

**POLICY JUSTIFICATION***Taipei Economic and Cultural Representative Office in the United States—Contract Logistics Support for Surveillance Radar Program (SRP)*

The Taipei Economic and Cultural Representative Office in the United States (TECRO) has requested to buy follow-on Contractor Logistics Support (CLS) for the Surveillance Radar Program (SRP); program management; minor modifications and upgrades; spares and repair/return parts; publications and technical documentation; and U.S. Government and contractor engineering, technical and logistics support services, studies and surveys, as well as other related elements of logistical and program support. The estimated total cost is \$665.4 million.

This proposed sale is consistent with U.S. law and policy as expressed in Public Law 96–8.

This proposed sale serves U.S. national, economic, and security interests by supporting the recipient's continuing efforts to modernize its armed forces and to maintain a credible defensive capability. The proposed sale will help improve the security of the recipient and assist in maintaining political stability, military balance, and economic progress in the region.

The proposed sale will improve the recipient's capability to meet current and future threats by ensuring continued operability of its Surveillance Radar Program (SRP), which provides improved situational awareness and threat warning capabilities critical to regional security. The recipient will have no difficulty absorbing these services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Technologies, Andover, MA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale may require assignment of U.S. contractors to recipient in support of the technical refresh actions during the sustainment contract. The number of contractors and duration of assignment will be determined during contract negotiations. It is anticipated that this sale will not require assignment of additional U.S. Government representatives.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

**BILLING CODE 6001–FR–P**

**DEPARTMENT OF DEFENSE****Department of the Army, Corps of Engineers**

[Permit No. NAN–2022–00776]

**Notice of Final Federal Agency Action on the Authorization for the Sunrise Wind Energy Project Offshore New York**

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of limitation on claims for judicial review of actions by the U.S. Army Corps of Engineers (USACE).

**SUMMARY:** USACE announces final agency action on the USACE authorization for the proposed construction and maintenance of the Sunrise Wind project offshore of Massachusetts, Rhode Island, and New York. USACE has issued a permit authorizing the construction and maintenance of the Sunrise Wind project under section 10 of the Rivers and Harbors Act of 1899 (RHA), section 404 of the Clean Water Act (CWA), and section 14 of the Rivers and Harbors Act of 1899. The Sunrise Wind project is a “covered project” under title 41 of the Fixing America's Surface Transportation Act.

**DATES:** A claim seeking judicial review of the USACE authorization of construction and maintenance of the Sunrise Wind project will be barred unless the claim is filed not later than two years after this notice's publication date. If the Federal law that allows for judicial review of the USACE authorization specifies a shorter time period for filing such a claim, then that shorter time period will apply.

**FOR FURTHER INFORMATION CONTACT:** Mr. Christopher Minck, Regulatory Project Manager, Regulatory Branch, USACE, New York District, 26 Federal Plaza, New York, New York 10278, (917) 790–8511 or [cenan.publicnotice@usace.army.mil](mailto:cenan.publicnotice@usace.army.mil).

**SUPPLEMENTARY INFORMATION:** Notice is hereby given that USACE has taken final agency action on its authorization for the proposed Sunrise Wind project by issuing a permit authorizing construction and maintenance of the project under section 10 of the RHA, section 404 of the CWA, and section 14 of the Rivers and Harbors Act of 1899. The majority of the authorized work will occur in the Atlantic Ocean within Bureau of Ocean Energy Management (BOEM) Renewable Energy Lease Area OCS–0487, which is approximately 18.9 miles south of Martha's Vineyard, Massachusetts, approximately 30.5

miles east of Montauk, New York, and approximately 16.7 miles from Block Island, Rhode Island.

The work authorized under the USACE permit includes the following: (1) installation of up to eighty-four (84) wind turbine generators (WTGs) and one (1) offshore converter substation (OCS–DC) with associated scour protection, (2) installation of approximately 180 nautical miles of inter-array cables connecting the WTGs and the OCS–DC with associated secondary cable protection, (3) installation of up to 2 export transmission cables with associated secondary cable protection within an approximately 104.6 mile long offshore export cable corridor extending from the lease area to the cable landfall location at the Smith Point County Park on Fire Island in Town of Brookhaven, Suffolk County, New York, (4) an approximately 17.5 mile onshore export cable route from Smith Point County Park to the Holbrook Substation in the Town of Brookhaven, NY including two submarine cable crossings, and (5) construction of a temporary fixed pier on the Intracoastal Waterway.

The USACE's decision to issue a permit for the Sunrise Wind project, and the laws under which the action was taken, are described in the Sunrise Wind Final Environmental Impact Statement (FEIS) published by BOEM on December 15, 2023, in the BOEM Record of Decision (ROD) issued on March 26, 2024, and in other project records including USACE's ROD dated May 20, 2024. The BOEM FEIS, ROD, and other documents can be viewed and downloaded from the BOEM project website at <https://www.boem.gov/renewable-energy/state-activities/sunrise-wind>. The USACE permit and ROD can be viewed and downloaded from the USACE website at <https://www.nan.usace.army.mil/Missions/Regulatory/Commonly-Requested-Issued-Permits-and-Nationwide-Permit-Verifications/>. By this notice, USACE is advising the public of final agency action subject to 42 U.S.C. 4370m–6(a)(1)(A).

*Authority:* 42 U.S.C. 4370m–6(a)(1)(A).
