clearance requirements. Inquiries may be made by calling the Executive Secretary between 9:00 a.m. and 4:00 p.m. weekdays at (202) 219–0322.

Written comments may be sent to the Executive Secretary, Committee for the Preservation of the White House (see **FOR FURTHER INFORMATION CONTACT**). All written comments received will be provided to the Committee.

Please make requests in advance for sign language interpreter services, assistive listening devices, language translation services or other reasonable accommodations at least seven (7) business days prior to the meeting to give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Public Disclosure of Comments: Before including your address, phone number, email address, or other personal identifying information in your written comments, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 5 U.S.C. ch. 10.

Alma Rippes,

Chief, Office of Policy.

BILLING CODE 4312–52–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2024–0029]

Notice of Availability of a Final Environmental Assessment for Commercial Wind Lease and Site Assessment Activities on the Atlantic Outer Continental Shelf of the Central Atlantic

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Ocean Energy Management (BOEM) announces the availability of a final environmental assessment (EA) and its finding that possible wind energy-related leasing, site assessment, and site characterization activities on the U.S. Atlantic Outer Continental Shelf (OCS) (the Proposed Action) will not significantly impact the human environment. The EA analyses the potential impacts of the Proposed Action and a No Action alternative. The EA will inform BOEM’s decision whether to issue leases on the OCS offshore the U.S. Central Atlantic coast and its subsequent review of site assessment plans in the lease areas.

ADDRESSES: The final EA and associated information are available on BOEM’s website at: <https://www.boem.gov/renewable-energy/state-activities/central-atlantic>.

FOR FURTHER INFORMATION CONTACT: Lorena Edenfield, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (907) 231–7679 or Lorena.Edenfield@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: The final EA analyzes the Proposed Action, which is to approve commercial wind energy leases in the Central Atlantic Wind Energy Areas (WEAs) and grant rights-of-way (ROWs) and rights-of-use and easement (RUEs). A BOEM-issued lease provides lessees the exclusive right to submit site assessment plans and construction and operations plans to BOEM for possible approval. A site assessment plan describes how the lessee will assess the physical characteristics of the lease area, which is a prerequisite to submitting a construction and operations plan. The EA considers the reasonably foreseeable environmental consequences associated with site characterization activities (geophysical, geotechnical, archaeological, and biological surveys) and site assessment activities (including

the installation and operation of meteorological buoys). BOEM prepared an EA for this proposed action in order to inform its planning and decision-making (40 CFR 1501.5(b)).

Alternative: In addition to the Proposed Action, BOEM considered a No Action Alternative. Under the No Action Alternative, BOEM would neither approve commercial wind energy leasing nor grant ROWs and RUEs in the Central Atlantic WEAs. BOEM’s preferred alternative is the Proposed Action.

Finding of no significant impact: After carefully considering the alternatives and comments from the public and cooperating and consulting agencies on the draft EA, BOEM finds that approval of commercial wind energy leasing and granting ROWs and RUEs in the lease area would not significantly impact the environment.

Availability of the final EA: The final EA and associated information are available on BOEM’s website at: <https://www.boem.gov/renewable-energy/state-activities/central-atlantic>.

Authority: 42 U.S.C. 4231 *et seq.* (National Environmental Policy Act, as amended) and 40 CFR 1506.6.

Karen Baker,

Chief, Office of Renewable Energy Programs, Bureau of Ocean Energy Management.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1343]

Certain Video Processing Devices and Components Thereof; Notice of Request for Submissions on the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that on May 29, 2024, the presiding administrative law judge (“ALJ”) issued an Initial Determination on Violation of Section 337. On May 29, 2024, the ALJ also issued a Recommended Determination on remedy and bonding should a violation be found in the above-captioned investigation. The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation. This notice is soliciting comments from the public and interested government agencies only.
