

Notice

Section 309(a) of the Clean Air Act requires that EPA make public its comments on EISs issued by other Federal agencies. EPA's comment letters on EISs are available at: <https://cdxapps.epa.gov/cdx-enepa-II/public/action/eis/search>.

EIS No. 20240106, Final, USAF, TX, T-7A Recapitalization at Laughlin Air Force Base, Texas, Review Period Ends: 07/22/2024, Contact: Chinling Chen 210-652-4400.

EIS No. 20240107, Final, APHIS, CA, California Wildlife Damage Management EIR-EIS, Review Period Ends: 07/22/2024, Contact: Jeffrey Flores 916-979-2675.

EIS No. 20240108, Final Supplement, BLM, CO, Proposed Resource Management Plan and Final Supplemental Environmental Impact Statement for Colorado River Valley Field Office and Grand Junction Field Office, Review Period Ends: 07/22/2024, Contact: Heather Sauls 970-878-3855.

EIS No. 20240109, Final, BLM, CA, Proposed Northwest California Integrated Resource Management Plan (NCIP), Review Period Ends: 07/22/2024, Contact: Chad Endicott 530-224-2140.

EIS No. 20240110, Draft, USFS, NAT, Land Management Plan Direction for Old-Growth Forest Conditions Across the National Forest System, Comment Period Ends: 09/20/2024, Contact: Jennifer McRae 202-791-8488.

EIS No. 20240111, Draft Supplement, FTA, MN, METRO Blue Line Light Rail Extension Project, Comment Period Ends: 08/05/2024, Contact: Anthony Greep 312-353-1645.

EIS No. 20240112, Draft, CHSRA, CA, Link Union Station Project Draft Environmental Impact Statement/Supplemental Environmental Impact Report, Comment Period Ends: 08/09/2024, Contact: Stefan Galvez-Abadia 916-324-1541.

Dated: June 17, 2024.

Nancy Abrams,

Associate Director, Office of Federal Activities.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0741; FR ID 227055]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning:

whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

DATES: Written PRA comments should be submitted on or before August 20, 2024. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION: The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

OMB Control Number: 3060-0741.

Title: Accelerating Wireline Broadband Deployment by Removing

Barriers to Infrastructure Investment, GN Docket No. 17-84.

Form Number(s): N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents and

Responses: 4,688 respondents; 471,548 responses.

Estimated Time per Response: 0.5-4.5 hours.

Frequency of Response: On occasion reporting requirements; recordkeeping and third-party disclosure requirements.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 222 and 251.

Total Annual Burden: 473,068 hours.

Total Annual Cost: No cost.

Needs and Uses: Section 251 of the Communications Act of 1934, as amended, 47 U.S.C. 251, is designed to accelerate private sector development and deployment of telecommunications technologies and services by spurring competition. Section 222(e) is also designed to spur competition by prescribing requirements for the sharing of subscriber list information. These information collection requirements are designed to help implement certain provisions of sections 222(e) and 251, and to eliminate operational barriers to competition in the telecommunications services market. Specifically, these information collection requirements will be used to implement (1) local exchange carriers' ("LECs") obligations to provide their competitors with dialing parity and non-discriminatory access to certain services and functionalities; (2) incumbent local exchange carriers' (ILECs) duty to make network information disclosures; and (3) numbering administration. In November 2017, the Commission adopted new rules concerning certain information collection requirements implemented under section 251(c)(5) of the Act, pertaining to network change disclosures. Most of the changes to those rules applied specifically to a certain subset of network change disclosures, namely notices of planned copper retirements. In addition, the changes removed a rule that prohibits incumbent LECs from engaging in useful advanced coordination with entities affected by network changes. In June 2018, the Commission revised its network change disclosure rules to (1) revise the types of network changes that trigger an incumbent LEC's public notice obligation, and (2) extend the force majeure provisions applicable to copper retirements to all types of network changes. The changes were

aimed at removing unnecessary regulatory barriers to the deployment of high-speed broadband networks.

Federal Communications Commission.

Katura Jackson,

Federal Register Liaison Officer.

SUPPLEMENTARY INFORMATION: The FCC may not conduct or sponsor a collection

of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

OMB Control Number: 3060–XXXX.

Title: Section 9.10(t), Interim 911

Requirements for Supplemental Coverage from Space.

Form Number: N/A.

Type of Review: New information collection.

Respondents: Business or other for-profit entities.

Number of Respondents and Responses: 59 respondents; 59 responses.

Estimated Time per Response: 49 hours.

Frequency of Response: One-time and annual reporting requirements.

Obligation to Respond: Mandatory. Statutory authority for this collection is contained in sections 1, 2, 4(i), 4(j), 4(o), 251(e), 303(b), 303(g), 303(r), 316, and 403 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 154(j), 154(o), 251(e), 303(b), 303(g), 303(r), 316, 403, and section 4 of the Wireless Communications and Public Safety Act of 1999, Public Law 106–81, sections 101 and 201 of the New and Emerging Technologies 911 Improvement Act of 2008, Public Law 110–283, and section 106 of the Twenty-First Century Communications and Video Accessibility Act of 2010, Public Law 111–260, as amended 47 U.S.C. 615a, 615a–1, 615b, 615c.

Total Annual Burden: 2,891 hours.

Total Annual Cost: No Cost.

Needs and Uses: In an effort to facilitate the process of terrestrial providers taking steps to ensure their subscribers' access to the 911 system in areas where they use SCS arrangements to expand coverage to their end-users and thus comply with the new *Interim 911 Requirements for Supplemental Coverage from Space* as established in Section 9.10(t), the Commission adopted certain information collection requirements for those CMRS providers.

Annual Reporting Requirement.

Under Section 9.10(t)(3), each CMRS provider that utilizes SCS arrangements to expand its coverage areas for providing service to its end-user subscribers must maintain records of all SCS 911 voice calls and SCS 911 text messages received on its network and received at its emergency call center. By October 15 of each year, each CMRS provider that utilizes SCS arrangements to expand its coverage areas for providing service to its end-user

subscribers must submit a report to the Commission regarding SCS 911 voice calls and 911 text messages, and its emergency call center data, current as of September 30 of that year. These reports must include, at a minimum: (i) The name and address of the CMRS provider, the address of that CMRS provider's emergency call center, and the contact information of the emergency call center; (ii) The aggregate number of SCS 911 voice calls and SCS 911 text messages received by the network of the CMRS provider that provides SCS service to its end-user subscribers during each month during the relevant reporting period; (iii) The aggregate number of SCS 911 voice calls and SCS 911 text messages received by the emergency call center each month during the relevant reporting period; (iv) The aggregate number of SCS 911 voice calls and SCS 911 text messages received by the emergency call center each month during the relevant reporting period that required forwarding to a PSAP and how many did not require forwarding to a PSAP; (v) The aggregate number of SCS 911 voice calls that were routed using location information that met the timeliness and accuracy thresholds defined in paragraphs (s)(3)(i)(A) and (B) of this section; (vi) The aggregate number of SCS 911 voice calls and SCS 911 text messages that were routed using location information that did not meet the timeliness and accuracy thresholds defined in paragraphs (s)(3)(i)(A) and (B) of this section; and (vii) an explanation of how the SCS deployment, including network architecture, systems, and procedures, will support routing SCS 911 voice calls and SCS 911 text messages to the geographically appropriate PSAP with sufficient location information in compliance with paragraph (t)(2) of this section. The Commission would use the data generated by this annual information collection to monitor CMRS provider compliance as well as analyze the growth and development of 911 system access for end-users.

One-Time Privacy Certification Requirement. Under Section 9.10(t)(4), CMRS providers that utilize SCS arrangements to expand their coverage areas for providing service to their end-user subscribers must certify on a one-time basis that neither they nor any third party they rely on to obtain location information or associated data used for compliance with paragraph (t)(2)(i) or (ii) will use such location information or associated data for any non-911 purpose, except with prior express consent or as otherwise
